OVW STOP Violence Against Women Formula Grant Program (CFDA 16.588)

A. Program Description

Overview

The Office on Violence Against Women (OVW) is a component of the United States Department of Justice (DOJ). Created in 1995, OVW implements the Violence Against Women Act (VAWA) and subsequent legislation and provides national leadership on issues of sexual assault, domestic violence, dating violence, and stalking. Since its inception, OVW has supported a multifaceted approach to responding to these crimes through implementation of grant programs authorized by VAWA. By forging state, local and tribal partnerships among police, prosecutors, judges, victim advocates, health care providers, faith leaders and others, OVW grants help provide victims with the protection and services they need to pursue safe and healthy lives, while improving communities' capacity to hold offenders accountable for their crimes.

About the OVW STOP Violence Against Women Formula Grant Program

This solicitation provides program and application guidelines for Fiscal Year 2015 Services*Training*Officers*Prosecutors (STOP) Violence Against Women Formula Grant Program (STOP Formula Grant Program) funding, including guidelines for complying with requirements of the Violence Against Women Act (VAWA), as amended. By statute, the STOP Formula Grant Program supports communities in their efforts to develop and strengthen effective law enforcement and prosecution strategies to combat violent crimes against women, including the crimes of domestic violence, dating violence, sexual assault and stalking and to develop and strengthen victim services in cases involving these crimes.

For additional information on the STOP Formula Grant Program, including what past STOP Formula Grant Program grantees have accomplished with their grant funds and to view the STOP Formula Grant Program performance measures, see <http://muskie.usm.maine.edu/vawamei/stopformulamain.htm>.

Program Scope

Activities supported by the STOP Formula Grant Program are determined by statute, federal regulations, and OVW policies. If an applicant receives an award, the funded project is bound by the provisions of this solicitation, the Financial Guide, any updates to the Financial Guide, and the conditions of the recipient's award.

Purpose Areas

STOP Formula Program funds are intended for use by states and territories; state, local, and tribal courts (including juvenile courts); Indian tribal governments; units of local government; and victim service providers, including culturally- and population-specific organizations. Grants and subgrants supported through this Program **must** meet one or more of the program's statutory purpose areas provided below.¹ Changes and new purposes areas from VAWA 2013 are highlighted in bold below.

As such, states and territories are responsible for ensuring that each subgrantee receiving funds under this purpose area will receive the required annual training. States and territories **must** notify and provide OVW with a list of subgrantee recipients awarded STOP funds under the Crystal Judson Domestic Violence Protocol Program.

Prison Rape Elimination Act

Under the Prison Rape Elimination Act (PREA), states and territories will be required to submit, by May 15, 2015, either a certification that the state/territory is in compliance with the PREA Standards (<http://www.prearesourcecenter.org/sites/default/files/library/2012-12427.pdf>) or an assurance that the state will use five percent of covered funds to come into compliance with the PREA Standards. For purposes of the STOP Formula Program, “covered funds” is 95 percent of the STOP award, because the court money is excluded. OVW will provide a form for you to document the use of the funds set aside under the assurance.

Mandatory Program Requirements

Implementation Plan

As a result of changes in VAWA 2013, implementation plans are now due with the application. All states submitted three-year plans in 2014. For 2015 and 2016, plan updates will be required. An applicant that fails to include the required plan updates with its application will not have access to any funding, including administrative funds, until its plan update is submitted to and approved by OVW.

OVW Priority Areas

The emphasis of the STOP Formula Grant Program continues to be on the implementation of comprehensive strategies addressing violence against women that are sensitive to the immediate and long-term needs and safety of victims and hold offenders accountable for their crimes. States and territories should seek to carry out these strategies by forging lasting partnerships between

victim service providers and the criminal justice system, and by encouraging communities to look beyond traditional resources. States and territories should also look to new partners, including culturally- and population-specific organizations, to respond vigorously to sexual assault, domestic violence, dating violence, and stalking crimes.

In shaping their strategies for FY 2015, OVW encourages states and territories to develop and support projects that:

1. Support and retain core services for victims of sexual and domestic violence, particularly support for rape crisis centers and domestic violence shelters;
2. Increase support for sexual assault, including services, law enforcement response and prosecution;
3. Increase support for underserved populations, particularly communities of color, in a culturally appropriate manner, with a special emphasis on African-American, tribal and LGBT communities;
4. Increase the use of promising or evidence-building practices, where available;
5. Provide culturally-specific services and training to underserved communities based on factors such as race, ethnicity, language, sexual orientation, or gender identity;
6. Provide basic and advanced training to tribal law enforcement and tribal courts regarding services for victims in tribal communities;
7. Provide comprehensive training to victim services, law enforcement, prosecution, and court personnel on sexual assault, to support increased reporting, arrest and successful prosecution of perpetrators;
8. Support Full Faith and Credit training for tribes, states and territories;
9. Implement evidence-based risk/danger assessments to identify and prioritize victims who are considered to be in relationships with a high risk of lethality.

B. Federal Award Information

Award Information

Applicants that receive an award are bound by statute, federal regulations, the provisions of this solicitation, the Financial Guide, any updates to the Financial Guide, and any conditions of the recipient's award.

Availability of Funds

All awards are subject to the availability of appropriated funds and any modifications or additional requirements that may be imposed by law. There is no guarantee that funds will be available in the future. Therefore, OVW encourages applicants to develop a plan to sustain project activities if federal funding through the STOP Formula Grant Program is no longer available.

Award Period

The grant award period is 24 months.

Award Amounts

By statute, of the amount appropriated for the STOP Formula Grant Program OVW will award a base amount **\$600,000** to each state and territory. Funds remaining after the allocated base amount will be distributed among the states and territories according to population. The most accurate and complete data compiled by the United States Bureau of the Census are used to determine the populations.

OVW will make 56 awards. The STOP Formula Grant Program typically makes awards varying in range to each state and territory based on the formula described above. Awards will be made as grants.

C. Eligibility Information

Eligible Applicants

It is very important that applicants review this information carefully. Applications that are submitted by ineligible entities will not be considered for funding.

Eligible Entities

Eligible entities for this program are:

1. Any state of the United States;
2. the District of Columbia; and,
3. the Commonwealth of Puerto Rico, the United States Virgin Islands, American Samoa, Guam, and the Commonwealth of the Northern Mariana Islands.

Program Eligibility Requirements

In addition to meeting the eligible entity requirements outlined above, applications for the OVW STOP Formula Grant Program must also meet the requirement(s) below. All certification and other eligibility related documents must be current and developed in accordance with the FY 2015 solicitation.

Cost Sharing or Match Requirements

Required Match

There is a 25 percent match requirement imposed on grant funds under this program. A grant made under this program may not cover more than 75 percent of the total costs of the project being funded. Subgrants to victim service providers for victim services can be excluded from the total costs. For a subgrant to qualify under this exclusion, the recipient must be an organization that is recognized by the IRS under section 501(c)(3) of title 26 (unless it is a tribal governmental organization or a governmental rape crisis center not in a territory). The applicant must identify the source of the 25 percent non-Federal portion of the budget and how match funds will be used. Applicants may satisfy the required match with either cash or in-kind services.

In addition, victim service providers and tribes cannot be required to provide match. Such victim service providers must have IRS 501(c)(3) status (unless they are tribal governmental organizations or governmental rape crisis centers not in territories).

For more information, please contact your OVW Program Manager or consult OVW's [Frequently Asked Questions](#) for STOP Formula Grants.

The following provisions apply to match requirements:

1. The state may satisfy the match requirement with either cash (e.g., funds contributed from private sources or state and local governments) or in-kind services (e.g., services or goods donated by the applicant organization or other entities).
2. Funds from other federal sources may not be used to meet the match requirement. A state may use its discretion to require some or all of its subgrantees (except victim service providers and Indian tribal governments) to meet the match requirement, in whole or in part. OVW encourages states to consider the ability of subgrantees to meet match requirements when deciding whether and how much of the match to pass on; however, the state remains responsible for satisfying the match requirement.
3. Funds or in-kind resources used as match must be directly related to the project goals and objectives.
4. Grantees or subgrantees must maintain records which clearly show the source, the amount, and the timing of all matching contributions.
5. Sources of match are restricted to the same requirements as funds allocated under the STOP Formula Grant Program and must be documented in the same manner as STOP Formula Grant Program funds, including financial and programmatic reports.
6. The state must provide match for its administrative expenses.

Grantees are advised that further guidance on the calculation, documentation and auditing of the match requirement can be found in the Financial Guide and on OVW's website. For more information and ideas regarding match, please see the [Match Requirement for STOP Formula Grants](#) on OVW's website.

Other

Certification of Eligibility

STOP Certification Requirements

To be eligible for funds, states and territories **must** certify that they are in compliance with the statutory eligibility requirements of the Program. The [Certification of Compliance with the Statutory Eligibility Requirements of the Violence Against Women Act](#) (as Amended) form must be signed and submitted annually by the Authorized Representative to demonstrate compliance with these requirements. (This form can also be found in the [Appendix A](#).)

STOP Formula Grant Program applicants must also provide a brief description of the status of their compliance with the statutory requirements and submit copies of any legislative or administrative rule changes regarding these requirements that have occurred since submission of the state or territory's last application for STOP funds. This information may be included in the implementation plan, discussed in "[Implementation Plan](#)." Please note, some of the certifications have changed due to the Violence Against Women Reauthorization Act of 2013 (VAWA 2013). Changes are highlighted in bold.

1. With respect to the VAWA requirement concerning costs for criminal charges and protection orders, a state or territory must certify: that its laws, policies, and practices do not require, in connection with the prosecution of any misdemeanor or felony domestic violence, **dating violence, sexual assault, or stalking** offense, or in connection with the filing, issuance, registration, **modification, enforcement, dismissal, withdrawal**, or service of a protection order, or a petition for a protection order, to protect a victim of

domestic violence, **dating violence**, stalking, or sexual assault, that the victim bear the costs associated with the filing of criminal charges against the offender, or the costs associated with the filing, issuance, registration, **modification, dismissal, withdrawal**, or service of a warrant, protection order, petition for a protection order, or witness subpoena, whether issued inside or outside the state, tribal, or local jurisdiction.

If a state or territory is not in compliance with the amendments to this certification, it will have until the end of the next session of the state or territorial legislature from October 1, 2013. In this case, the applicant should include information in the implementation plan on the specific areas of noncompliance and progress in addressing them.

2. With respect to the VAWA requirement concerning forensic medical examination payment for victims of sexual assault, a state or territory must certify that:
 - A. the state or territory or another governmental entity incurs the full out-of-pocket cost of forensic medical exams for victims of sexual assault;
 - B. the state or territory coordinates with health care providers in the region to notify victims of sexual assault of the availability of rape exams at no cost to victims; and,**
 - C. it will not require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.

Note: STOP funds may be used to pay for forensic medical exams performed by trained examiners for victims of sexual assault, except that such funds may not be used to pay for forensic medical exams if victims of sexual assault are required to seek reimbursement for such exams from their insurance carriers.

Note: Due to changes in VAWA 2013, states can no longer reimburse victims for the costs of the exams, but must make the exam available free of charge to the victim. This includes any deductibles or copayments for states that require victims to submit the charges to their insurance carriers.

States and territories have until March 7, 2016 to come into compliance with changes to this provision in VAWA 2013. If the state or territory is not compliant, it should include information in the implementation plan updates on the specific areas of noncompliance and progress in addressing them.

3. With respect to the VAWA requirement concerning judicial notification, a state or territory must certify:
 - A. that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 922(g)(8) and (g)(9) of Title 18 of the United States Code, and any applicable related federal, state, or local laws.
4. With respect to the VAWA requirement prohibiting polygraph testing, a state or territory must certify that:
 - A. its laws, policies, or practices ensure that no law enforcement officer, prosecuting officer or other government official shall ask or require an adult, youth, or child victim of an alleged sex offense as defined under federal, tribal, state, territorial, or

local law to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense, and

- B. the refusal of a victim to submit to a polygraph examination or other truth telling device shall not prevent the investigation, charging, or prosecution of an alleged sex offense.

For more information on these statutory requirements, please contact your OVW Program Manager or consult OVW's [Frequently Asked Questions](#) for STOP Formula Grants.

Delivery of Legal Assistance

Any grantee or subgrantee providing legal assistance with funds awarded under this program shall certify in writing that:

1. any person providing legal assistance with funds through this program
 - A. has demonstrated expertise in providing legal assistance to victims of domestic violence, dating violence, sexual assault, or stalking in the targeted population; or
 - B.
 - i. is partnered with an entity or person that has demonstrated expertise described in subparagraph (A); and
 - ii. has completed, or will complete, training in connection with domestic violence, dating violence, sexual assault or stalking and related legal issues, including training on evidence-based risk factors for domestic and dating violence homicide;
2. any training program conducted in satisfaction of the requirement of paragraph (1) has been or will be developed with input from and in collaboration with a tribal, state, territorial, or local domestic violence, dating violence, sexual assault or stalking victim service provider or coalition, as well as appropriate tribal, state, territorial, and local law enforcement officials;
3. any person or organization providing legal assistance with funds through this program has informed and will continue to inform state, local, or tribal domestic violence, dating violence, sexual assault or stalking programs and coalitions, as well as appropriate state and local law enforcement officials of their work; and
4. the grantee's organizational policies do not require mediation or counseling involving offenders and victims physically together, in cases where sexual assault, domestic violence, dating violence, or child sexual abuse is an issue.

This certification shall take the form of a letter, on letterhead, signed and dated by the authorizing official. States are responsible for ensuring that subgrantees meet the requirement. States should not award funds for legal assistance to any subgrantee that has not submitted a sufficient letter.

For a sample letter, see <http://www.ovw.usdoj.gov/docs/sample-cert-letter.pdf>.

Implementation Plan

In FY 2014, all States and Territories should have submitted a new implementation plan covering a three year period. In the subsequent years (FY 2015 and 2016), states and territories will submit updates to their plans, as described above in #2 Implementation Plan Updates. Please see the [STOP Formula Implementation Plan Checklist](#) for a checklist of the statutorily required elements of the implementation plan.

Note: If grantees submit revised implementation plans, they must develop those plans through deliberative consultation and coordination with the full list of entities required for implementation plan consultation: domestic violence and sexual assault coalitions (or dual), law enforcement, prosecution, state and local courts, state and federally recognized tribes, representatives from underserved populations, including culturally specific populations, victim service providers, and population specific organizations. States and Territories must demonstrate through the plan that they have consulted and coordinated in a meaningful way with this full list of entities.

Note: If a state chooses to submit a completely new plan for 2015, it should be for two years: 2015 and 2016, so that the state remains on the OVW three year schedule for a new plan in 2017.

Certification of Compliance with the Statutory Eligibility Requirements of the Violence Against Women Act as Amended, STOP Formula Grant Program

See [Appendix](#) for the complete certification form.

Legal Assistance for Victims Certification Letter

See "[Delivery of Legal Assistance](#)" and sample letter at <http://www.ovw.usdoj.gov/docs/sample-cert-letter.pdf>.]

Letter of Support Regarding Grant Funds

Applicants must submit four separate and distinct letters to OVW regarding grant funds. At least one letter must be submitted from each of the following areas: (1) prosecution, (2) law enforcement, (3) courts, and (4) victim services programs, each letter demonstrating the need for the grant funds for the particular constituency, intended use of grant funds, expected results from the use of the grant funds, and demographic characteristics of the populations to be served,

including age, marital status, disability, race, ethnicity, and language background. This documentation may be in the form of letters from current grantees or State or territory-wide organizations representing prosecution, law enforcement, courts and victims services able to comment on the current and proposed use of grant funds.

Additional Required Information

The following documents should be included with your submission. Failure to include any of the information may result in the inability to access funds.

Confidentiality Notice Form

All applicants are required to acknowledge that they have received notice that grantees and subgrantees must comply with the confidentiality and privacy requirements of the Violence Against Women Act, as amended. The [Acknowledgement of Notice of Statutory Requirement to Comply with the Confidentiality and Privacy Provisions of the Violence Against Women Act, as Amended](#) form is available on the OVW website and must be signed by the authorized representative and uploaded to the application on [GMS](#).

Application for Federal Assistance (SF-424)

Applicants must complete the SF-424 online. In block 7 (Type of Applicant), please do not select "Other." Please pay careful attention to the amount of federal funding requested in box 15 of this form. This amount must match the amount of federal funding requested in the budget section of the application package. Only include values in box 16 ("Recipient") if the program solicitation requires a match. The individual who is listed in box 18 must be the AOR for the applicant agency. The AOR is an individual who has the authority to apply for and accept grant awards on behalf of the organization or jurisdiction.

Standard Assurances and Certifications Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug-Free Workplace Requirements (Form 4061/6)

Please carefully review the assurances and certification forms online. These forms will be completed online at a later time during the application process. All applicants must complete the *Disclosure of Lobbying Activities* (SF-LLL) form. Applicants that expend any funds for lobbying activities must provide the detailed information requested on the form. Applicants that do not expend any funds for lobbying activities should enter "N/A" in the required highlighted fields.

Letter of Nonsupplanting

Applicants must submit a letter to OVW's Director, signed by the AOR, certifying that federal funds will not be used to supplant state or local funds should a grant award be made. Please refer to http://www.ovw.usdoj.gov/docs/nonsup_letter.pdf for a sample letter. This should be a separate attachment to the application in [GMS](#).

Indirect Cost Rate Agreement (if applicable)

Applicants that intend to charge indirect costs through the use of an indirect cost rate must have a Federally-approved indirect cost agreement. Please include a copy of a current, signed Federally-approved indirect cost rate agreement. This should be a separate attachment to the application in [GMS](#).

Non-federal entities, other than State and local governments and Indian tribes that have never received a Federally-approved indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-federal entity chooses to negotiate for a rate.

Organizations that wish to negotiate an indirect cost rate may contact OVW's Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 for more information. States must accept a Federally approved indirect cost agreement or de minimis rate.

Indirect Costs

Applicants that have current, federally-approved, indirect cost rates may seek to claim indirect costs and must submit a copy of their current Federally-approved indirect cost rate agreement with the application. Applicants may choose to waive indirect costs. Non-federal entities, other than State and local governments and Indian tribes, which have never received a Federally-approved indirect cost rate, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely.

Applicant Registration Requirements

It is very important that all applicants read this section carefully. Applicants are responsible for ensuring that all registration requirements are met in a timely manner. Federal guidelines require that applicant organizations must (1) be registered in SAM prior to submitting an application; (2) provide a valid DUNS number in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application under consideration by a Federal awarding agency.

Federal agencies may not make an award to an applicant until that applicant has complied with all applicable DUNS and SAM requirements. If an applicant has not fully complied with the requirements by the time that OVW is ready to make an award, then OVW may make the determination that the applicant is not qualified to receive an award and use that determination as Applicants must be registered and current with the SAM registration and with [GMS](#) prior to submitting an application.

Registration

Applicants must follow the registration process outlined below. **There is no fee associated with the registration process. Additionally, the registration process cannot be expedited.** OVW strongly discourages applicants from paying a third party to register on their behalf in an attempt to expedite the registration process. To ensure all applicants have ample time to complete the registration process, applicants must obtain a Data Universal Number System (DUNS) Number, register online with the System for Award Management (SAM) and with [GMS](#) immediately, but no later than **April 23, 2015**. **Failure to begin the registration process in sufficient time may result in a delay in an applicant's ability to submit their application and there a delay in receiving funding. It is important that applicants do not wait until the day of the application deadline to begin the registration or submission processes.**

Dun and Bradstreet Universal Numbering System (DUNS) Number and System for Award Management (SAM)

Applicants for federal grants and cooperative agreements are required to have a Data Universal Number System (DUNS) Number to submit an application. A DUNS Number is a unique nine-character identification number provided by the commercial company Dun & Bradstreet (D&B). Once you have completed the D&B registration, your DUNS Number should be available the next business day. Applicants should ensure that the DUNS number for the application is for an organization that is eligible to apply for the grant program. Also, only the organization that is registered in SAM may use that DUNS number to submit an application.

In Fiscal Year (FY) 2012, the System for Award Management (SAM) replaced the Central Contractor Registration (CCR) as the government-wide registry for vendors doing business with the federal government. **All applicants must register with SAM and renew their registration annually.** The SAM centralizes information about grant recipients and also provides a central location for grant recipients to change organizational information.

Applicants must be **registered and current** with the SAM registration and with [GMS](#) prior to submitting an application. Applicants should begin the process immediately to meet the [GMS](#) registration deadline, especially if this is the first time using these systems. It is strongly recommended that applicants begin the registration process no later than **April 23, 2015** in order to ensure that the registration process is completed and any difficulties are resolved well in advance of the application deadline. For more information on the process of registering with SAM and [GMS](#), please see the "[System for Award Management \(SAM\)](#)" section below.

System for Award Management (SAM)

Applicants for all federal grants are required to register with the System for Award Management (SAM). If the applying organization already has an Employer Identification Number (EIN), the SAM registration will take **up to two weeks to process**. If the applying organization does not have an EIN, then **the applicant should allow two to five weeks for obtaining the information from IRS when requesting the EIN via phone, fax, mail or Internet**. Follow the steps listed below to register in the SAM:

Step 1: Obtain a DUNS number at the following website <http://www.dnb.com/us/> or call (866) 705-5711.

Step 2: Access the SAM online registration through the SAM homepage at <https://www.sam.gov/> and follow the online instructions for new SAM users.

Step 3: Complete and submit the online registration. If the applying organization already has the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of the business or organization. **Please note that organizations must update or renew their SAM registration at least once a year to maintain an active status. (Applicants formerly used the Central Contractor Registration (CCR) database).**

Grants Management System

Applicants are required to submit applications through the Office of Justice Programs' [Grants Management System](#) (GMS). This is not Grants.gov. In order to apply for a grant through GMS, go to <https://grants.ojp.usdoj.gov/> and either sign in using the applicant's current GMS ID and password or register as a new user. Once the applicant has logged into GMS, they should select the program for which they intend to apply and follow the instructions. Training materials are available on the main GMS homepage.

Submission Dates and Times

Application

All applications will be submitted electronically. The deadline for submitting applications in response to this solicitation is **11:59 p.m. E.T. on May 7, 2015. Applications submitted after 11:59 p.m. E.T. on May 7, 2015 may experience a delay in receiving funding.** Applicants experiencing difficulties submitting an application should refer to the [Experiencing Unforeseeable Technical Issues](#) section of this solicitation.

It is important that applicants do not wait until the day of the application deadline to begin the application submission process. To ensure a timely application submission, OVW strongly encourages applicants to submit their applications at least 48, but no less than 24, hours before the deadline.

OVW Policy on Duplicate Applications

If an applicant submits multiple versions of an application, OVW will review the most recent version submitted.

Experiencing Unforeseeable Technical Issues

As previously stated, applicants should begin the **registration process** immediately, but no less than **April 23, 2015**. Furthermore, the applicant should begin the **application submission process 48**, but no less than 24, hours prior to the application deadline. This will allow for sufficient time for the applicant to contact the appropriate individuals and take corrective action, as outlined in this solicitation, should unforeseeable technical issues arise. If technical difficulties are experienced at any point during the application process, the applicant must contact OVW GMS Support at 1-866-655-4482, Monday through Friday, 9:00 a.m. to 5:00 p.m. E.T.

If an applicant experiences unforeseeable technical issues that prevent submission of an application by the deadline, the applicant must take the following actions:

1. contact the **STOP Formula Grant Program** at **(202) 305-2381** or at Omar.Mohammed@usdoj.gov prior to the application deadline stating that they are experiencing unforeseeable technical issues and provide a phone number and/or email address where the applicant can be reached; and
2. contact the technical support number above prior to the application submission deadline.

OVW Policy on Late Submissions

In order to facilitate the timely processing of all applications, both discretionary and formula, applicants for OVW formula funding must also adhere to an application submission timeline. This ensures that OVW has sufficient time to review the application contents for compliance with applicable statutory and regulatory, as well as to process the appropriate award documents. While OVW may accept a late application submission request for formula funding, it is the responsibility of the applicant to notify OVW about an issue that may cause a delay in the submission of the application. Applicants should note that late submission of an application, could result in a delay in their receiving their award.

Extraordinary Natural or Manmade Disasters

In cases of extraordinary natural or manmade disasters, such as extreme weather emergencies or terrorist acts, applicants may request to submit applications up to seven calendar days late by sending an e-mail to the contact listed in the solicitation. The message should specify the nature of the disaster and how it affected the applicant's ability to submit an application on time.

Intergovernmental Review

Single Point of Contact Review

Executive Order 12372 requires applicants from state and local units of government or other organizations providing services within a state to submit a copy of the application to the [state Single Point of Contact \(SPOC\)](#) if one exists and if the state has selected this program for review. Applicants must contact their state SPOCs to determine whether their programs have been selected for state review. The applicant should enter the date that the application was sent to the

SPOC or the reason such submission is not required in Block 3 of the Overview section of the [GMS](#) application.

Funding Restrictions

Activities that Compromise Victim Safety and Recovery

Because of the overall purpose of the program to enhance victim safety and offender accountability, grant funds may not be used to support activities that compromise victim safety and recovery. The following activities have been found to jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions:

1. Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, relationship to the perpetrator, or the age and/or gender of their children;²
2. Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services;
3. Offering perpetrators the option of entering pre-trial diversion programs or placing batterers in anger management programs;
4. Requiring mediation or counseling for couples as a systemic response to domestic violence or sexual assault, or in situations in which child sexual abuse is alleged;
5. Requiring victims to report sexual assault, stalking, or domestic violence crimes to law enforcement or forcing victims to participate in criminal proceedings;
6. Relying on court-mandated batterer intervention programs that do not use the coercive power of the criminal justice system to hold batterers accountable for their behavior; or
7. Supporting policies or engaging in practices that impose restrictive conditions to be met by the victim in order to receive services (e.g., attending counseling, seeking an order of protection);

Out-of-Scope Activities

Research projects are outside the statutory scope of the STOP Formula Grant Program and therefore cannot be supported with program funds. (This does not include program assessments conducted only for internal improvement purposes. See section on Research and Protection of Human Subjects in the [Solicitation Companion Guide](#).)

Any out-of-scope activities proposed within an implementation plan update will need to be removed prior to final approval by OVW.

² If an award is made, the recipient will also be subject to statutory prohibitions on discrimination. For further information on these civil rights requirements, see the section on "VAWA Non-Discrimination Provision" under "F. Federal Award Administration Information".

Unallowable Activities

The following is a list of activities that are unallowable and cannot be supported by OVW STOP Formula Grant Program funding:

1. Lobbying (**except with explicit statutory authorization**)
2. Fundraising
3. Purchase of real property
4. Construction
5. Physical modifications to buildings, including minor renovations (such as painting or carpeting)

Program Assessments

Applicants may not use any OVW funds to conduct research. However, up to three percent of the budget may be allocated for the purpose of assessing the effectiveness of funded activities. For example, funds may be used to conduct pre- and post-testing of training recipients or for victim satisfaction surveys. In conducting such testing or surveys, grantees may not collect, analyze or disseminate any information that would disclose the identity of an individual.

Accommodations and Language Access

Applicants are encouraged to allocate grant funds to support activities that help to ensure individuals with disabilities and Deaf individuals and persons with limited English proficiency have meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services, language interpretation and translation services, or the purchase of adaptive equipment. Applicants proposing to use grant funds to create websites, videos and other materials must ensure that they are accessible to persons with disabilities. Grant funds must be allocated for these purposes.

Other Submission Requirements

Applicants are required to submit applications through the Office of Justice Programs' [Grants Management System](#) (GMS) instead of [Grants.gov](#). In order to apply for a grant through [GMS](#), go to <https://grants.ojp.usdoj.gov/> and either sign in using the applicant's current GMS ID and password or register as a new user. Once the applicant has logged into [GMS](#), they should select the program that they intend to apply for and follow the instructions. Training materials are available on the main GMS homepage.

E. Application Review Information

Criteria

This is a formula grant program, therefore applications are not subject to a peer review. However, applicants must submit all information requested in the Application Requirement and Additional Requirements sections of this solicitation. If any required documentation is missing the applicant will be contacted and the documentation must be submitted, prior to an award. Failure to include required information at the time of submission may result in a delay in receiving an award.

Review and Selection Process

Compliance with OVW Financial Requirements

Each OVW grantee agrees to follow the financial and administrative requirements in the Financial Guide as a condition of receiving grant funding. If OVW determines that a current grantee has violated any of the requirements of the Guide, the grantee may be denied access to funding.

High Risk Grantees

Based on DOJ's assessment of each grantee with regard to current or previous funding, unresolved audit issues, delinquent programmatic and fiscal reporting, and prior performance, a grantee may be designated "high risk." Awards to high-risk grantees may carry special conditions such as increased monitoring and/or prohibitions on drawing funds until certain requirements are met.

Anticipated Announcement and Federal Award Dates

It is anticipated that all applicants will be notified of the outcome of their application by September 30, 2015.

F. Federal Award Administration Information

Federal Award Notice

Applications will receive OVW award notifications electronically from the OJP Grants Management System. This award notification will be sent to the individuals listed as the Authorized Representation and the Point of Contact in [GMS](#) for the application that was selected for funding and will include instructions on accepting the award. Recipients will be required to login; accept any outstanding assurances and certifications on the award; designate financial points of contact; and review, sign, and accept the award. The award acceptance process involves physical signature of the award document and terms and conditions by the authorized representative and the scanning of the fully-executed award document to OVW.

Violence Against Women Act Non-Discrimination Provision

The Violence Against Women Reauthorization Act of 2013 added a new civil rights provision that applies to all FY 2014 OVW grants. This provision prohibits OVW grantees and subgrantees from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW. More guidance on this provision will be forthcoming and made available on the OVW website. Additional information the civil rights obligations of OVW funding recipients can be found in the [Solicitation Companion Guide](#) Under “Civil Rights Compliance.”

Nonprofit Organization Requirement

Any entity that is eligible for a STOP Formula subgrant based on its status as a nonprofit organization must be an organization that is described in section 501(c)(3) of the Internal Revenue Code of 1986 and is exempt from taxation under section 501(a) of that Code. See 42 U.S.C. § 13925(b)(16)(B). State and territorial agencies administering STOP Formula funds are responsible for ensuring that STOP subgrantees that are eligible as nonprofit organizations meet this requirement. In the STOP Formula program, this applies to grantees under the set aside to culturally specific community-based organizations, except for grantees that are tribal governmental organizations. In addition, victim service providers may need 501(c)(3) status, as described under “match” above, in order to qualify for match exemptions.

Federal Financial Guidelines

Federal grants are governed by the provisions of the OMB circulars applicable to financial assistance and the Financial Guide. The Financial Guide includes information on allowable costs, methods of payment, audit requirements, accounting systems, and financial records. This document outlines the successful administration of grant funds.

Any recipient of an award will be responsible for monitoring subgrants/contracts, including MOU partner activities, under the grant in accordance with all applicable statutes, regulations, OMB circulars and guidelines, and the Financial Guide. Primary recipients will be responsible for oversight of subgrantee/partner spending and monitoring specific performance measures and outcomes attributable to the use of OVW funds.

Food and Beverage/Costs for Refreshments and Meals

Generally food and beverage costs are **not** allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW may approve the use of OVW funds to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

1. The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
2. Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
3. A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
4. Other extenuating circumstances necessitate the provision of food.

Conference Planning and Expenditure Limitations

Applicants should be aware of all applicable laws, regulations, policies and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies and guidance is available at <http://www.ovw.usdoj.gov/grantees.html>. Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

1. Cost of Logistical Conference Planning
2. Cost of Programmatic Conference Planning
3. Conference Space and Audio-Visual Equipment and Services
4. Prohibition on Trinkets at Conferences
5. Entertainment at Conferences
6. Food and Beverages at Conferences

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference cost reporting is accessible on the OVW website <http://www.ovw.usdoj.gov/grantees.html>. For additional information regarding food and beverage regulations, please refer to the Financial Guide.

Reporting

All OVW grantees receiving formula awards are required to submit annual progress reports and quarterly Federal Financial Reports (SF425). Appropriate progress report forms will be provided to all grantees. Forms will be submitted electronically via GMS. Formula grantees are also responsible for submitting annual subgrantee progress reports. Future awards and fund drawdowns may be withheld if the annual Administrators' reports or subgrantee reports are delinquent.

Office on Violence Against Women

Upon complying with the application requirements set forth in this Application Guide, any state shall be qualified for funds provided under the Violence Against Women Act upon certification that:

(1) the funds will be used only for the statutory purposes described in 42 U.S.C. § 3796gg (a) and (b);

- (D) prosecution offices;
- (E) State and local courts;

(4) the amount granted will be allocated, without duplication, as follows: not less than 25 percent for law enforcement, not less than 25 percent for prosecutors, not less than 30 percent for victim services (of which at least 10 percent will be distributed to culturally specific community-based organizations), and not less than 5 percent to state and local courts;

(5) not later than 2 years after March 7, 2013, and every year thereafter, not less than 20 percent of the total amount granted to a State under this subchapter shall be allocated for programs or

projects in 2 or more allocations listed in paragraph (4) that meaningfully address sexual assault, including stranger rape, acquaintance rape, alcohol or drug-facilitated rape, and rape within the context of an intimate partner relationship; and

(6) any federal funds received under this subchapter will be used to supplement, not supplant, nonfederal funds that would otherwise be available for activities funded under this chapter.

In addition, as required by 42 U.S.C. 3796gg-4, 3796gg-5, and 3796gg-8 and implemented at 28 CFR Part 90 states certify that they are in compliance with the following:

(1) Forensic Medical Examination Payment Requirement for Victims of Sexual Assault

(a) A State, Indian tribal government, or unit of local government shall not be entitled to funds under this subchapter unless the State, Indian tribal government, unit of local government, or another governmental entity—

(1) incurs the full out-of-pocket cost of forensic medical exams for victims of sexual assault; and

(2) coordinates with health care providers in the region to notify victims of sexual assault of the availability of rape exams at no cost to the victims.

(b) A state, Indian tribal government, or unit of local government shall be deemed to incur the full out-of-pocket cost of forensic medical exams for victims of sexual assault if any government entity:

(1) provides such exams to victims free of charge to the victim; or

(2) arranges for victims to obtain such exams free of charge to the victims.

(c) A State or Indian tribal government may use STOP grant funds to pay for forensic medical exams performed by trained examiners for victims of sexual assault, except that such funds may not be used to pay for forensic medical exams by any State, Indian tribal government, or territorial government that requires victims of sexual assault to seek reimbursement for such exams from their insurance carriers.

(d) (1) To be in compliance with this section, a State, Indian tribal government, or unit of local government shall comply with this provision without regard to whether the victim participates in the criminal justice system or cooperates with law enforcement.

(2) States, territories, and Indian tribal governments shall have 3 years from March 7, 2013 to come into compliance with this section.

(2) Filing Costs For Criminal Charges and Protection Orders

A state, Indian tribal government, or unit of local government will not be entitled to funds unless it certifies that its laws, policies, and practices do not require, in connection with the prosecution of any misdemeanor or felony domestic violence, dating violence, sexual assault, or stalking offense, or in connection with the filing, issuance, registration, modification, enforcement, dismissal, withdrawal or service of a protection order, or a petition for a protection order, to protect a victim of domestic violence, dating violence, sexual assault, or stalking, that the victim bear the costs associated with the filing of criminal charges against the offender, or the costs associated with the filing, issuance, registration, modification, enforcement, dismissal, withdrawal or service of a

warrant, protection order, petition for a protection order, or witness subpoena, whether issued inside or outside the State, tribal, or local jurisdiction.

(3) Judicial Notification

A State or unit of local government shall not be entitled to funds under this part unless the State or unit of local government--

(a) certifies that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 922(g)(8) and (g)(9) of title 18, United States Code, and any applicable related federal, state, or local laws; or

(b) gives the Attorney General assurances that its judicial administrative policies and practices will be in compliance with the requirements of subparagraph (A) within the later of—

(4) Polygraph Testing Prohibition

(a) In order to be eligible for grants under this part, a state, Indian tribal government, territorial government, or unit of local government shall certify that, not later than January 5, 2009, their laws, policies, or practices will ensure that no law enforcement officer, prosecuting officer or other government official shall ask or require an adult, youth, or child victim of an alleged sex offense as defined under federal, tribal, state, territorial, or local law to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense.

(b) Under 42 U.S.C. 3796gg-8(b), the refusal of a victim to submit to a polygraph or other truth telling examination shall not prevent the investigation, charging, or prosecution of an alleged sex offense by a state, Indian tribal government, territorial government, or unit of local government.
