#### Mission:

The mission of the Antitrust Division is to promote economic competition through enforcing and providing guidance on antitrust laws and principles.

#### Organization:

The Antitrust Division is headed by an Assistant Attorney General (AAG), who is appointed by the President and confirmed by the Senate. The AAG is assisted by five Deputy Assistant Attorneys General, including career and non-career employees. ATR has seven field offices that primarily handle criminal matters and serve as liaisons to the U.S. Attorneys, state attorneys general, and other law enforcement agencies.

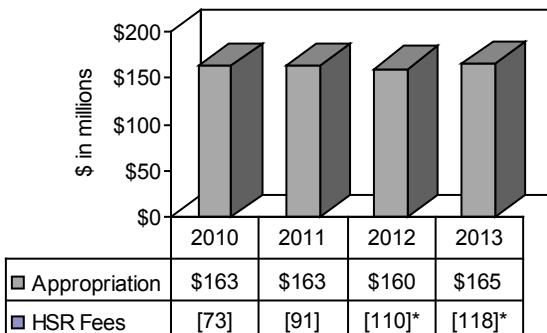

#### Resources:

The FY 2013 budget request for ATR totals \$164.8 million, which is a 3.2% increase over the FY 2012 Enacted. Typically, over 75 percent of ATR's funding is derived from Hart-Scott-Rodino (HSR) premerger filing fees paid by companies planning to merge. In conjunction with estimates calculated by the Congressional Budget Office and the Federal Trade Commission, HSR fee collections of \$235 million for FY 2013 are expected. The filing fee revenue is divided evenly between the Antitrust Division and the Federal Trade Commission.

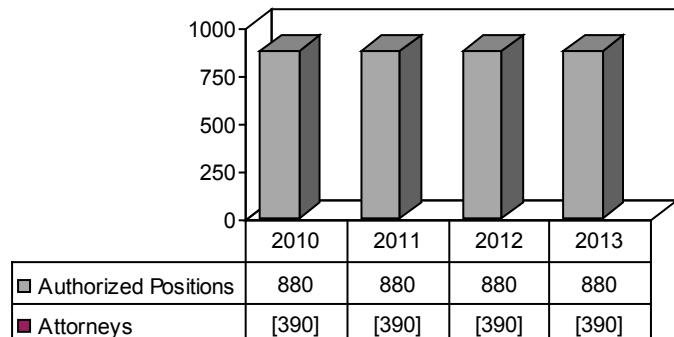

#### Personnel:

The ATR's direct authorized positions for FY 2013 total 880 positions and is the same as FY 2012 Enacted.

### **FY 2013 Strategy:**

As the Federal Government implements programs aimed at restoring a healthy economy, ATR will continue work in essential areas in American and increasingly global markets to ensure that American consumers and businesses are left with a vibrant and appropriately competitive marketplace.

Together with pre-merger filing fees, ATR's on-going history of obtaining criminal fines consistently brings in significantly more funds to the Treasury than the Division expends each fiscal year. From FY 2009 through FY 2011, the Division obtained just over \$2 billion in criminal fines against antitrust violators, which are deposited into the Department's Crime Victims Fund. Since FY 2000, the Division has obtained more than \$5.3 billion in criminal fines and \$1 billion in pre-merger filing fees.

Areas in which ATR continues to focus its efforts include America's financial systems; financial fraud and related investigations in the municipal bond market and real estate foreclosure auctions; intellectual property; transportation systems, including domestic and international airline alliances and automobile manufacturing; and technology-related industries including hardware manufacturing and software applications. These areas and initiatives are in addition to business combinations and alliances that are being and will be proposed by American companies as they seek to remain solvent and profitable during challenging economic times.

### **FY 2013 Program Changes:**

#### **Program Offset - IT Savings:** -\$404,000 and 0 positions

This offset represents savings that will be generated through greater inter-component collaboration in IT contracting. Funds will be redirected to support the Department's Cyber-security and IT transformation efforts as well as other high priority requests.
