woojink@google.com February 9, 2023 at 6:52:45 PM UTC

Where was Sundar?

triswarkentin@google.com February 9, 2023 at 6:59:40 PM UTC

it was a preplanned event for Google Arts and Culture anniversary

triswarkentin@google.com February 9, 2023 at 6:59:55 PM UTC

Pragh decided it should be pivoted to be about AI about a ~month ago

triswarkentin@google.com February 9, 2023 at 7:00:00 PM UTC

but then they were going to NOT do that

triswarkentin@google.com February 9, 2023 at 7:00:06 PM UTC

so I'm not sure how it got switched back

triswarkentin@google.com February 9, 2023 at 7:00:34 PM UTC

Pragh wants to be the AI Lead for Google -- hence fighting to get search response fully separated from RMI even though their models don't perform

triswarkentin@google.com February 9, 2023 at 7:00:40 PM UTC

and Sissie owning Bard

triswarkentin@google.com February 9, 2023 at 7:01:01 PM UTC

triswarkentin@google.com February 9, 2023 at 7:01:11 PM UTC

dym@google.com February 9, 2023 at 7:04:00 PM UTC

Well if Pragh wants to be AI lead for Google, he's not exactly going about it the right way

woojink@google.com February 9, 2023 at 7:05:28 PM UTC

Clay would've done a great job at the announcement

dym@google.com February 9, 2023 at 7:14:17 PM UTC
