- g. At approximately 1:30pm, DPD Ofc. Dykema #3604 observed the Black Dodge Charger which was previously parked at 11101 Kennebec to be parked at 15232 Collingham.
- h. DPD Ofc. Dykema #3604 has observed both the Dodge Charger and Chrysler Pacifica at the location of 11101 Kennebec and 15232 Collingham. Based on DPD Ofc. Dykema's training and experience that narcotics traffickers often keep a large amount of narcotics, known as a stash, in a separate location from where narcotics are sold to retail customers. The stash is used to protect the bulk of the narcotics traffickers possess safe from law enforcement seizure and rival narcotic traffickers seeking to rob them of their narcotics.

11. On September 23, 2020, the Honorable Dawn M. White (P43945) of 3rd Circuit Court/36th District Court authorized a search warrant for 11101 Kennebec, Detroit, Michigan.

12. On September 24, 2020, members of Detroit Police Department Special Operations Unit executed the search warrant for 11101 Kennebec, Detroit,

Michigan for the search for all controlled substances, firearms, and documents.

13. During the search of 11101 Kennebec, Detroit, DPD Officers located two individuals, Eric WALKER and Sharron Orr-Parker. DPD Officers also located (1) black Delta Rex 9mm Handgun bearing serial No. D01212 loaded with 13 live rounds, none in the chamber in the rear bedroom closet, approximately 136 gross grams of suspected cocaine, approximately 23.5 grams of suspected heroin, 672 grams of suspected marijuana, approximately 4.5 amphetamine pills, and approximately 93 pills of suspected oxycodone, multiple phones/electronic devices, packaging materials and scales. Preliminary lab results indicate the heroin was laced with fentanyl and the suspected cocaine is crack cocaine. The Delta handgun was located in the south bedroom closet of the residence. All of the located narcotics were located in the living room of the residence. WALKER is the registered owner of 11101 Kennebec and a wallet belonging to WALKER was also located in the living room of the residence. Property tax records belonging to the offender addressed to 11101 Kennebec were located in the north rear bedroom. DPD also seized \$5,000 United States Currency (USC) from the residence and \$3,224 USC from WALKER. DPD also recovered a 2006 Grey Harley Davidson MI Plate GY570 from the residence garage and searches of

law enforcement databases revealed the Harley Davidson was reported stolen. DPD also impounded WALKER's red 2020 Chrysler Pacifica bearing Colorado registration BHX095. Also seized from the residence was a letter addressed to "Eric WALKER" at 15232 Collingham, Detroit, MI, 48205 containing a MasterCard from Netspend was found inside the bedroom of 11101 Kennebec.

14. Based on your Affiant's training and experience, digital scales, packaging materials and heat sealing equipment are used for measuring narcotics and packaging in smaller quantities of consistent weight for distribution. Drug traffickers will often measure the narcotic to ensure that the exact amount ordered is being distributed. Additionally, small plastic bags, based on your Affiant's training and experience, are used for ease of transportation and concealment of the narcotic inside of a bag. Based on you Affiant's training and experience, the amount of and variety of narcotics located at the addresses 11101 Kennebec are not consistent with user amounts, rather for large amounts of drug transactions.
15. Based on your Affiant's training and experience, drug dealers will often use firearms to protect their drugs and drug proceeds.
16. DPD Officers also located over \$8,000 in US currency at 11101 Kennebec. Drug traffickers will often keep USC in safes, dresser drawers or hidden

compartments close to where they can keep control of their proceeds. Drug traffickers will often not deposit bulk USC into bank accounts as it will attract attention by bank regulators who will question the origin of large deposits.

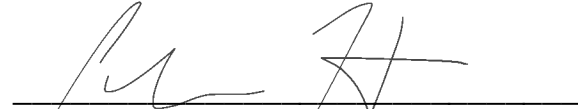

Based on preliminary searches, the manufacturer of the Delta Rex 9mm Handgun bearing serial No. D01212 is Arex. Arex appears to manufacture their firearms in Slovenia. Markings on the firearm also indicate it was manufactured in Slovenia. Therefore, the above described firearm must have travelled in interstate commerce, prior to its possession by Eric WALKER. Based on the above-described information, there is probable cause to believe that beginning on a date unknown and continuing until on or about September 24, 2020, Eric WALKER possessed with the intent to distribute marijuana and heroin, Schedule I controlled substances, and cocaine, fentanyl and oxycodone Schedule II controlled substances, in violation of Title 21 U.S.C. § 841(a)(1), and is a felon in possession of a firearm, in violation of Title 18 United States Code Section 922(g).

CONCLUSION

17. Based on the foregoing facts and circumstances, I respectfully submit that there is probable cause to believe that on September 22, 23, and 24, 2020, within the Eastern District of Michigan, Eric WALKER committed the

following criminal offenses: 21 U.S.C. § 841(a)(1), Possession with intent to distribute marijuana and heroin, Schedule I controlled substances, and cocaine, fentanyl and oxycodone Schedule II controlled substances and 18 U.S.C. 922(g)(1), Felon in possession of a firearm.
