**Subject:** [EXTERNAL] stop mergers of big medicine.  
**Date:** Thursday, August 21, 2025 10:10:48 PM

---

I am a member of a health insurance plan that has gotten bigger over the years as it merged with another company

I thought this consolidation would bring about faster service, reduced prices and more choice.

It has done the opposite. The benefits ( like a gym membership) has been cut by two thirds, and the cost to see both the

al practitioner, and the specialist have gone up significantly They added on a few arbitrary benefits but they are things I can't use .It's use them or lose them

it seem from my long years of experience that the only people who benefit are the administrators

Pharmacies are doing the same thing. We will have few choices not more and people aren't going to like it

Do your part to stop this

Thank You

Karen Lawrence
