**Notice of Lodging of Proposed Consent Decree Under the Clean Air Act**

On January 29, 2019, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of Massachusetts in the lawsuit entitled *United States v. wTe Recycling, Inc.*, Civil Action

Number 3:19-cv-30016. The proposed consent decree resolves the claims set forth in the Complaint filed in this matter asserted by the United States against Defendant wTe Recycling, Inc. (“wTe”), pursuant to the Clean Air Act, 42 U.S.C. 7401–7671q, with respect to wTe’s metals recycling facility located at 75 Southern Avenue in Greenfield, Massachusetts (“Facility”). The claims alleged in the complaint pertain to a change in operations at the Facility in 1991 that caused continuing excess emissions of volatile organic compounds above applicable emissions thresholds and wTe’s failure to implement appropriate control technology and obtain required regulatory approvals, as well as violations relating to the operation of the recycling engines at the Facility. The proposed consent decree would require wTe to pay a civil penalty of \$277,000 as well as to begin a scheduled phase-out of its acceptance of the materials causing the excess emissions culminating in total cessation by mid-2021 and to mitigate the excess emissions by purchasing and retiring discrete emission reduction credits.

The publication of this notice opens a period for public comment on the proposed consent decree and proposed settlement agreement. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. wTe Recycling, Inc.*, Civil Action Number 3:19–cv–30016, D.J. Ref. No. 90–5–2–1–11810. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

**DEPARTMENT OF JUSTICE**

**Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act**

On January 30, 2019, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of New Jersey in the lawsuit entitled *United States v. The Sherwin-Williams Company*, Civil Action No. 1:19-cv-01907.

The complaint in this case, brought under the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9601, *et seq.*, seeks the recovery of costs incurred by the U.S. Environmental Protection Agency (“EPA”) in response to the release of hazardous substances at the Sherwin-Williams/Hilliards Creek Site, Route 561 Dump Site, and United States Avenue Burn Site (the “Sites”), located in Gibbsboro and Voorhees, New Jersey, and the performance of the soils and sediments operable unit remedy selected by EPA for the United States Avenue Burn Site. Under the proposed consent decree, The Sherwin-Williams Company will reimburse the United States \$1,460,758.94 for EPA past costs relating to the Sites and will perform the United States Avenue Burn Site soils and sediments operable unit remedy. The proposed decree also includes a mechanism that provides for the potential incorporation into the decree of performance by Sherwin-Williams of additional operable unit remedies that will be selected by EPA for the Sites.

The publication of this notice opens a period for public comment on the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. The Sherwin-Williams Company*, D.J. Ref. No. 90–11–3–09023/2. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:
