VII. 26 U.S.C. Section 162(f)(2)(A)(ii) Identification

For purposes of the identification requirement in Section 162(f)(2)(A)(ii) of the Internal Revenue Code, 26 U.S.C. § 162(f)(2)(A)(ii), and 26 C.F.R. § 1.162-21(b)(2), the payment required by Section IV.A is restitution, remediation, or required to come into compliance with law.

X. Modification

The terms of this Agreement may be modified only by a subsequent written agreement signed by all of the Parties.

XI. Execution

This Agreement may be executed in several counterparts, each of which shall constitute an original, and all of which shall constitute one and the same instrument.

XII. Public Comment

Final approval by the United States and the State Trustees, and the effectiveness of this Agreement are subject to public notice and a comment period of not less than 30 days after publication of this Agreement in the Federal Register and the Texas Register. Each Settling Defendant agrees not to withdraw its consent to the Agreement pending consideration of public comments and approval by the United States and the State Trustees. If public comments disclose facts or considerations that indicate that this Agreement is inappropriate, improper, or inadequate, the United States or the State Trustees may withdraw their approval of the Agreement. Should the United States or the State Trustees withdraw their approval, this Agreement shall be null and void.

XIII. Effective Date

The Effective Date of this Agreement shall be the date upon which the United States, in consultation with the State Trustees, issues written notice to each Settling Defendant that the public comment period pursuant to Section XII has closed and that comments received, if any, do not require modification or the United States' or the State Trustees' withdrawal from this agreement.
