Dear Ms. Petrizzi,

Following news release on justice.gov website. I'm submitting my comments or questions about Tunney Act enforcement in USA vrs. XCL, Verdun, FP energy.

1. DOJ is asking on penalties for HSR Act. The companies are publicly traded? If, then where there public transactions on price for stock affected by their concert in pricing. How is that being litigated?
2. The price of by products, i.e. gas at the pump would have being affected by those actions? That would mean civil penalties for those affected?

I thank you for allowing to learn from your pursuit of the rule of law. That premise of equality, freedom, and justice is what makes the United States and its constitution a most beautiful country. Something admirable and worth protecting.

Praying for your continued success.

Saludos cordiales,
