

# PROVIDING INNOVATIVE TRAINING

... 1 9 7 8

## TRAINING

[www.nw3c.org](http://www.nw3c.org)

### Cyber Investigations

Learn to conduct traditional and online investigations and properly collect and present information retained by electronic service providers.

### Financial Crime

Learn how to identify and examine documents, recognize fraud indicators, and bring financial crime cases to prosecution.

### Digital Forensics

Learn to collect, preserve, and acquire evidence from digital devices and electronic storage media in a forensically-sound manner.

### Intelligence

Learn to collect, analyze, report, and assess criminal intelligence information in cases ranging from local to transnational crime and terrorism.

### Legal

Learn to use digital evidence effectively in the courtroom with courses tailored for prosecutors' needs.

## Methods of Training

[www.nw3c.org](http://www.nw3c.org)

- NW3C offers a variety of learning methods for your preference and convenience.

01.

### In-Person

NW3C offers classroom training nationwide. Students gain hands-on experience with the most up-to-date tools and techniques being used in the field today.

02.

### Virtual

Instructor-led training is now available remotely during interactive, live online training sessions.

03.

### Self-Paced

Access innovative training 24/7 on relevant topics such as virtual currency, the dark web, encryption, and more.

04.

### Webinars

On the road or at your desk, NW3C webinars offer live and on-demand training at your convenience.

## Need technical assistance?

Need help with an investigation? NW3C offers no-cost technical assistance online or on-site to help you solve your investigations. Industry experts are here to address a variety of topics including cybercrime, financial crime, intelligence, and IP theft.

## Tools & Resources

NW3C offers over 300 innovative tools and resources to assist law enforcement partners in the investigation and prosecution of economic and high-tech crime. These include PerpHound™, NW3C Utility Suite, legal templates, law enforcement guides, and roll call videos.

## NW3C CERTIFICATIONS

Certifications can help you qualify as a skilled fact or expert witness, distinguish yourself professionally, and obtain the next step in your career. NW3C offers law enforcement and private sector practitioners the opportunity to earn professional certifications. NW3C certifications, backed by our industry-leading expertise and reputation, attest to demonstrated competence in digital forensics, cybercrime investigations, and complex financial crime investigations.

To qualify for any of the NW3C certifications, an applicant must satisfy a minimum of 25 points, which are based on several conditions including education, work experience, training, and certifications.
