Please obey our admittedly inadequate antitrust laws and refuse to permit, under any conditions, this anti-competitive, monopolist and price gouging corporate combination. This is another attempt at a vertical monopoly. We the People do not need BIG MEDICINE to get bigger, more corrupt and more predatory. We already have been sickened and killed by these conglomerates. Do not become a party, an accessory, to their greedy predations that sicken and cause We the People to die long before our time.while bleeding our bank accounts.
