UNITED STATES V. ARTHUR TOLL
CRIMINAL NO. 98-603

The attached is a list of claim numbers, the amount of loss, and the “distribution ratio” you are entitled to when all restitution funds have been collected. “Distribution ratio” is the mathematical result of each claimant’s Recognized Loss divided by the total Recognized Losses of all Payable Claims. Each claimant’s share of the restitution funds will be determined by multiplying their Distribution Ratio times the net restitution funds available at distribution. To protect your privacy, only the claim number is listed. If you do not know your claim number, please contact Rosalie Baldassarre, Victim-Witness Specialist at 215-861-8525 or at *rosalie.baldassarre@usdoj.gov.*

CLMNUM	RECLOSS	DISTRATIO
