Regarding General Order 25-2018:

Please note “NEF Service applies only to Registered Users who have appeared in that case or adversary proceeding; it does not apply to debtors and other non-Registered Users or to Registered Users who have not appeared in that case or adversary proceeding.” Although the United States Trustee is a party in interest in every case, the Office of the United States Trustee is neither a “person” nor a “Registered User.”* The Office’s receipt of a Notice of Electronic Filing at its general email address does not constitute service under General Order 25-2018.

**Pursuant to BLR 9001-1 (I), the words “Registered User” refer to a person who is registered to participate in the Bankruptcy Court’s Electronic Case Filing program and has been issued a password. 11 USC 101(41) provides that “person” does not include a governmental unit (with limited exceptions).*
