INTRODUCTION

The FY-2004 "Forecast of Contracting Opportunities" is divided loosely into five categories:

1. ADP Equipment and ADP Services Contracts (i.e. Information Technology or IT equipment and IT services contracts.)
2. Construction Contracts
3. Non-Professional Services Contracts (such as guard services, parking services, or courier services, etc.)
4. Professional Services Contracts
5. Supply Contracts

The projected awards may be in any of our eight (7) bureaus, so a listing of the bureau abbreviations has been placed at the back of this publication. [See Section 6 page 73]

The bureau designation is found in the last column on the right, under activity. Additionally, a listing of the various Bureau contracting personnel has been provided, together with their office phone numbers. [See Section 7 page 75]

You will notice that most of the anticipated construction awards take place in the Bureau of Prisons. Since there are more than 80 existing and anticipated Federal prisons, you should phone the Bureau of Prisons Headquarters at 202/616-6150 and request an up-to-date listing of the prison addresses and phone numbers for the institutions from which you seek opportunities.

If you have questions about anything in this Forecast, please contact the Office of Small and Disadvantaged Business Utilization on 202/616-0521 or 1-800-345-3712.

The forecast uses the following procurement terms:

Competition (Comp) – exists when offers are solicited and it is anticipated that there are two or more responsible and responsive offerors. Y in this column means the existing contract or planned solicitation was, or will be competed.

Set-Aside – is reserving an acquisition exclusively for participation by an identified category of business organizations.

SIC Code – STANDARD INDUSTRIAL CLASSIFICATION CODES
As designated by the Office of Management and Budget for the Federal Procurement Data System.
