Subject: Taking songwriters rights

I am writing to give my opinion on the matter of the government strong arming yet again the little guy...ME..to support big box criminal who want to take my rights away as a sole owner of a song.

It is total bull crap for the government, goggle, apple etc, and all these organizations to cheat me and all the people who are trying to make a living. We are constantly being railroaded into a slavery deal where our rights are taken away as if we are nothing.

I am a single woman, who can not afford shit in the world and the only thing I'm trying to do is make a decent living off my energy, creativity and God given rights. The government and anyone else who is creating me and others out of our rights, need to stop. ... now and forever.

I cannot afford, food, medical, everyday living, with all the excess taxes and mandatory expenses of medical costs that I don't need which is forced on me....I'm trying to make money to take care of myself with song writing and these companies and the government who are making these under handed deals are against me and humanity and we can't survive all the underhanded deals that take our rights away just to suit those who want to cheat me/us of what belongs to us. Goggle, Pandora, iTunes, apple, etc have billions and don't have the right to steal from me the only thing I have to depend on for income.

These barbaric practices need to stop immediately. No one has the right to collect money that belongs to me as a song writer, creator....creativity belongs to its creator not the greedy companies who do not want to pay for using it. What type of government officials are you to think this is a fair practice. ..you obviously are taking money on the side for yourselves and saying screw regular people. ... you will definitely have your judgment day with God for being a cheat and taking bribes and doing the public these injustices.

I should have the say so of who use my songs and I have the right to be compensated a fair amount. ..why should some one else get paid for what belongs to me.
