Subject: Food Chain

My wife and I saw Food, Inc. and were appalled by the overuse of antibiotics in our beef, chicken and pork; also the crowded conditions and horrible sanitation. Also we were unaware of the prevalent use of corn to feed these animals, to the detriment of the nation's diet and nutrition. We have chosen to buy our meat and poultry products through Trader Joe's or directly from farmers who grow grass-fed beef and do not use antibiotics. I hope that you thoroughly investigate these practices to ensure a safe and healthy food chain.

Thank you,

Ken Kuchar
