

**ATTACHMENT 1**

**Compliance Indicators**

#	Provision	Provision text	Indicator
1	III.C.2.a-f	<p>The Commonwealth shall create an individual and family support program for individuals with ID/DD whom the Commonwealth determines to be most at risk of institutionalization. . . . In State Fiscal Year 2019, a minimum of 1000 individuals supported.</p> <p>(II.D: Individual and family supports are defined as a comprehensive and coordinated set of strategies that are designed to ensure that families who are assisting family members with intellectual or developmental disabilities (“ID/DD”) or individuals with ID/DD who live independently have access to person-centered and family-centered resources, supports, services and other assistance. Individual and family supports are targeted to individuals not already receiving services under HCBS waivers, as defined in Section II.C above. The family supports provided under this Agreement shall not supplant or in any way limit the availability of services provided through the Elderly or Disabled with Consumer Direction (“EDCD”) waiver, Early and Periodic Screening, Diagnosis and Treatment (“EPSDT”), or similar programs.</p>	<p>The Commonwealth will achieve compliance with this provision of the Settlement Agreement when:</p> <ol style="list-style-type: none"> <li>1) The Individual and Family Support Program State Plan for Increasing Support for Virginians with Developmental Disabilities (“IFSP State Plan”) developed by the IFSP State Council is implemented and includes the essential components of a comprehensive and coordinated set of strategies, as described in the indicators below, offering information and referrals through an infrastructure that provides the following: <ul style="list-style-type: none"> <li>• Funding resources</li> <li>• A family and peer mentoring program</li> <li>• Local community-based support through the IFSP Regional Councils</li> </ul> </li> <li>2) The IFSP State Plan includes criteria for determining applicants most at risk for institutionalization.</li> <li>3) The IFSP State Plan establishes a requirement for an on-going communication plan to ensure that all families receive information about the program.</li> <li>4) The IFSP State Plan includes a set of measurable program outcomes. DBHDS reports annually on progress toward program outcomes, including: <ul style="list-style-type: none"> <li>• The number of individuals on the waiver waitlist who are provided with outreach materials each year</li> <li>• Participant satisfaction with the IFSP funding program</li> <li>• Knowledge of the family and peer mentoring support programs</li> <li>• Utilization of the My Life, My Community website</li> </ul> </li> <li>5) Individuals are informed of their eligibility for IFSP funding and case management upon being placed on the waiver waitlist and annually thereafter.</li> </ol>

#	Provision	Provision text	Indicator
			<p>6) IFSP funding availability announcements are provided to individuals on the waiver waitlist.</p> <p>7) Eligibility guidelines for IFSP resources and other supports and services, such as case management for individuals on the waiver waitlist, are published on the My Life, My Community website.</p> <p>8) Documentation continues to indicate that a minimum of 1,000 individuals and/or their families are supported through IFSP funding.</p>
2	<b>III.C.5.b.i.</b>	Assembling professionals and nonprofessionals who provide individualized supports, as well as the individual being served and other persons important to the individual being served, who, through their combined expertise and involvement, develop Individual Support Plans (“ISP”) that are individualized, person-centered, and meet the individual’s needs.	<p>The following indicators to achieve compliance listed in this provision will also achieve compliance with other provisions associated with case management (<b>III.C.5.b.ii, III.C.5.b.iii, III.C.5.c, and V.F.2</b>). Relevant elements of person-centered planning, as set out in CMS waiver regulations (42 C.F.R. § 441.301(c)), are captured in these indicators.</p> <p>In consultation with the Independent Reviewer, DBHDS shall define and implement in its policies, requirements, and guidelines, “change of status or needs” and the elements of “appropriately implemented services.”</p> <p>DBHDS will perform a quality review of case management services through CSB case management supervisors/QI specialists, who will conduct a Case Management Quality Review that reviews the bulleted elements listed below. DBHDS will pull an annual statistically significant stratified statewide sample of individuals receiving HCBS waiver services that ensures record reviews of individuals at each CSB. Each quarter, the CSB case management supervisor and/or QI specialist will complete the number of Case Management Quality Review as determined by DBHDS by reviewing the records of individuals in the sample. The data captured by the Case Management Quality Review will be provided to DBHDS quarterly through a secure software portal that enables analysis of the data in the aggregate. DBHDS analysis of the data submitted will allow for review on a statewide and individual CSB level. The Case Management Quality Review will include review of whether the following ten elements are met:</p>

#	Provision	Provision text	Indicator
			<ul style="list-style-type: none"> <li>• The CSB has offered each person the choice of case manager. <b>(III.C.5.c)</b></li> <li>• The case manager assesses risk, and risk mediation plans are in place as determined by the ISP team. <b>(III.C.5.b.ii; V.F.2)</b></li> <li>• The case manager assesses whether the person’s status or needs for services and supports have changed and the plan has been modified as needed. <b>(III.C.5.b.iii; V.F.2)</b></li> <li>• The case manager assists in developing the person’s ISP that addresses all of the individual’s risks, identified needs and preferences. <b>(III.C.5.b.ii; V.F.2)</b></li> <li>• The ISP includes specific and measurable outcomes, including evidence that employment goals have been discussed and developed, when applicable. <b>(III.C.5.b.i; III.C.7.b)</b></li> <li>• The ISP was developed with professionals and nonprofessionals who provide individualized supports, as well as the individual being served and other persons important to the individual being served. <b>(III.C.5.b.i; III.C.5.b.ii)</b></li> <li>• The ISP includes the necessary services and supports to achieve the outcomes such as medical, social, education, transportation, housing, nutritional, therapeutic, behavioral, psychiatric, nursing, personal care, respite, and other services necessary. <b>(III.C.5.b.i; III.C.5.b.ii; III.C.5.b.iii; V.F.2)</b></li> <li>• Individuals have been offered choice of providers for each service. <b>(III.C.5.c)</b></li> <li>• The case manager completes face-to-face assessments that the individual’s ISP is being implemented appropriately and remains appropriate to the individual by meeting their health and safety needs and integration preferences. <b>(III.C.5.b.iii; V.F.2)</b></li> <li>• The CSB has in place and the case manager has utilized where necessary, established strategies for solving conflict or disagreement within the process of developing or revising ISPs, and addressing changes in the individual’s needs, including, but not limited to, reconvening the planning team as necessary to meet the individuals’ needs. <b>(III.C.5.b.iii; V.F.2)</b></li> </ul>

#	Provision	Provision text	Indicator
			<p>The Case Management Steering Committee will analyze the Case Management Quality Review data submitted to DBHDS that reports on CSB case management performance each quarter. 86% of the records reviewed across the state will be in compliance with a minimum of 9 of the elements assessed in the review. Any individual CSB that has 2 or more records that do not meet 86% compliance with Case Management Quality Review for two consecutive quarters will receive additional technical assistance provided by DBHDS.</p> <p>If, after receiving technical assistance, a CSB does not demonstrate improvement, the Case Management Steering Committee will make recommendations to the Commissioner for enforcement actions pursuant to the CSB Performance Contract and licensing regulations.</p> <p>DBHDS, through the Case Management Steering Committee, will ensure that the CSBs receive their case management performance data semi-annually at a minimum.</p> <p>All elements assessed via the Case Management Quality Review are incorporated into the DMAS DD Waiver or DBHDS licensing regulations. Corrective actions for cited regulatory non-compliance will be tracked to ensure remediation.</p>
3	<b>III.C.5.b.ii</b>	Assisting the individual to gain access to needed medical, social, education, transportation, housing, nutritional, therapeutic, behavioral, psychiatric, nursing, personal care, respite, and other services identified in the ISP.	The actions to achieve compliance listed in Section <b>III.C.5.b.i</b> will also achieve compliance with this provision of the Settlement Agreement.
4	<b>III.C.5.b.iii</b>	Monitoring the ISP to make timely additional referrals, service changes, and amendments to the plans as	The actions to achieve compliance listed in Section <b>III.C.5.b.i</b> will also achieve compliance with this provision of the Settlement Agreement.

#	Provision	Provision text	Indicator
5	<b>III.C.5.c</b>	<p>needed.</p> <p>Case management shall be provided to all individuals receiving HCBS waiver services under this Agreement by case managers who are not directly providing such services to the individual or supervising the provision of such services. The Commonwealth shall include a provision in the Community Services Board (“CSB”) Performance Contract that requires CSB case managers to give individuals a choice of service providers from which the individual may receive approved waiver services and to present practicable options of service providers based on the preferences of the individual, including both CSB and non-CSB providers.</p>	<p>The actions to achieve compliance listed in Section <b>III.C.5.b.i</b> will also achieve compliance with this provision of the Settlement Agreement.</p>
6	<b>III.C.5.d</b>	<p>The Commonwealth shall establish a mechanism to monitor compliance with performance standards.</p>	<p>The Case Management Steering Committee will review and analyze the Case Management data submitted to DBHDS and report on CSB case management performance related to the ten elements and also at the aggregate level to determine the CSB’s overall effectiveness in achieving outcomes for the population they serve (such as employment, self-direction, independent living, keeping children with families). The Case Management Steering Committee will produce a semi-annual report to the DBHDS Quality Improvement Committee on the findings from the data review with recommendations for system improvement. The Case Management Steering Committee’s report will include an analysis of findings and recommendations based on review of the information from case management monitoring/oversight processes including: data from the oversight of the Office of Licensing, DMAS Quality Management Reviews, CSB Case Management Supervisors Quarterly Reviews, DBHDS Quality Management Division quality improvement review processes including the Supervisory retrospective review, Quality Service Reviews, and</p>

#	Provision	Provision text	Indicator
			<p>Performance Contract Indicator data. The Case Management Steering Committee will also make recommendations to the Commissioner for enforcement actions pursuant to the CSB Performance Contract based on negative findings.</p> <p>Members of the DBHDS central office Quality Improvement Division will conduct annual retrospective reviews to validate the findings of the CSB case management supervisory reviews and to provide technical assistance to the case managers and supervisors for any needed improvements. A random sub-sample of the original sample will be drawn each year for this retrospective review. The sample will be stratified so that each CSB is included in the sample. The DBHDS central office Quality Improvement Division’s reviewers will visit each CSB in person and review case management records for the individuals in the sub-sample. They will then complete an electronic form so that agreement between the CSB Case Management Quality Review and the DBHDS Quality Improvement Division record reviews can be measured quantitatively, in addition to providing feedback to the CSB case management supervisors to increase the reliability of future reviews. There will be an ongoing inter-rater reliability process for staff of the DBHDS Quality Improvement Division conducting the retrospective reviews.</p>
7	<b>III.C.6.a.i-iii</b>	<p>The Commonwealth shall develop a statewide crisis system for individuals with intellectual and developmental disabilities. The crisis system shall:</p> <p>i. Provide timely and accessible support to individuals with intellectual and developmental disabilities who are experiencing crises, including crises due to behavioral or psychiatric issues, and to their families</p> <p>ii. Provide services focused on crisis prevention and proactive planning to</p>	<p>Overall note: There are 3 main components: Prevention, Mobile Crisis, and Crisis Stabilization.</p> <p><b>PREVENTION:</b> Prevention of crisis breaks into 4 sub-components:</p> <ol style="list-style-type: none"> <li>1) Early identification</li> <li>2) Assessment in home</li> <li>3) Behavior supports in home</li> <li>4) Availability of direct support professionals</li> </ol> <p><b>1. Early Identification; and 2. Assessment in Home</b></p> <p>DBHDS will add a provision to the CSB Performance Contract requiring CSBs to identify children and adults who are at risk for crisis through a</p>

#	Provision	Provision text	Indicator
		<p>avoid potential crises; and</p> <p>iii. Provide in-home and community-based crisis services that are directed at resolving crises and preventing the removal of the individual from his or her current placement whenever practicable</p>	<p>screening at intake, and if the individual is identified as at risk for crisis needs, refer the individual to REACH to ensure that when needed the initial crisis assessments are conducted in the home.</p> <p>DBHDS will add a provision to the CSB Performance Contract requiring, for individuals who receive ongoing case management, the CSB case manager to assess an individual’s risk for crisis during face to face visits and refer to REACH when a need is identified.</p> <p>DHBDS will establish criteria for use by CSBs to determine “risk of hospitalization” as the basis for making requests for crisis risk assessments.</p> <p>DBHDS will ensure that all CSB Executive Directors, Developmental Disability Directors, case management supervisors, and case managers receive training on how to identify children and adults receiving active case management who are at risk for going into crisis. Training will also be made available to intake workers at CSBs on how to identify children and adults presenting for intake who are at risk for going into crisis and how to arrange for crisis risk assessments to occur in the home or link them to REACH crisis services. DBHDS will add a provision to the CSB Performance Contract requiring training on identifying risk of crisis for case managers and intake workers within 6 months of hire.</p> <p>DBHDS will implement a quality review process conducted initially at six months, and annually thereafter, that measures the performance of CSBs in identifying individuals who are at risk of crisis and in referring to REACH where indicated.</p> <p>86% of children and adults who are known to the system will receive REACH crisis assessments at home, the residential setting, or other community setting (non-hospital/CSB location).</p> <p>The Commonwealth will provide a directive and training to state-operated psychiatric hospitals to require notification of CSBs and case managers whenever there is a request for an admission for a person with a DD</p>

#	Provision	Provision text	Indicator
			<p>Diagnosis. Via the morning reporting process, the Director of Community Support Services or designee will notify the REACH Director or designee of admission for follow up. DBHDS will request and encourage private psychiatric hospitals to notify the emergency services staff of the CSB serving the jurisdiction where the individual resides of requests for admissions and admissions of individuals with a DD diagnosis.</p> <p>The Commonwealth will track admissions to state-operated psychiatric hospitals and those to private hospitals as it is made aware, to determine whether there has been a referral to REACH and will implement a review process to determine if improvement strategies are indicated.</p> <p>95% of children and adults admitted to state-operated and private psychiatric hospitals who are known to the CSB will be referred promptly (within 72 hours of admission) to REACH.</p> <p><b>3. Behavior Supports In Home</b></p> <p>By June 2019, DBHDS will increase the number of Positive Behavior Support Facilitators and Licensed Behavior Analysts by 30% over the July 2015 baseline and reassess need by conducting a gap analysis and setting targets and dates to increase the number of consultants needed so that 86% of individuals whose Individualized Services Plan identify Therapeutic Consultation (behavioral support) service as a need are referred for the service (and a provider is identified) within 30 days that the need is identified.</p> <p>The Commonwealth will provide practice guidelines for behavior consultants on the minimum elements that constitute an adequately designed behavioral program, the use of positive behavior support practices, trauma informed care, and person-centered practices.</p> <p>The Commonwealth will provide the practice guidelines and a training program for case managers regarding the minimum elements that constitute an adequately designed behavioral program and what can be observed to</p>

#	Provision	Provision text	Indicator
			<p>determine whether the plan is appropriately implemented.</p> <p>The permanent DD waiver regulations will include expectations for behavioral programming and the structure of behavioral plans.</p> <p>Within one year of the effective date of the permanent DD Waiver regulations, 86% of those identified as in need of the Therapeutic Consultation service (behavioral supports) are referred for the service (and a provider is identified) within 30 days.</p> <p>86% of individuals authorized for Therapeutic Consultation Services (behavioral supports) receive, in accordance with the time frames set forth in the DD Waiver Regulations, A) a functional behavior assessment; B) a plan for supports; C) training of family members and providers providing care to the individual in implementing the plan for supports; and D) monitoring of the plan for supports that includes data review and plan revision as necessary until the Personal Support Team determines that the Therapeutic Consultation Service is no longer needed.</p> <p>DBHDS will implement a quality review and improvement process that tracks authorization for therapeutic consultation services provided by behavior consultants and assesses:</p> <ol style="list-style-type: none"> <li>1) the number of children and adults with an identified need for Therapeutic Consultation (behavioral supports) in the ISP assessments as compared to the number of children and adults receiving the service;</li> <li>2) from among known hospitalized children and adults, the number who have not received services to determine whether more of these individuals could have been diverted if the appropriate community resources, including sufficient CTHs were available;</li> <li>3) for those who received appropriate behavioral services and are also connected to REACH, determine the reason for hospitalization despite the services;</li> <li>4) whether behavioral services are adhering to the practice guidelines issued by DBHDS; and</li> </ol>

#	Provision	Provision text	Indicator
			<p>5) whether Case Managers are assessing whether behavioral programming is appropriately implemented.</p> <p><b>4. Availability of Direct Support Professionals</b></p> <p>1. DBHDS will implement a quality review process for children and adults with identified significant behavior support needs (Support Level 7) living at home with family that tracks the need for in-home and personal care services in their homes. DBHDS will track the following in its waiver management system (WaMS):</p> <ul style="list-style-type: none"> <li>a. The number of children and adults in Support Level 7 identified through their ISPs in need of in-home or personal care services;</li> <li>b. The number of children and adults in Support Level 7 receiving the in-home or personal care services identified in their ISPs; and</li> <li>c. A comparison of the hours identified as needed in ISPs to the hours authorized.</li> </ul> <p>2. Semi-annually, DBHDS will review a statistically significant sample of those children and adults with identified significant behavior support needs (Support Level 7) living at home with family. DBHDS will review the data collected in 1.a-c and directly contact the families of individuals in the sample to ascertain:</p> <ul style="list-style-type: none"> <li>a. If the individuals received the services authorized;</li> <li>b. What reasons authorized services were not delivered; and</li> <li>c. If there are any unmet needs that are leading to safety risks.</li> </ul> <p>Based on results of this review, DBHDS will make determinations to enhance and improve service delivery to children and adults with identified significant behavior support needs (Support Level 7) in need of in-home and personal care services.</p>

#	Provision	Provision text	Indicator
8	III.C.6.b.ii.A	Mobile crisis team members adequately trained to address the crisis shall respond to individuals at their homes and in other community settings and offer timely assessment, services, support, and treatment to de-escalate crises without removing individuals from their current placement whenever possible.	<p><b>MOBILE CRISIS:</b></p> <p>DBHDS will, on a semi-annual basis, assess REACH teams for: 1) whether REACH team staff meet qualification and training requirements; 2) whether REACH has developed Crisis Education and Prevention Plans (CEPPs) for individuals, families, and group homes; and 3) whether families and providers are receiving training on implementing CEPPs.</p> <p>Based on findings, DBHDS will 1) determine the need for training related to mobile crisis; and 2) when necessary as determined by DBHDS, require a quality improvement plan through the Performance Contract from the CSB managing the REACH unit.</p> <p>Outcomes to be achieved:  86% of REACH staff will meet training requirements  86% of initial CEPPs are developed within 15 days of the assessment  86% of families and providers will receive training in implementing CEPPs</p> <p>Documentation indicates a decreasing trend in the total and percentage of total admissions as compared to population served and lengths of stay of individuals with DD who are admitted to state-operated and known by DBHDS to have been admitted to private psychiatric hospitals.</p> <p>For individuals with DD who are admitted to state-operated psychiatric hospitals and those known by DBHDS to have been admitted to private psychiatric hospitals, DBHDS will track the lengths of stay in the following categories:</p> <ul style="list-style-type: none"> <li>• those previously known to the REACH system and those previously unknown;</li> <li>• admissions of adults and children with DD to psychiatric hospitals as a percentage of total admissions; and</li> <li>• median lengths of stay of adults and children with DD in psychiatric hospitals.</li> </ul>

#	Provision	Provision text	Indicator
9	<b>III.C.6.b.ii.B</b>	Mobile crisis teams shall assist with crisis planning and identifying strategies for preventing future crises and may also provide enhanced short-term capacity within an individual's home or other community setting.	The findings are redundant and covered in Indicators for <b>III.C.6.a.i-iii</b> and <b>III.C.6.b.ii.A</b> .
10	<b>III.C.6.b.iii.B</b>	Crisis stabilization programs shall be used as a last resort. The State shall ensure that, prior to transferring an individual to a crisis stabilization program, the mobile crisis team, in collaboration with the provider, has first attempted to resolve the crisis to avoid an out-of-home placement and, if that is not possible, has then attempted to locate another community-based placement that could serve as a short-term placement	<p><b>CRISIS STABILIZATION:</b></p> <p>The Commonwealth will establish and have in operation by June 30, 2019 two Crisis Therapeutic Home (CTH) facilities for children and will provide training to those supporting the child to assist the child in returning to their placement as soon as possible.</p> <p>DBHDS will utilize waiver capacity set aside for emergencies each year to meet the needs of individuals with long term stays in psychiatric hospitals or CTHs.</p> <p>DBHDS will increase the number of residential providers with the capacity and competencies to support people with co-occurring conditions using a person-centered/trauma-informed/positive behavioral practices approach to 1) prevent crises and hospitalizations, 2) to provide a permanent home to individuals discharged from CTHs and psychiatric hospitals.</p> <p>86% of individuals with a DD waiver and known to the REACH system who are admitted to CTH facilities and psychiatric hospitals will have a community residence identified within 30 days of admission.</p>
11	<b>III.C.6.b.iii.D</b>	Crisis stabilization programs shall have no more than six beds and lengths of stay shall not exceed 30 days.	86% of individuals with a DD waiver and known to the REACH system admitted to CTH facilities will have a community residence identified within 30 days of admission. This indicator is also in <b>III.C.6.b.iii.B</b> .
12	<b>III.C.6.b.iii.E</b>	With the exception of the Pathways	The indicator for this provision is covered in <b>III.C.6.b.iii.G</b> .

#	Provision	Provision text	Indicator
		Program at SWVTC ... crisis stabilization programs shall not be located on the grounds of the Training Centers or hospitals with inpatient psychiatric beds. By July 1, 2015, the Pathways Program at SWVTC will cease providing crisis stabilization services and shall be replaced by off-site crisis stabilization programs with sufficient capacity to meet the needs of the target population in that Region	
13	<b>III.C.6.b.iii.G.</b>	By June 30, 2013, the Commonwealth shall develop an additional crisis stabilization program in each Region as determined necessary by the Commonwealth to meet the needs of the target population in that Region.	<p>The Commonwealth will establish and have in operation by June 30, 2019 two Crisis Therapeutic Home (CTH) facilities for children. This indicator is also in <b>III.C.6.b.iii.B.</b></p> <p>To address the CTH stays of adults beyond 60 days, DBHDS will establish and operate two transition homes by June 30, 2019.</p> <p>The Commonwealth will implement out-of-home crisis therapeutic prevention host-home like services for children connected to the REACH system who are experiencing a behavioral or mental health crisis and would benefit from this service through statewide access in order to prevent institutionalization of children due to behavioral or mental health crises.</p>
14	<b>III.C.7.a</b>	To the greatest extent practicable, the Commonwealth shall provide individuals in the target population receiving services under this Agreement with integrated day opportunities, including supported employment.	<ol style="list-style-type: none"> <li>1. All case managers are required to take the on line case management-training modules and review the case management manual. Information contained includes: <ol style="list-style-type: none"> <li>a. 18	III.D.1	<p>The Commonwealth shall serve individuals in the target population in the most integrated setting consistent with their informed choice and needs.</p> <p><b>(III.B.2:</b> The Commonwealth shall not exclude any otherwise qualifying individual from the target population due to the existence of complex behavioral or medical needs or of co-occurring conditions, including but not limited to, mental illness, traumatic brain injuries, or other neurological conditions.)</p>	<ol style="list-style-type: none"> <li>1. DBHDS service authorization data will continue to demonstrate an increase in the percentage of the DD Waiver population being served in the most integrated settings as defined in the Integrated Residential Settings Report. <ol style="list-style-type: none"> <li>a. Data continues to indicate an annual 2% increase in the overall DD waiver population receiving services in the most integrated settings</li> <li>b. Data continues to indicate that at least 90% of individuals new to the waivers, including for individuals with a “support needs level” of Levels 6 and 7, since FY 2016 are receiving services in the most integrated setting.</li> </ol> </li> <li>2. DBHDS continues to compile and distribute the Semi-annual Provider Data Summary to identify potential market opportunities for the development of integrated residential service options. The Data Summary indicates an increase in services available by locality over time.</li> <li>3. DBHDS will establish a focus group with family members, individuals, and providers to identify potential barriers limiting the growth of sponsored residential, supported living, shared living, in-home supports, and respite for individuals with a “support needs level” of Level 6 or 7. DBHDS will report on how many individuals who are medically and behaviorally complex (i.e., those with a “support needs level” of Level 6 or 7) are using the following DD Waiver services, by category: sponsored residential, supported living residential, shared living, in-home supports, and respite services. Using this data and the focus groups, DBHDS will prepare a plan to prioritize and address barriers within the scope of its authority and establish timelines for completion with demonstrated actions.</li> <li>4. DBHDS tracks individuals seeking a service consistent with integrated living options as defined in the Integrated Residential Settings Report that is</li> </ol>

#	Provision	Provision text	Indicator
			<p>not available at the time of expressed interest as described in indicator # 13 of III.D.6. 86% of people with a DD waiver, who are identified through indicator #13 of III.D.6, desiring a more integrated residential service option (defined as independent living supports, in-home support services, supported living, and sponsored residential) have access to an option that meets their preferences within nine months.</p> <p>5. DBHDS establishes an ongoing periodic review process for measuring the promptness and on-going delivery of authorized service units for private duty and skilled nursing services, including those provided under the EPSDT benefit, in order to identify and remedy patterns of service delivery interruptions.</p> <p>6. DBHDS established a baseline annual utilization rate for private duty (65%) and skilled nursing services (62%) in the DD Waivers as of June 30, 2018 for FY 2018. The utilization rate is defined by whether the hours for the service are identified as a need in an individual's ISP and then whether the hours are delivered. Data will be tracked separately for EPSDT and waiver funded nursing. Seventy percent of individuals who have these services identified in their ISP (or, for children under 21 years old, have prescribed nursing because of EPSDT) must have these services delivered within 30 days, and at the number of hours identified in their ISP, eighty percent of the time.</p> <p>7. DBHDS continues to screen children through a VIDES assessment prior to admission to an ICF/IID. During the screening, DBHDS collects information from the family regarding the reason ICF/IID placement is being sought.</p> <p>8. DBHDS continues to do Level II Preadmission Screening and Resident Reviews ("PASRR") on all children who have an indicator of a developmental disability diagnosis and are seeking nursing home services. All children who enter nursing facilities are limited to those who require</p>

#	Provision	Provision text	Indicator
			<p>medical rehabilitation, respite or hospice services.</p> <p>9. DBHDS tracks individuals under 22 who have received a PASRR screening for nursing facility entry or a VIDES assessment for ICF/IID entry and have been admitted. Children in ICFs receive annual Level of Care reviews and children in nursing facilities receive required resident reviews every 180 days at a minimum.</p> <p>10. DBHDS provides a Community Transition Guide to families of children in nursing facilities and ICFs/IID. For those seeking ICF/IID placement, the Guide is provided when a request for a VIDES assessment is made and every 6 months thereafter. The Guide is designed to provide practical information to children and their families who are preparing to make decisions related to the type of care that best suits their support needs or are preparing to transition from nursing facilities and ICFs/IID to homes in the community. The Guide assists families in preparing to move to a new home through an explanation of resources and services such as DD Waivers, CSBs, and the DBHDS Community Transition Team that can assist the family with the transition process.</p> <p>11. Information with respect to services and supports for children with DD is available to families on the My Life My Community website. This information is disseminated consistent with the indicators in III.C.8.b.</p> <p>12. DBHDS includes children aged 10 years and under as a priority group for discharge from ICF/IID settings per the ICF Community Transition Protocol, including prioritizing waiver slots to facilitate their discharge.</p> <p>13. DBHDS implements a Family Outreach Plan that provides an avenue of communication with families/guardians/ARs of individuals with DD under 22 years of age receiving long term care services in nursing facilities and ICF/IIDs. Contact with parents/guardians/ARs is initially made by mail with</p>

#	Provision	Provision text	Indicator
			<p>follow-up phone calls. All families are provided with the Community Transition Guide as described in indicator #10 above.</p> <p>Families/Guardians/ARs interested and open to discussion of available community services are contacted not less than semi-annually. All families receive an annual contact unless there is a request for no contact. Contact through the Family Outreach Plan will also involve individualized information in a manner that accommodates their cognitive disabilities, addresses past experiences of living in community settings and concerns and preferences about community settings, and includes facilitating visits and direct experiences with the most integrated community settings that can meet the individual's identified needs and preferences. DBHDS facilitates with families a contact by a family-to-family peer support facilitator who shall contact families of children on at least a semi-annual basis for children aged 10 years and under, and on an annual basis for children aged 11 to 21 years, unless the family refuses contact.</p> <p>14. DBHDS will collaborate with sister agencies and private providers to explore augmenting current Medicaid funded host home service models for children that incorporate core elements of the Every Child Texas model focusing on children coming out of institutional settings.</p> <p>15. DBHDS ensures that all CSBs are aware of children with DD seeking admission to a nursing facility from their catchment area and of children considering ICF/IID admission or discharge whose families are interested in community-based services through an awareness letter. When a child is identified as being in active discharge status from a nursing facility or ICF/IID, DBHDS sends an action letter to CSBs that enumerates the actions needed from the CSB and ensures funds are available for up to 120 days of Case Management Services for discharge planning.</p> <ol style="list-style-type: none"> <li>a. 90% of those children known to be in active discharge status at a nursing facility or ICF/IID have an action letter sent to their home CSB.</li> <li>b. DBHDS establishes and implements accountability measures for</li> </ol>

#	Provision	Provision text	Indicator
			those CSBs not actively involved in a child's discharge planning from a nursing facility or ICF/IID within 30 days of receiving an action letter.
19	<b>III.D.5</b>	<p>Individuals in the target population shall not be served in a sponsored home or any congregate setting, unless such placement is consistent with the individual's choice after receiving options for community placements, services, and supports consistent with the terms of Section IV.B.9 below.</p> <p>(IV.B.9.b: PSTs and the CSB case manager shall coordinate with the specific type of community providers identified in the discharge plan as providing appropriate community-based services for the individual, to provide individuals, their families, and, where applicable, their Authorized Representative with opportunities to speak with those providers, visit community placements (including, where feasible, for overnight visits) and programs, and facilitate conversations and meetings with individuals currently living in the community and their families, before being asked to make a choice regarding options. The Commonwealth shall develop family-to-family and peer programs to facilitate these opportunities.)</p>	<p>The Commonwealth will achieve compliance with this provision of the Settlement Agreement when:</p> <ol style="list-style-type: none"> <li>1. At least 86% of individuals on the waiver waitlist as of December 2019 have received information on accessing Family-to-Family and Peer Mentoring resources.</li> <li>2. The Virginia Informed Choice Form is completed upon enrollment in the Developmental Disability waiver and as part of the annual ISP process. DBHDS will update the form to include a reference to the Family-to-Family Program and Peer Mentoring resources so that individuals and families can be connected to the support when initial services are being discussed or a change in services is requested.</li> <li>3. The Commonwealth will track and report on outcomes with respect to the number of individuals receiving DD waiver services with whom family-to-family and the peer-to-peer supports have contact and the number who receive the service.</li> </ol>

#	Provision	Provision text	Indicator
20	III.D.6	No individual in the target population shall be placed in a nursing facility or congregate setting with five or more individuals unless such placement is consistent with the individual's needs and informed choice and has been reviewed by the Region's Community Resource Consultant (CRC) and, under circumstances described in Section III.E below, the Regional Support Team (RST).	<ol style="list-style-type: none"> <li>1. DBHDS tracks on a statewide level whether referrals to RSTs are submitted in accordance with the DBHDS RST Protocol and the timeliness of referrals to the RSTs, as specified in the DBHDS RST Protocol.</li> <li>2. DBHDS is in compliance with the agreement when 86% of all statewide non-emergency referrals, as such referrals are defined in the DBHDS RST Protocol, meet the timeliness requirements of the DBHDS RST Protocol.</li> <li>3. DBHDS conducts a quarterly quality assurance review of all new authorizations and any changed authorizations for residential service resulting in individuals residing in homes with 5 beds or more to determine if an RST referral has occurred.</li> <li>4. DBHDS is in compliance with the agreement when 86% of all statewide situations meeting criteria for referral to the RSTs with respect to home and community-based residential services are referred to the RSTs by the case manager as required by the DBHDS RST Protocol.</li> <li>5. DBHDS reviews all RST submissions for compliance with both the referral and timeliness standards specified in the DBHDS RST Protocol, by CSB. DBHDS will hold CSBs accountable for submitting 86% of their non-emergency referrals timely in accordance with the DBHDS RST Protocol.</li> <li>6. DBHDS will require CSBs to submit corrective action plans through the Performance Contract when there is a failure to meet the 86% criteria for 2 consecutive quarters for submitting referrals or timeliness of referrals.</li> <li>7. Failure of a CSB to improve and meet the 86% criteria over a 12 month period following a corrective action plan will lead to technical assistance, remediation, and/or sanctions under the Performance Contract.</li> <li>8. DBHDS will conduct data analyses periodically, but not less than on an</li> </ol>

#	Provision	Provision text	Indicator
			<p>annual basis, to ensure that the DBHDS revised RST protocol and referral forms are improving the timeliness of referrals to RSTs.</p> <p>9. DBHDS will ensure the availability of DBHDS Community Resource Consultants to work with case managers to explore community integrated options, including working with providers to attempt to create innovative solutions for individuals with unique or specialized needs, to avoid placements in congregate settings with 5 or more individuals.</p> <p>10. DBHDS will incorporate RST data into established Provider Development processes to evaluate gaps in services statewide on a semi-annual basis and encourage provider development in underserved areas through information, data, and, if available, provision of funding designated to support provider expansion.</p> <p>11. DBDHS has a process to review and approve as available requests for emergency waiver slots and other funding supports to address emergency situations when alternate options have been exhausted.</p> <p>12. DBHDS will add data related to the RST referral process to the Waiver Management Information System (WaMS). Data on RST referrals that were not successfully diverted from congregate settings of 5 or more individuals will be reviewed annually by DBHDS to ensure that integrated options are reviewed and offered annually.</p> <p>13. DBHDS will identify individuals who chose a less integrated residential setting due to the absence of more integrated options in the desired locality. The names of these individuals will be included in quarterly letters provided to each CSB. On a semi-annual basis, information about new service providers will be provided to CSBs, so that the identified individuals can be made aware of new, more integrated options as they become available. A Community Resource Consultant will contact each of these CSBs at least annually to ensure that any new more integrated options have been offered. DBHDS will report annually the number of people who moved to more integrated settings.</p>

			<p>3. The Offices of Licensing and Human Rights perform quality assurance functions of the Department by determining the extent to which regulatory requirements are met and taking action to remedy specific problems or concerns that arise.</p> <p>a. The Office of Licensing assesses provider compliance with the serious incident reporting requirements of the Licensing Regulations as part of the annual inspection process. This includes assessing whether:</p> <ul style="list-style-type: none"> <li>i. Serious incidents required to be reported under the Licensing Regulations are reported within 24 hours of discovery.</li> <li>ii. The provider has conducted at least quarterly review of all level I serious incidents, and a root cause analysis of all level II and level III serious incidents;</li> <li>iii. The root cause analysis, when required by the Licensing Regulations, includes i) a detailed description of what happened; ii) an analysis of why it happened, including identification of all identifiable underlying causes of the incident that were under the control of the provider; and iii) identified solutions to mitigate its reoccurrence.</li> </ul> <p>b. DBHDS monitors compliance with the serious incident reporting requirements of the Licensing Regulations as specified by DBHDS policies during all investigations of serious injuries and deaths and during annual inspections. DBHDS requires corrective action plans for 100% of providers who are cited for violating the serious incident reporting requirements of the Licensing Regulations.</p> <p>4. The DBHDS quality improvement system is led by the Office of Clinical Quality Improvement and structured by organizational committees with the Quality Improvement Committee (QIC) as the highest quality committee for the Department, and all other committees serve as sub-committees, including the: Mortality Review Committee, Risk Management Review Committee, Case Management Steering Committee, Regional Quality Councils, and the Key Performance Area Workgroups: Health &amp; Wellness, Community Inclusion &amp; Integration, Provider Capacity &amp; Competency.</p>

#	Provision	Provision text	Indicator
			<ul style="list-style-type: none"> <li>a. The Office of Clinical Quality Improvement leads quality improvement through collaboration and coordination with DBHDS program areas by: providing technical assistance and consultation to internal and external state partners and licensed community-based providers, supporting all quality committees in the establishment of quality improvement initiatives, use of data and identification of trends and analysis, and developing training resources for quality improvement.</li> <li>b. The Office of Clinical Quality Improvement oversees and directs contractors who perform quality review processes for DBHDS including the Quality Services Reviews and National Core Indicators. Data collected from these processes are used to evaluate the sufficiency, accessibility, and quality of services at an individual, service, and systemic level.</li> <li>c. The QIC ensures a process of continuous quality improvement and maintains responsibility for prioritization of needs and work areas.</li> <li>d. The QIC maintains a charter and ensures that all sub-committees have a charter describing standard operating procedures addressing: <ul style="list-style-type: none"> <li>i. The charge to the committee</li> <li>ii. The chair of the committee</li> <li>iii. The membership of the committee</li> <li>iv. The responsibilities of chair and members</li> <li>v. The frequency of activities of the committee (e.g., meetings)</li> <li>vi. Committee quorum</li> <li>vii. Periodic review and analysis of reliable data to identify trends and system-level factors related to committee-specific objectives and reporting to the QIC.</li> </ul> </li> <li>e. The QIC sub-committees report to the QIC and identify and address risks of harm; ensure the sufficiency, accessibility, and quality of services to meet individuals' needs in integrated settings; and collect and evaluate data to identify and respond to trends to ensure continuous quality improvement. The QIC sub-committees evaluate data at least quarterly, identify at least one CQI project annually, and report to the QIC at least three times per year.</li> <li>f. Through the Quality Management Annual Report, the QIC ensures</li> </ul>

#	Provision	Provision text	Indicator
			<p>that providers, case managers, and other stakeholders are informed of any quality improvement initiatives approved for implementation as the result of trend analyses based on information from investigations of reports of suspected or alleged abuse, neglect, serious incidents, and deaths.</p> <p>5. DBHDS has a Risk Management Review Committee (RMRC) that has created an overall risk management process for DBHDS that enables DBHDS to identify, and prevent or substantially mitigate, risks of harm.</p> <p>a. The RMRC reviews and identifies trends from aggregated incident data and any other relevant data identified by the RMRC, including allegations and substantiations of abuse, neglect, and exploitation, at least four times per year by various levels such as by region, by CSB, by provider locations, by individual, or by levels and types of incidents.</p> <p>b. The RMRC uses the results of data reviewed to identify areas for improvement and monitor trends. The RMRC identifies priorities and determines quality improvement initiatives as needed, including identified strategies and metrics to monitor success, or refers these areas to the QIC for consideration for targeted quality improvement efforts. The RMRC ensures that each approved quality improvement initiative is implemented and reported to the QIC. The RMRC will recommend at least one quality improvement initiative per year.</p> <p>c. The RMRC monitors aggregate data of provider compliance with serious incident reporting requirements and establishes targets for performance measurement indicators. When targets are not met the RMRC determines whether quality improvement initiatives are needed, and if so, monitors implementation and outcomes.</p> <p>d. The RMRC conducts or oversees a look behind review of a statistically valid, random sample of DBHDS serious incident reviews and follow-up process. The review will evaluate whether:</p> <p>i. The incident was triaged by the Office of Licensing incident management team appropriately according to developed protocols;</p> <p>ii. The provider's documented response ensured the recipient's safety and well-being;</p>

#	Provision	Provision text	Indicator
			<ul style="list-style-type: none"> <li>iii. Appropriate follow-up from the Office of Licensing incident management team occurred when necessary;</li> <li>iv. The RMRC conducts or oversees a look-behind review of a statistically valid, random sample of reported allegations of abuse, neglect, and exploitation. The review will evaluate whether:               <ul style="list-style-type: none"> <li>i. Comprehensive and non-partial investigations of individual incidents occur within state-prescribed timelines;</li> <li>ii. The person conducting the investigation has been trained to conduct investigations;</li> <li>iii. Timely, appropriate corrective action plans are implemented by the provider when indicated.</li> <li>iv. The RMRC will review trends at least quarterly, recommend quality improvement initiatives when necessary, and track implementation of initiatives approved for implementation.</li> </ul> </li> <li>f. At least 86% of the sample of serious incidents reviewed in indicator 5.d meet criteria reviewed in the audit. At least 86% of the sample of allegations of abuse, neglect, and exploitation reviewed in indicator 5.e meet criteria reviewed in the audit.</li> <li>6. The Commonwealth shall require providers to identify individuals who are at high risk due to medical or behavioral needs or other factors that lead to a SIS level 6 or 7 and to report this information to the Commonwealth.</li> <li>7. The Commonwealth shall meet the following:               <ul style="list-style-type: none"> <li>a. At least 86% of the people supported in residential settings will receive an annual physical exam, including review of preventive screenings, and at least 86% of individuals who have coverage for dental services will receive an annual dental exam.</li> <li>b. At least 86% of people with identified behavioral support needs</li> </ul> </li> </ul>

#	Provision	Provision text	Indicator
			<p>are provided adequate and appropriately delivered behavioral support services.</p> <ul style="list-style-type: none"> <li>c. At least 95% of residential service recipients reside in a location that is integrated in, and supports full access to the greater community, in compliance with CMS rules on Home and Community-based Settings.</li> <li>d. At least 95% of individual service recipients are free from neglect and abuse by paid support staff.</li> <li>e. At least 95% of individual service recipients are adequately protected from serious injuries in service settings.</li> <li>f. For 95% of individual service recipients, seclusion or restraints are only utilized after a hierarchy of less restrictive interventions are tried (apart from crises where necessary to protect from an immediate risk to physical safety), and as outlined in human rights committee-approved plans.</li> <li>g. The Commonwealth ensures that at least 95% of applicants assigned to Priority 1 of the waiting list are not institutionalized while waiting for services unless the recipient chooses otherwise or enters into a nursing facility for medical rehabilitation or for a stay of 90 days or less. Medical rehabilitation is a non-permanent, prescriber-driven regimen that would afford an individual an opportunity to improve function through the professional supervision and direction of physical, occupational, or speech therapies. Medical rehabilitation is self-limiting and is driven by the progress of the individual in relation to the therapy provided. When no further progress can be documented, individual therapy orders must cease.</li> </ul> <p>8. The Commonwealth ensures that individuals have choice in all aspects of their goals and supports as measured by the following:</p> <ul style="list-style-type: none"> <li>a. At least 95% of people receiving services/authorized representatives participate in the development of their own service plan.</li> <li>b. At least 75% of people with a job in the community chose or had some input in choosing their job.</li> </ul>

#	Provision	Provision text	Indicator
			<ul style="list-style-type: none"> <li>c. At least 86% of people receiving services in residential services/their authorized representatives choose or help decide their daily schedule.</li> <li>d. At least 75% of people receiving services who do not live in the family home/their authorized representatives chose or had some input in choosing where they live.</li> <li>e. At least 50% of people who do not live in the family home/their authorized representatives chose or had some input in choosing their housemates.</li> </ul> <p>9. DBHDS implements an incident management process that is responsible for review and follow-up of all reported serious incidents, as defined in the Licensing Regulations.</p> <ul style="list-style-type: none"> <li>a. DBHDS develops incident management protocols that include triage criteria and a process for follow-up and coordination with licensing specialists and investigators, and human rights advocates as well as referral to other DBHDS offices as appropriate.</li> <li>b. Processes enable DBHDS to identify and, where possible, prevent or mitigate future risks of harm.</li> <li>c. Follow-up on individual incidents, as well as review of patterns and trends, will be documented.</li> </ul>
30	V.C.1	The Commonwealth shall require that all Training Centers, CSBs, and other community providers of residential and day services implement risk management processes, including establishment of uniform risk triggers and thresholds, that enable them to adequately address harms and risks of harm. Harm includes any physical injury, whether caused by abuse, neglect, or accidental causes.	<p>1. The Licensing Regulations require all licensed providers, including CSBs, to implement risk management processes, including:</p> <ul style="list-style-type: none"> <li>a. identification of a person responsible for the risk management function who has training and expertise in conducting investigations, root cause analysis, and data analysis;</li> <li>b. implementation of a written plan to identify, monitor, reduce, and minimize harms and risks of harm, including personal injury, infectious disease, property damage or loss, and other sources of potential liability; and</li> <li>c. conducting annual systemic risk assessment reviews, to identify and respond to practices, situations, and policies that could result in harm to individuals receiving services. Risk assessments reviews shall address: the environment of care; clinical assessment or reassessment</li> </ul>

#	Provision	Provision text	Indicator
			<p>processes; staff competence and adequacy of staffing; the use of high-risk procedures, including seclusion and restraint; and a review of serious incidents. Risk assessments also incorporate uniform risk triggers and thresholds as defined by DBHDS. See 12 VAC 35-105-520 found at <a href="http://register.dls.virginia.gov/details.aspx?id=6997">http://register.dls.virginia.gov/details.aspx?id=6997</a>.</p> <ol style="list-style-type: none"> <li data-bbox="932 435 1948 688">2. The DBHDS Office of Licensing publishes guidance on serious incident and quality improvement requirements. In addition, DBHDS publishes guidance and recommendations on the risk management requirements identified in #1 above, along with recommendations for monitoring, reducing, and minimizing risks associated with chronic diseases, identification of emergent conditions and significant changes in conditions, or behavior presenting a risk to self or others.</li> <li data-bbox="932 727 1948 1052">3. DBHDS publishes on the Department's website information on the use of risk screening/assessment tools and risk triggers and thresholds. Information on risk triggers and thresholds utilizes at least 4 types of uniform risk triggers and thresholds specified by DBHDS for use by residential and day support service providers for individuals with IDD. This information includes expectations on what to do when risk triggers or thresholds are met, including the need to address any identified risks or changes in risk status in the individual's risk management plan. This will be monitored as specified in #7 below.</li> <li data-bbox="932 1091 1948 1490">4. At least 86% of DBHDS-licensed providers of DD services have been assessed for their compliance with risk management requirements in the Licensing Regulations during their annual inspections. Inspections will include an assessment of whether providers use data at the individual and provider level, including at minimum data from incidents and investigations, to identify and address trends and patterns of harm and risk of harm in the events reported, as well as the associated findings and recommendations. This includes identifying year-over-year trends and patterns and the use of baseline data to assess the effectiveness of risk management systems. The licensing report will identify any identified areas of non-compliance with Licensing Regulations and associated</li> </ol>

			<p>Commonwealth, or other training determined by the Commonwealth to be acceptable, as part of their corrective action plan process.</p> <p>5. DBHDS offers written guidance to providers (including residential, day/employment, and case management) on how to proactively identify and address risks of harm. This content will include:</p> <ul style="list-style-type: none"> <li>a. Guidance on conducting individual-level risk screening</li> <li>b. Either a tool for risk screening selected by DBHDS or example resources for consideration by providers to use when conducting risk screening</li> <li>c. Guidance on how to incorporate identified risks for individual service recipients into service planning and how to adequately address the risks.</li> </ul> <p>6. DBHDS publishes detailed guidance, with input from relevant professionals, about risks common to people with developmental disabilities, which include considerations for how to appropriately and adequately monitor, assess, and address each risk. DBHDS will review its content annually and revise as necessary to ensure current guidance is sufficient and is included in each alert.</p> <ul style="list-style-type: none"> <li>a. DBHDS will use data and information from risk management activities, including mortality reviews to identify topics for future content; make determinations as to when existing content needs to be revised; and identify providers that are in need of additional technical assistance or other corrective action. Content will be posted on the DBHDS website and the DBHDS provider listserv. Guidance will be disseminated widely to providers of services in both licensed and unlicensed settings, and to family members and guardians.</li> </ul> <p>7. DBHDS offers written guidance to providers on conducting root cause analysis, and assesses that providers adequately (in accordance with DBHDS's own guidance) identify cases for and conduct root cause analysis.</p>

#	Provision	Provision text	Indicator
			<p>8. DBHDS offers written guidance to providers, including example scenarios, on developing, implementing, and monitoring corrective actions they identify as necessary, as well as identified solutions to mitigate the re-occurrence of serious incidents. This guidance will instruct providers to document their plans for corrective actions resulting from regulatory citations, root cause analyses, or other risk management or quality improvement activities; as well as their actions taken and any related decisions to deviate from planned actions.</p>
33	V.C.5	<p>The Commonwealth shall conduct monthly mortality reviews for unexplained or unexpected deaths reported through its incident reporting system. The Commissioner shall establish the monthly mortality review team, to include the DBHDS Medical Director, the Assistant Commissioner for Quality Improvement, and others as determined by the Department who possess appropriate experience, knowledge, and skills. The team shall have at least one member with the clinical experience to conduct mortality reviews who is otherwise independent of the State. Within ninety days of a death, the mortality review team shall:</p> <p>(a) review, or document the unavailability of: (i) medical records, including physician case notes and nurse’s notes, and all incident reports, for the three months preceding the individual’s death; (ii) the most recent individualized program plan and physical examination records; (iii) the death certificate and autopsy report;</p>	<p>1. The Commonwealth has a charter describing standard operating procedures for conducting mortality reviews that addresses:</p> <ol style="list-style-type: none"> <li>a. The charge to the Mortality Review Committee (“MRC”)</li> <li>b. The chair of the committee and an executive sponsor within DBHDS</li> <li>c. The membership of the mortality review committee (by role)</li> <li>d. The responsibilities of chair and members</li> <li>e. The frequency of activities of the committee (<i>e.g.</i>, meetings)</li> <li>f. Review of unexplained and unexpected deaths reported through the DBHDS incident reporting system, what a complete mortality review must entail, standards for closing a review, committee quorum, recusal from case reviews, and confidentiality protections for reviews.</li> <li>g. The definitions of “unexplained” and “unexpected” deaths</li> <li>h. The requirements for periodic review and analysis of mortality data to identify trends, patterns and problems at the individual service delivery and systemic-level factors related to deaths; the development and implementation of quality improvement initiatives to reduce mortality rates to the fullest extent practicable; and the reporting of quality improvement initiatives to the DBHDS Quality Improvement Committee.</li> </ol> <p>2. The MRC membership includes at minimum (one member may satisfy up to 2 roles):</p> <ol style="list-style-type: none"> <li>a. DBHDS Chief Clinical Officer (former title Medical Director)</li> <li>b. DBHDS Senior Director of Clinical Quality Management (former equivalent position Assistant Commissioner for Quality Improvement)</li> </ol>

#	Provision	Provision text	Indicator
		<p>and (iv) any evidence of maltreatment related to the death; (b) interview, as warranted, any persons having information regarding the individual's care; and (c) prepare and deliver to the DBHDS Commissioner a report of deliberations, findings, and recommendations, if any. The team also shall collect and analyze mortality data to identify trends, patterns, and problems at the individual service-delivery and systemic levels and develop and implement quality improvement initiatives to reduce mortality rates to the fullest extent practicable.</p>	<ul style="list-style-type: none"> <li>c. A member with clinical experience to conduct mortality reviews who is otherwise independent of the State</li> <li>d. A medical doctor</li> <li>e. A nurse</li> <li>f. DBHDS staff with quality improvement expertise</li> <li>g. DBHDS staff with programmatic/operational expertise</li> </ul> <p>3. MRC members will receive training that includes:</p> <ul style="list-style-type: none"> <li>a. orientation to the MRC charter to educate the member on the scope, mission, vision, charge, and function of the MRC</li> <li>b. review of the policies, processes, and procedures of the MRC;</li> <li>c. education on the role/responsibility of the member(s); and</li> <li>d. training on continuous quality improvement principles.</li> </ul> <p>4. The MRC meets regularly (at least monthly) and at a frequency that enables the Committee to conduct required reviews of deaths. Meetings meet quorum requirements as set forth by the MRC charter, which at minimum require the presence of:</p> <ul style="list-style-type: none"> <li>a. a medical clinician (medical doctor, nurse practitioner, or physician assistant);</li> <li>b. a member with clinical experience to conduct mortality reviews;</li> <li>c. a professional with quality improvement expertise; and</li> <li>d. a professional with programmatic/operational expertise.</li> <li>e. One member may satisfy up to two roles.</li> </ul> <p>5. DBHDS utilizes an information management system to track the referral and review of individual deaths, as well as the recommendations of the MRC at the provider level and the quality improvement initiatives that have been approved by the MRC chair for implementation.</p> <p>6. DBHDS requires all DBHDS-licensed providers to report deaths through the incident reporting system within 24 hours of discovery. The DBHDS Licensing Investigations Team reviews all deaths of individuals with a developmental disability reported to DBHDS through its incident reporting system.</p>

#	Provision	Provision text	Indicator
			<ul style="list-style-type: none"> <li>a. Each case is assigned to an investigator on the Licensing Investigations Team who conducts an initial review of available information within 24 hours after the death is reported to DBHDS or the next business day.</li> <li>b. Any deaths that appear to be related to abuse or neglect or that pose an imminent and substantial threat to the health, safety, or welfare of other individuals served by that provider have an investigation initiated by the DBHDS Licensing Investigations Team immediately, with actions taken, as appropriate, in accordance with licensing protocols.</li> <li>c. The Licensing Investigations Team provides available records and information it obtains and the completed investigation report to the MRC within 45 business days of the date the death was reported on at least 86% of deaths required to be reviewed by the MRC.</li> </ul> <p>7. For quality assurance purposes in identifying deaths subject to MRC review:</p> <ul style="list-style-type: none"> <li>a. The incident reporting system is queried monthly to extract reports of all deaths of individuals, including unexplained or unexpected deaths of all individuals with an ID/DD diagnosis, receiving a licensed ID/DD service, and/or residing in a training center. Such reports will be included in the data tracking log for MRC review.</li> <li>b. The MRC clinical reviewers review the information received for those individuals on the data tracking log and determine if a death is unexplained or unexpected and requires review by the MRC.</li> <li>c. DBHDS provides the identifying information of individuals in the Waiver Management System (WaMS) who receive DBHDS-licensed services on a monthly basis to the Virginia Department of Health, which will identify the names for which a death certificate is on file. The results are provided to DBHDS and used by DBHDS to attempt to identify deaths that were not reported through the incident reporting system. The DBHDS Office of Licensing will investigate all unreported deaths identified by this process and take appropriate action in accordance with DBHDS licensing regulations and protocols.</li> </ul>

#	Provision	Provision text	Indicator
			<p>8. 86% or greater of unexplained or unexpected ID/DD deaths as reported through the DBHDS incident reporting system have a complete review by the MRC within 90 days of the date of the death.</p> <p>9. A complete mortality review includes:</p> <ul style="list-style-type: none"> <li>a. the review, or documentation of the unavailability of, medical records, including physician case notes and nurse's notes, and all incident reports, for the three months preceding the individual's death; the most recent individualized program plan and physical examination records; the death certificate and autopsy report; and any evidence of maltreatment related to the death; and</li> <li>b. interviewing, as warranted, any persons having information regarding the individual's care.</li> </ul> <p>10. The MRC prepares and delivers to the DBHDS Commissioner a report of deliberations, findings, and recommendations, if any, for 86% of deaths requiring review within 90 days of the death. If the MRC elects not to make any recommendations, it must affirmatively state that no recommendations were warranted.</p> <p>11. The MRC shall collect and analyze mortality data to identify trends, patterns, and problems at the individual service-delivery and systemic levels and develop and implement quality improvement initiatives to reduce mortality rates to the fullest extent practicable.</p> <ul style="list-style-type: none"> <li>a. The MRC prepares an annual report of aggregate mortality trends and patterns for all individuals reviewed by the MRC, as described in Indicator 7 for V.C.5, within six months of the end of the year (the annual interval may be selected by DBHDS as either fiscal or calendar). The annual report will, at minimum, include: <ul style="list-style-type: none"> <li>i. the total number of deaths and cause of death in DBHDS-licensed residential settings;</li> <li>ii. crude mortality rate of individuals on a DD HCBS waiver and receiving a DBHDS licensed service;</li> <li>iii. crude mortality rate of individuals by residential setting in</li> </ul> </li> </ul>

DBHDS has Policies or Departmental Instructions that specify requirements for Training Centers to report serious incidents, including, deaths, or allegations of abuse or neglect and to implement and monitor corrective actions.</p> <ul style="list-style-type: none"> <li>a. DBHDS has a process to monitor the implementation of corrective actions.</li> <li>b. When DBHDS identifies that harms have not been reported in accordance with policies or Departmental Instructions, an analysis is conducted to identify root causes; DBHDS implements corrective action as necessary to address identified causes.</li> </ul>
35	V.D.1	The Commonwealth's HCBS waivers shall operate in accordance with the	1. The Commonwealth implements the Quality Improvement Plan approved by CMS in the operation of its HCBS Waivers.

#	Provision	Provision text	Indicator
		<p>Commonwealth's CMS-approved waiver quality improvement plan to ensure the needs of individuals enrolled in a waiver are met, that individuals have choice in all aspects of their selection of goals and supports, and that there are effective processes in place to monitor participant health and safety. The plan shall include evaluation of level of care; development and monitoring of individual service plans; assurance of qualified providers; identification, response and prevention of occurrences of abuse, neglect and exploitation; administrative oversight of all waiver functions including contracting; and financial accountability. Review of data shall occur at the local and state levels by the CSBs and DBHDS/DMAS, respectively.</p>	<ol style="list-style-type: none"> <li>2. The CMS-approved Quality Improvement Plan in the DD HCBS waivers outlines: <ol style="list-style-type: none"> <li>a. Inclusion of the evidence based discovery activities that will be conducted for each of the six major waiver assurances.</li> <li>b. The remediation activities followed to correct individual problems identified in the implementation of each of the assurances.</li> <li>c. Identification of the Department and Division responsible for overall management of the respective QM function(s). DMAS, as the Single State Medicaid Agency, retains overall authority for the operation of the DD HCBS waivers in their entirety.</li> <li>d. Processes to oversee and monitor all components related to the QM Strategy.</li> <li>e. Identification of performance measures that will be assessed.</li> <li>f. Processes to review performance trends, patterns, and outcomes to establish quality improvement priorities.</li> <li>g. Processes to recommend changes to policies, procedures and practices, waivers, and regulation as informed through ongoing review of data.</li> <li>h. Processes to ensure remediation activities are completed and to evaluate their effectiveness.</li> <li>i. Processes to report progress and recommendations to the QIC.</li> </ol> </li>   <li>3. The Commonwealth has established performance measures, reviewed quarterly by DMAS and DBHDS, as required and approved by CMS in the areas of: <ol style="list-style-type: none"> <li>a. health and safety and participant safeguards,</li> <li>b. assessment of level of care,</li> <li>c. development and monitoring of individual service plans, including choice of services and of providers,</li> <li>d. assurance of qualified providers,</li> <li>e. whether waiver enrolled individuals' identified needs are met as determined by DMAS QMR,</li> <li>f. identification, response to incidents, and verification of required corrective action in response to substantiated cases of</li> </ol> </li> </ol>

#	Provision	Provision text	Indicator
			<p>abuse/neglect/exploitation (prevention is contained in corrective action plans).</p> <ol style="list-style-type: none"> <li>4. The performance measures are found in the published DD HCBS waivers and found at cms.gov and are posted on the DBHDS website.</li> <li>5. Quarterly data is collected on each of the above measures and reviewed by the DMAS-DBHDS Quality Review Team. Remediation plans are written and remediation actions are implemented as necessary for those measures that fall below the CMS-established 86% standard. DBHDS will provide a written justification for each instance where it does not develop a remediation plan for a measure falling below 86% compliance. Quality Improvement remediation plans will focus on systemic factors where present and will include the specific strategy to be employed and defined measures that will be used to monitor performance. Remediation plans are monitored at least every 6 months. If such remediation actions do not have the intended effect, a revised strategy is implemented and monitored.</li> <li>6. DMAS provides administrative oversight for the DD Waivers in compliance with its CMS-approved waiver plans, coordinates reporting to CMS, and conducts financial auditing consistent with the methods, scope and frequency of audits approved by CMS.</li> <li>7. The DMAS-DBHDS Quality Review Team will provide an annual report on the status of the performance measures included in the DD HCBS Waivers Quality Improvement Strategy with recommendations to the DBHDS Quality Improvement Committee. The report will be available on the DBHDS website for CSBs' Quality Improvement committees to review. Documentation of these reviews and resultant CSB-specific quality improvement activities will be reported to DBHDS. The above measures are reviewed at local level including by Community Service Boards (CSB) at least annually.</li> <li>8. The Commonwealth ensures that at least 86% of individuals who are assigned a waiver slot are enrolled in a service within 5 months, per regulations.</li> </ol>

#	Provision	Provision text	Indicator
36	V.D.2	<p>The Commonwealth shall collect and analyze consistent, reliable data to improve the availability and accessibility of services for individuals in the target population and the quality of services offered to individuals receiving services under this Agreement. The Commonwealth shall use data to:</p> <ol style="list-style-type: none"> <li>a. identify trends, patterns, strengths, and problems at the individual, service-delivery, and systemic levels, including, but not limited to, quality of services, service gaps, accessibility of services, serving individuals with complex needs, and the discharge and transition planning process;</li> <li>b. develop preventative, corrective, and improvement measures to address identified problems;</li> <li>c. track the efficacy of preventative, corrective, and improvement measures; and</li> <li>d. enhance outreach, education, and training.</li> </ol>	<ol style="list-style-type: none"> <li>1. DBHDS develops a Data Quality Monitoring Plan to ensure that it is collecting and analyzing consistent reliable data. Under the Data Quality Monitoring Plan, DBHDS assesses data quality, including the validity and reliability of data and makes recommendations to the Commissioner on how data quality issues may be remediated. Data sources will not be used for compliance reporting until they have been found to be valid and reliable. This evaluation occurs at least annually and includes a review of, at minimum, data validation processes, data origination, and data uniqueness.</li> <li>2. DBHDS analyzes the data collected under V.D.3.a-h to identify trends, patterns, and strengths at the individual, service delivery, and system level in accordance with its Quality Improvement Plan. The data is used to identify opportunities for improvement, track the efficacy of interventions, and enhance outreach and information.</li> <li>3. At least annually, DBHDS reviews data from the Quality Service Reviews and National Core Indicators related to the quality of services and individual level outcomes to identify potential service gaps or issues with the accessibility of services. Strategic improvement recommendations are identified by the Quality Improvement Committee (QIC) and implemented as approved by the DBHDS Commissioner.</li> <li>4. DBHDS quality committees and workgroups, including Mortality Review Committee, Risk Management Review Committee, Case Management Steering Committee, and Key Performance Area (KPA) workgroups, establish goals and monitor progress towards achievement through the creation of specific KPA Performance Measure Indicators (PMI). These PMIs are organized according to the domains, as outlined in the Settlement Agreement in V.D.3.a-h. PMIs are also categorized as either outcomes or outputs: <ol style="list-style-type: none"> <li>a. Outcome PMIs focus on what individuals achieve as a result of services and supports they receive (<i>e.g.</i>, they are free from restraint, they are free from abuse, and they have jobs).</li> <li>b. Output PMIs focus on what a system provides or the products (<i>e.g.</i>,</li> </ol> </li> </ol>

			<p>ISPs that meet certain requirements, annual medical exams, timely and complete investigations of allegations of abuse).</p> <ol style="list-style-type: none"> <li>5. Each KPA PMI contains the following:               <ol style="list-style-type: none"> <li>a. Baseline or benchmark data as available.</li> <li>b. The target that represents where the results should fall at or above.</li> <li>c. The date by which the target will be met.</li> <li>d. Definition of terms included in the PMI and a description of the population.</li> <li>e. Data sources (the origins for both the numerator and the denominator)</li> <li>f. Calculation (clear formulas for calculating the PMI, utilizing a numerator and denominator).</li> <li>g. Methodology for collecting reliable data (a complete and thorough description of the specific steps used to supply the numerator and denominator for calculation).</li> <li>h. The subject matter expert (SME) assigned to report and enter data for each PMI.</li> <li>i. A Yes/No indicator to show whether the PMI can provide regional breakdowns.</li> </ol> </li>   <li>6. DBHDS in accordance with the Quality Management Plan utilizes a system for tracking PMIs and the efficacy of preventative, corrective, and improvement measures, and develops and implements preventative, corrective, and improvement measures where PMIs indicate health and safety concerns. DBHDS uses this information with its QIC or other similar interdisciplinary committee to identify areas of needed improvement at a systemic level and makes and implements recommendations to address them.</li>   <li>7. DBHDS demonstrates annually at least 3 ways in which it has utilized data collection and analysis to enhance outreach, education, or training.</li>   <li>8. DBHDS collects and analyzes data (at minimum a statistically valid sample) at least annually regarding the management of needs of</li> </ol>

#	Provision	Provision text	Indicator
			<p>individuals with identified complex behavioral, health and adaptive support needs to monitor the adequacy of management and supports provided. DBHDS develops corrective action(s) based on its analysis, tracks the efficacy of that action, and revises as necessary to ensure that the action addresses the deficiency.</p>
37	<b>V.D.3</b>	<p>The Commonwealth shall begin collecting and analyzing reliable data about individuals receiving services under this Agreement selected from the following areas in State Fiscal Year 2012 and will ensure reliable data is collected and analyzed from each of these areas by June 30, 2014. Multiple types of sources (e.g., providers, case managers, licensing, risk management, Quality Service Reviews) can provide data in each area, though any individual type of source need not provide data in every area:</p>	<p>DBHDS has established three Key Performance Areas (KPA) that address the eight domains listed in V.D.3.a-h. DBHDS quality committees and workgroups, including Mortality Review Committee, Risk Management Review Committee, Case Management Steering Committee and KPA workgroups, establish performance measure indicators (PMIs) that are in alignment with the eight domains that are reviewed by the DBHDS Quality Improvement Committee (QIC). The components of each PMI are set out in indicator #5 of V.D.2. The DBHDS quality committees and workgroups monitor progress towards achievement of PMI targets to assess whether the needs of individuals enrolled in a waiver are met, whether individuals have choice in all aspects of their selection of their services and supports, and whether there are effective processes in place to monitor individuals' health and safety. DBHDS uses these PMIs to recommend and prioritize quality improvement initiatives to address identified issues.</p> <p>The assigned committees or workgroups report to the QIC on identified PMIs, outcomes, and quality initiatives. PMIs are reviewed at least annually consistent with the processes outlined in the compliance indicators for V.D.2. Based on the review and analysis of the data, PMIs may be added, deleted, and/or revised in keeping with continuous quality improvement practices.</p> <ol style="list-style-type: none"> <li>1. The KPA workgroups and assigned domains (V.D.3.a-h) are: <ol style="list-style-type: none"> <li>A. Health, Safety and Well Being KPA workgroup encompasses the domains of: <ol style="list-style-type: none"> <li>a) <i>Safety and Freedom from Harm</i></li> <li>b) <i>Physical, Mental, and Behavioral Health and Well being</i></li> <li>c) <i>Avoiding Crises</i></li> </ol> </li> <li>B. 			<p>domains of:</p> <ul style="list-style-type: none"> <li>a) <i>Community Inclusion</i></li> <li>b) <i>Choice and Self-Determination</i></li> <li>c) <i>Stability</i></li> </ul> <p>C. Provider Competency and Capacity KPA workgroup encompasses the domains of:</p> <ul style="list-style-type: none"> <li>a) <i>Provider Capacity</i></li> <li>b) <i>Access to Services</i></li> </ul> <p>2. The DBHDS Quality Management Plan details the quality committees, workgroups, procedures and processes for ensuring that the committees and/or workgroups establish PMIs and quality improvement initiatives in the KPAs on a continuous and sustainable basis.</p> <p>3. Each KPA workgroup will:</p> <ul style="list-style-type: none"> <li>a) Establish at least one PMI for each assigned domain</li> <li>b) Consider a variety of data sources for collecting data and identify the data sources to be used</li> <li>c) Include baseline data, if available and applicable, when establishing performance measures</li> <li>d) Define measures and the methodology for collecting data</li> <li>e) Establish a target and timeline for achievement</li> <li>f) Measure performance across each domain</li> <li>g) Analyze data and monitor for trends</li> <li>h) Recommend quality improvement initiatives</li> <li>i) Report to DBHDS QIC for oversight and system-level monitoring</li> </ul> <p>4. DBHDS collects and analyzes data from each domain listed in V.D.3.a-h. Within each domain, DBHDS collects data regarding multiple areas. Surveillance data is collected from a variety of data sources as described in the Commonwealth's indicators for V.D.3.a-h. This data may be used for ongoing, systemic collection, analysis, interpretation, and dissemination and also serves as a source for establishing PMIs and/or quality improvement initiatives.</p>
