United States v. Mid-America Dairymen, Inc.

1977-1 Trade Cases ¶61,509. U.S. District Court, W.D. Missouri, Civil Action No. 73 CV 681-W-1, Entered May 17, 1977.

(Competitive impact statement and other matters filed with settlement: 41 *Federal Register* 21799, 37353). Case No. 2358, Antitrust Division, Department of Justice.

## Sherman Act

**Monopolization: Milk Products: Consent Decree.**— A dairy cooperative was enjoined by a consent decree from unreasonably restraining the ability of milk producers to terminate a membership and marketing agreement and to market milk in competition with the cooperative. The decree enjoined the cooperative from entering into exclusive hauling contracts and from unreasonably restricting the right of independent milk haulers to transport the milk of independent producers. The cooperative was barred from entering any milk sales agreement containing certain requirements as to time, supplies and price, and discriminating against milk purchasers on account of their business relationship with a competitor. It was ordered to divest itself of assets at several plants within two years, and enjoined, for five years, from acquiring any other plant without notifying the government. The decree also enjoined the cooperative, for a period of nine years, from participating in any milk producers association whose activities include acquiring an option to purchase milk received at a milk manufacturing plant not regulated by a federal milk marketing order, unless certain conditions were met.
