Subject: Comments

I Eugene "LAMBCHOPS" Curry wish to give my individual opinion. Both BMI, and ASCAP, in my opinion are not paying the proper increases in payment due to the ever increasing digital sales. They are either opening new offices, or in some court trying to maintain control. There needs to be a better federal oversight of both organizations and a audit to determine if they are paying the proper royalties period. Thank You!

Eugene "LAMBCHOPS" Curry.
