

# EQUITABLE SHARING WIRE

June 14, 2018

## U.S. Marshals Service Payment Notifications

The eShare Portal enables agencies to run their distribution reports for any selected time period. This report gives agencies the ability to track distributions on a regular basis to aid in reconciling equitable sharing payments.

This report provides additional payment data not included on the U.S. Marshals Service payment notifications. In an effort to streamline processes and best utilize Department of Justice resources, the U.S. Marshals Service discontinued sending payment notifications as of November 20, 2017.

Individuals with access to the eShare Portal can run distribution reports to identify when equitable sharing payments were received. Agencies are encouraged to provide account access (read-only option available) to individuals in their jurisdiction's finance department where the funds are required to be maintained in order to quickly identify payments as they are received.

Contact your agency's eShare Portal Administrator for access to the eShare Portal.
