SUPPLEMENTARY INFORMATION: The OIG proposes revising the succession and delegations of authority for OIG by publishing a detailed sequence of succession within the Washington, DC, headquarters, followed by a detailed sequence of succession by region and position. This action is taken pursuant to authority vested in the Inspector General by the Federal Vacancies Reform Act (5 U.S.C. 3345–3349d) and the Inspector General Act of 1978 (5 U.S.C. app. 3).

In the absence of the IG and Deputy IG, the officials designated below, in the order listed, shall become the acting Deputy IG and so shall temporarily perform the functions and duties of the IG. DEPARTMENT OF COMMERCE

Bureau of the Census

[Docket Number 161107999-6999-01]

Voting Rights Act Amendments of 2006, Determinations Under Section 203

AGENCY: Bureau of the Census, Department of Commerce. **ACTION:** Notice of determination.

SUMMARY: As required by Section 203 of the Voting Rights Act of 1965, as

amended, this notice publishes the Bureau of the Census (Census Bureau) Director's determinations as to which political subdivisions are subject to the minority language assistance provisions of the Act. As of this date, those jurisdictions that are listed as covered by Section 203 have a legal obligation to provide the minority language assistance prescribed by the Act. **EFFECTIVE DATE:** This notice is effective on December 5, 2016.

FOR FURTHER INFORMATION CONTACT: For information regarding this notice, please contact Mr. James Whitehorne, Chief, Census Redistricting and Voting Rights Data Office, Bureau of the Census, United States Department of Commerce, Room 4H057, 4600 Silver Hill Rd, Washington, DC 20233, by telephone at 301–763–4039, or visit the Redistricting & Voting Rights Data Office Internet site at http://www.census.gov/rdo/.

For information regarding the applicable provisions of the Act, please contact T. Christian Herren, Jr., Chief, Voting Section, Civil Rights Division, United States Department of Justice, Room 7254–NWB, 950 Pennsylvania Avenue NW., Washington, DC 20530, by telephone at (800) 253–3931 or visit the Voting Section Internet site at https:// www.justice.gov/crt/voting-section.

SUPPLEMENTARY INFORMATION: In July 2006, Congress amended the Voting Rights Act of 1965, now codified at Title 52, United States Code (U.S.C.), §, 10301 *et seq.* (See Pub. L. 109–246, 120 Stat. 577 (2006)). Among other changes, the sunset date for minority language assistance provisions set forth in Section 203 of the Act was extended to August 5, 2032.

Section 203 mandates that a state or political subdivision must provide language assistance to voters if more than five (5) percent of voting age citizens are members of a singlelanguage minority group and do not "speak or understand English adequately enough to participate in the electoral process" and if the rate of those citizens who have not completed the fifth grade is higher than the national rate of voting age citizens who have not completed the fifth grade. When a state is covered for a particular language minority group, an exception is made for any political subdivision in which less than five (5) percent of the voting age citizens are members of the minority group and are limited in English proficiency, unless the political subdivision is covered independently. A political subdivision is also covered if more than 10,000 of the voting age citizens are members of a singlelanguage minority group, do not "speak

or understand English adequately enough to participate in the electoral process," and the rate of those citizens who have not completed the fifth grade is higher than the national rate of voting age citizens who have not completed the fifth grade.

Finally, if more than five (5) percent of the American Indian or Alaska Native voting age citizens residing within an American Indian Area, as defined for the purposes of the decennial census, are members of a single language minority group, do not "speak or understand English adequately enough to participate in the electoral process,' and the rate of those citizens who have not completed the fifth grade is higher than the national rate of voting age citizens who have not completed the fifth grade, any political subdivision, such as a county, which contains all or any part of that American Indian Area, is covered by the minority language

assistance provision set forth in Section 203. For the 2010 Census, American Indian areas and Alaska Native Regional Corporations were identified by the federally recognized tribal governments, Bureau of Indian Affairs, and state governments. The Census Bureau worked with American Indians and Alaska Natives to identify statistical areas, such as Oklahoma Tribal Statistical Areas (OTSA), Tribal Designated Statistical Areas (TDSA), State Designated Tribal Statistical Areas (SDTSA), and Alaska Native Village Statistical Areas (ANVSA).

Pursuant to Section 203, the Census Bureau Director has the responsibility to determine which states and political subdivisions are subject to the minority language assistance provisions of Section 203. The state and political subdivisions obligated to comply with the requirements are listed in the attachment to this Notice.

Section 203 also provides that the ''determinations of the Director of the Census under this subsection shall be effective upon publication in the Federal Register and shall not be subject to review in any court." Therefore, as of this date, those jurisdictions that are listed as covered by Section 203 have legal obligation to provide the minority language assistance prescribed in Section 203 of the Act. In the cases where a state is covered, those counties or county equivalents not displayed in the attachment are exempt from the obligation. Those jurisdictions subject to Section 203 of the Act previously, but not included on the list below, are no longer obligated to comply with Section 203.

Dated: November 22, 2016.

John H. Thompson,

Director, Bureau of the Census.

SUPPLEMENTARY INFORMATION:

I. Background

Milwaukee city

The Department of Commerce (Department) collects, compiles, analyzes, and disseminates a treasure trove of data, including data on the Nation's economy, population, and environment. This data is fundamental to the Department's mission and is used for the protection of life and property, for scientific purposes, and to enhance economic growth. However, the Department's capacity to disseminate the increasing amount of data held and to disseminate it in formats most useful to its customers is significantly constrained.

In order to realize the potential value of the data the Department collects, stores, and disseminates, the Department must minimize barriers to accessing and using the data. Consistent with privacy and security considerations, the Department is firmly committed to unleashing its untapped data resources in ways that best support downstream information access, processing, analysis, and dissemination.

The Commerce Data Advisory Council (CDAC) provides advice and recommendations, to include process and infrastructure improvements, to the Secretary on ways to make Commerce data easier to find, access, use, combine and disseminate. The aim of this advice shall be to maximize the value of Commerce data to all users including governments, businesses, communities, academia, and individuals.

The Secretary will draw CDAC membership from the data industry academia, non-profits and state and

local governments with a focus on recognized expertise in collection, compilation, analysis, and dissemination. As privacy concerns span the entire data lifecycle, expertise in privacy protection also will be represented on the Council. The Secretary will select members that represent the entire spectrum of Commerce data including demographic, economic, scientific, environmental, patent, and geospatial data. The Secretary will select members from the information technology, business, nonprofit, and academic communities, and state and local governments. Collectively, their knowledge will include all types of data Commerce distributes and the full lifecycle of data collection, compilation, analysis, and dissemination.

II. Description of Duties

The Council shall advise the Secretary on ways to make Commerce data easier to find, access, use, combine, and disseminate. Such advice may include recommended process and infrastructure improvements. The aim of this advice shall be to maximize the value of Commerce data to governments, businesses, communities, and individuals.

In carrying out its duties, the Council may consider the following:

- —Data management practices that make it easier to track and disseminate integrated, interoperable data for diverse users;
- —Best practices that can be deployed across Commerce to achieve common, open standards related to taxonomy, vocabulary, application programming interfaces (APIs), metadata, and other key data characteristics;
- Policy issues that arise from expanding access to data, including issues related to privacy,
