

THANKS, ORACLE.

"...in a counterargument... Oracle responded that such companies have lots of vendors to choose from... Oracle named Lawson..."

San Francisco Chronicle

"In its legal response, Oracle quoted market share statistics...the company also listed additional competitors...including Lawson Software..."

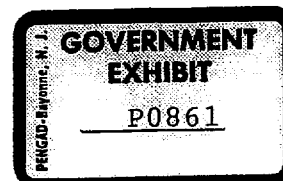

CBS MarketWatch

"Oracle argued that competition in this market segment would not disappear...it pointed out that one smaller company, Lawson Software already claims to have customers such as McGraw-Hill Companies...Walgreen Co...and Target Corp."

Dow Jones News Service

"Oracle's legal team...will identify 'large complex enterprises' that use software from other providers, including Lawson Software Inc..."

Wall Street Journal

THANKS, ORACLE.
