PINELLAS COUNTY DOCTOR ARRESTED ON OXYCODONE DISTRIBUTION CHARGES

Tampa, FL - United States Attorney A. Brian Albritton announces the unsealing of an indictment today that charges Dr. Kevin Mark Denny (age 53, of Tierra Verde) with two counts of acting outside the scope of professional practice by dispensing and distributing Oxycodone, Hydrocodone, and Alprazolam (generic for Xanax). Denny lists his office as his home address in Tierra Verde; he also maintained an office in Tampa on North Dale Mabry Highway. Denny faces a maximum penalty of 20 years in federal prison. He was arrested this morning and will make his first appearance at 2:00 p.m. in federal court before United States Magistrate Judge Thomas B. McCoun, III.

An indictment is merely a formal charge that a defendant has committed a violation of the federal criminal laws, and every defendant is presumed innocent until, and unless, proven guilty.

This case was investigated by the Drug Enforcement Administration (DEA) and the Tampa Police Department. It will be prosecuted by Assistant United States Attorney Kelley C. Howard-Allen.

NOTE: In connection with the arrest and indictment of Dr. Kevin Mark Denny for illegal oxycodone distribution/dispensing, patient files from his medical office are currently in the custody of the Tampa Drug Enforcement Administration. Patients can contact the DEA at 813-287-5160 and ask for a law enforcement agent in the Tactical Diversion Squad to obtain information on how to obtain a copy of their medical records that were maintained by Dr. Kevin Mark Denny.
