Subject: Public comment: antitrust HPE-Juniper case

Dear Judge Pitts,

I write to complain about the proposed merger of HPE and Juniper. This merger would constitute a monopoly in violation of U.S. law. I concur with Senator Warren's recent letter requesting that you hold an evidentiary hearing pursuant to Section 2 of the Antitrust Procedures and Penalties Act, 2 15 U.S.C. 16(b)–(h) (the Tunney Act), to determine whether the settlement is in the public interest. Due to multiple allegations and irregularities, I am confident you will find that it is not.

Sincerely,
Sarah Ovink, a concerned citizen

Subject: Hewlett Packard and Juniper Enterprises Public Comment

Hello:

I would like to register my public disapproval of violating antitrust laws and allowing the

merger of HP and Juniper Enterprises to go through. Beyond the apparent corruption happening in the background of this case, these are exactly the sorts of prospective monopolies that our antitrust laws are designed to combat. Please don't subject the American people to yet another destructive monopoly, especially one brokered in back rooms through lobbyists and bribery.

Thank you.

Sincerely,
Rachel Kohler
