# **2000 Enron Strategic Goals**

## **Enron Wind**

**Goal: Complete the Spanish assembly plant and produce 100 TZ750 wind turbine generators.**

**Status: Complete**

**Completed in July 2000 and will produce 100 turbines in 2000.**

**Goal: Deploy a new generation TZ 1.5 wind turbine with a cost of energy equivalent of 3.5 cents/kwh or less.**

**Status: Complete**

- **The 1.5 Mw turbine is now being assembled in Enron Wind's Tehachapi facility.**
- **Continued engineering improvements and component cost reductions have reduced the cost of energy equivalent to approximately 3.5 cents/kwh.**
