**McHENRY COUNTY SHERIFF'S DEPUTY INDICTED ON FEDERAL CHILD
SEXUAL ABUSE AND EXPLOITATION CHARGES**

Rockford — A McHenry County Sheriff's Deputy was indicted yesterday by a federal grand jury and charged with one count of crossing state lines to engage in a sexual act with a minor under 12 years of age, and one count of using a minor to engage in sexual conduct to produce child pornography. The defendant, **Gregory M. Pyle**, 37, of Crest Hills, Ill., formerly of Crystal Lake, Ill., has been in custody since his arrest on a criminal complaint August 14, 2012.

According to court documents, an individual under investigation for child pornography identified the user names of other individuals with whom he had traded child pornography over the internet. Pyle was allegedly identified as the person using two of those user names. The complaint alleges that Pyle transmitted sexually explicit images via the internet under those user names, including depictions of a minor child. During a later interview, the minor stated that Pyle had sexually abused him on multiple occasions, including on a trip to Wisconsin. The complaint alleges that in December 2008 Pyle traveled to Wisconsin with the child, then 10 years of age, with the intent to engage in a sexual act with the child, and to produce child pornography that was then transmitted via the internet.

The indictment was announced by Gary S. Shapiro, Acting United States Attorney for the Northern District of Illinois, and William C. Monroe, Acting Special Agent-in-Charge of the

Chicago Office of the Federal Bureau of Investigation. The Illinois State Police and the Illinois Internet Crimes Against Children Taskforce assisted in the investigation.

The government is represented by Assistant United States Attorney Michael D. Love.

Crossing a state line to engage in a sexual act with a minor under 12 carries a mandatory minimum sentence of 30 years and a maximum of life in prison, and sexual exploitation of a child under 12 years of age for the purpose of producing child pornography carries a mandatory minimum of 15 years and a maximum of 30 years in prison, and both counts carry a \$250,000 maximum fine. If convicted, the actual sentence will be determined by a United States District Court Judge, guided by the United States Sentencing Guidelines.

The public is reminded that an indictment contains only charges and is not evidence of guilt. The defendant is presumed innocent and is entitled to a fair trial at which the government has the burden of proving guilt beyond a reasonable doubt.
