**Subject:** I'm opposed to this idea.

1. A 100% licensing system removes a songwriter's freedom to choose to whom to license his / her songs and at the rates s/he thinks are fair;
2. It destroys the international system of joint works and makes it impractical for writers to choose other writers to work with, especially those based outside the U.S.; and
3. It benefits only the licensees, not the licensors.
