Subject: ASCAP and BMI consent decrees

To whom It may concern,

The ASCAP and BMI consent decrees are just as important today as ever before. The Justice Department must stand on the side of competition and small businesses by preserving the decrees in their current form. During the COVID-19 pandemic, businesses like mine are fighting to survive. Terminating or sunseting the ASCAP and BMI consent decrees during this crisis would be a death sentence for businesses like mine that are economic multipliers in our communities.

Thank you for your consideration,

Diane
