Subject: D.O.J. proposed E-Book Settlement....

Dear Mr. Read,

A vibrant, **competitive** book market is vital to the literary culture of the United States. I do not think it's in the public interest for government to assist Amazon in using e-books to target our traditional brick-and-mortar bookstores. I sincerely hope you will keep that thought in mind as you deliberate a proposal to bring this settlement to resolution.

Sincerely....Doug Buchs
