I am very concerned because the Justice Department recently reversed course on UnitedHealth Group's proposed \$3.3 billion acquisition of home health and hospice care provider Amedisys. Last year, the department sued to block the transaction, arguing that it would eliminate head-to-head competition between the merging parties that lowers costs, improves care quality, and betters working conditions for healthcare workers. I urge you to use your power to scrutinize this action. It must not come to pass.

Bigger is not better.

Sincerely
