Subject: [EXTERNAL] UnitedHealth Group-Amedisys Settlement

Hello,

I'm writing to express my concern regarding the UnitedHealth Group-Amedisys settlement. I believe that this merger is a risk to hospice patients and workers. Eliminating competition will raise healthcare costs and decrease the quality of care and working conditions.

I am a UnitedHealth Group employee and I do not agree with the company on the matter of this acquisition. The company is gaining too much power over the US healthcare system. Like all publicly traded companies they put the shareholders above their own clients and employees. The government needs to step in to scrutinize these types of acquisitions more closely, for the sake of the American people.

Thank you,
