Woodford County Man Sentenced to 42 Months for Fraudulently Obtaining COVID Relief Loans

LEXINGTON, Ky. – A Versailles, Ky., man, Randall “Rocky” Blankenship, Jr., 49, was sentenced to 42 months in federal prison on Thursday, by U.S. District Judge Karen C. Caldwell, after pleading guilty to a conspiracy to commit wire fraud to obtain Paycheck Protection Program loans under false pretenses.

According to his plea agreement, in April 2020, Blankenship submitted four fraudulent applications for Paycheck Protection Program (PPP) loans for Blankenship RV Finance Solutions LLC, RSGG Properties LLC, RSGG Holdings LLC, and RSGG Investments LLC, all business entities he formed. The Paycheck Protection Program was created as part of the CARES Act, a law passed in March 2020 in response to the COVID-19 pandemic. Paycheck Protection Program loans were designed to provide an incentive for small businesses to keep workers on their payroll during the pandemic; these loans would be forgiven by the United States Small Business Administration, if the borrower established that loan proceeds were used for payroll, rent, or other approved business expenses. The amount of the loan was dependent on the business’s payroll.

As part of his fraudulent PPP loan applications, Blankenship, with the assistance of an accountant, created fake tax documents and payroll records indicating that his businesses had hundreds of thousands of dollars in quarterly payroll; when in fact, none of the entities had any payroll expense at all. Blankenship submitted the applications through Kentucky Bank and Independence Bank; and as a result, he obtained fraudulent PPP loans totaling \$1,323,829. According to his plea, he used some of the funds for a RV business he owned (which had already received its own PPP loan and was ineligible for additional loans at the time), as well as personal use, including paying off casino debt and purchasing real estate. Blankenship has repaid the stolen funds in full.

In a related case before Judge Caldwell, the accountant, Tammy Jo Goodwin, also pled guilty to conspiring with Blankenship to fraudulently obtain PPP loans. Goodwin’s sentencing is scheduled for September 26, 2022.

Under federal law, Blankenship must serve at least 85 percent of his prison

sentence. Upon his release from prison, he will be under the supervision of the U.S. Probation Office for three years. In addition to the term of imprisonment, Blankenship was ordered to pay a \$30,000 fine.

The investigation was conducted by the FBI, FDIC-OIG, and FRB. The United States was represented by Assistant U.S. Attorney Paul McCaffrey.

On May 17, 2021, the Attorney General established the COVID-19 Fraud Enforcement Task Force to marshal the resources of the Department of Justice in partnership with agencies across government to enhance efforts to combat and prevent pandemic-related fraud. The Task Force bolsters efforts to investigate and prosecute the most culpable domestic and international criminal actors and assists agencies tasked with administering relief programs to prevent fraud by, among other methods, augmenting and incorporating existing coordination mechanisms, identifying resources and techniques to uncover fraudulent actors and their schemes, and sharing and harnessing information and insights gained from prior enforcement efforts.
