To: U.S. District Judge James Bredar.

I am writing to express my opposition to the proposed merger of these two healthcare systems which was previously blocked and has now been proposed to be settled. I urge you to use your authority under the 1974 Tunney Act to scrutinize the Justice Department's proposed settlement in the best interest of the public.

United Heath Group is already an enormously powerful entity and I do not trust them to act in the public interest to control costs, provide quality care to their patients, and also to treat their employees justly and fairly. Their track record is dismal on all these points. Past practice is the best predictor of future performance.

Thank you for your consideration.

Yours truly,  
Bruce R. Tyler
