Hiroshi, Don,

Please find [here](#) the deck for tomorrow's Samsung Deal Review. The teams are still making some tweaks but it's close enough to a final candidate that we wanted to circulate it for your review and feedback.

Huge thanks to the deal team here (and their teams) for the hard work to get this ready. We owe many of them a weekend and we'll make good on that.

Please feel free to comment directly in the deck... or separately on this thread. We'd like to circulate to the rest of the meeting attendees by 9 p.m. tonight if we're able to get your feedback before then.

Thanks
