PROJECT BACKGROUND

Elder Justice professionals often feel siloed in their work.

The goal of this project is to utilize a peer support community to aid elder abuse multidisciplinary teams (MDTs) in communicating with and learning from one another.
WHY BUILD A MDT COMMUNITY?

Elder Abuse MDTs encounter unique challenges.
Elder Justice professionals often feel siloed.
It is currently challenging to identify other elder abuse MDTs across the country for collaboration.
Elder Abuse MDTs members have a wealth of knowledge to share.
WHAT THIS COMMUNITY IS

- A place to share information about your teams work
- A place to ask technical questions about the development and management of your MDT
- A place to learn from one another
- A place to find EJI created educational materials
- A place to share your outreach education materials
- A place to ask questions of the MDT TAC
