It is time that physicians have the last word for our medical care and NOT insurance companies which are ripping off us as well as Medicare. STOP the big medicine! It is time to care more about people and their health and the rich medical insurance industry!

True evangelical faith cannot lie sleeping. For it clothes the naked. It comforts the sorrowful. It gives to the hungry food and shelters the destitute.

It cares for the blind and lame, the widow and the orphan child. That's true evangelical faith. It binds up the wounded man. It offers a gentle hand. We must become everything to all men.

Abundantly we have received and grateful we will respond with true evangelical faith. So overcome evil with good. Return someone's hatred with love. We must become everything to all men.

Words by Menno Simons (1496-1561)
