CLERK

UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF LOUISIANA

UNITED STATES OF AMERICA * CRIMINAL NO. 17-32
v. * SECTION: "L"
TREVOIR JACKSON *
* * *

FACTUAL BASIS

The defendant, **TREVOIR JACKSON** ("**JACKSON**"), has agreed to plead guilty as charged to Count 1 of a two-count indictment.

Should this matter have gone to trial, the government would have demonstrated, through the introduction of competent testimony and other admissible evidence, the following facts, beyond a reasonable doubt, to support the allegations in the indictment now pending against **JACKSON**:

On April 20, 2016, the Jefferson Parish Sheriff's Office ("**JPSO**") responded to a report of firearms discharge at approximately 2:47 a.m. in the 1100 block of Lurline Drive in Jefferson, Louisiana. When **JPSO** deputies arrived at the scene, they were told that the gunshot victim, **JACKSON**, was in the Ochsner Hospital emergency room. **JPSO** met with **JACKSON** at the hospital. **JACKSON** stated that he was walking on Lurline Drive when an unknown individual began to shoot at him. **JACKSON** said that once the shooting was over he ran into his home and told his father that he had been shot. **JACKSON'S** father drove **JACKSON** to the hospital. **JACKSON** sustained five gunshot wounds.

JPSO also interviewed **JACKSON'S** father, Roger Jackson. Roger Jackson said that he was asleep in his home when he was awakened by gunshots. He said that he observed **JACKSON** come in the back door stating, "Dad, I'm shot." Roger Jackson then drove **JACKSON** to the hospital.

As JPSO processed the scene of the shooting, they observed a blood trail from 1101 Lurline Drive and ending at **JACKSON'S** home at 1105 Lurline Drive. JPSO located an additional blood trail from 1101 Lurline Drive that ended on the side of a raised residence located at 1109 Lurline Drive. JPSO noticed that latticework that surrounded the lower portion of the residence was pushed inward. JPSO then looked under the house and saw a loaded semi-automatic handgun, specifically a Springfield Armory Model 1911-A1, .45 caliber semi-automatic handgun, bearing serial number N436526, with blood on it. The Springfield Arms firearm fits the definition of "firearm" as described in 18 U.S.C. § 921(a)(3). DNA analysis later determined that the blood on the firearm was **JACKSON'S**. **JACKSON** knowingly possessed the loaded firearm prior to the shooting and placed it under the house where it was later recovered by JPSO.

Before **JACKSON** came into possession of the Springfield Arms firearm, the firearm traveled in interstate commerce, including from Mississippi, where it was stolen from its original owner, to Louisiana. At the time **JACKSON** possessed the Springfield Arms firearm, **JACKSON** had been convicted of a crime punishable by imprisonment for a term in excess of one year, specifically a February 2008 conviction for possession of cocaine, in violation of La. R.S. 40:967(C) in Jefferson Parish case number 07-6930 "N."
