Subject: Stop the Jeff Bezos-Amazon Mass Rape of Authors, Independent Book
Stores, Publishers & Freedom!

Let's bring to bear all our strength to keep Jeff Bezos from any further
tyrannizing of the market for books across America. Let's call a halt to
this selfish brutalizer's campaign to destroy independent book stores. To
continue to breathe the fresh air of freedom we must
-- we MUST -- prevent Bezos from his any further drinking the life-blood
of authors.

He has been having far too multidirectional a freewheeling mass-rape job
for far too long.

STOP BEZOS -- NOW!
