## I. BACKGROUND

A. The United States of America, on behalf of the Secretary of the United States Department of the Interior (DOI), through the undersigned attorneys, filed a complaint in this action pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, (CERCLA), 42 U.S.C. § 9607, Section 311(f) of the Federal Water Pollution Control Act (also known as the Clean Water Act or “CWA”), 33 U.S.C. § 1321(f), and Section 1002 of the Oil Pollution Act (OPA), 33 U.S.C. § 2702.

B. The complaint alleges that defendant Energy Transfer (R&M), LLC (“Settling Defendant”), is liable under CERCLA, the CWA, and OPA for damages for injury to, destruction of, or loss of natural resources resulting from the release of hazardous substances and the discharge of oil at or to the Duck & Otter Creeks NRDA Site (“Site”) located in Lucas and Wood Counties, Ohio.

C. The Site is located within the Maumee Area of Concern. The United States alleged in its complaint that natural resources associated with Duck Creek and Otter Creek have been injured as a result of numerous spills and other releases of hazardous substances and discharges of oil from refineries and other industrial complexes located along the creek banks for over a century. Predecessors of Settling Defendant are the past owners of one such refinery. Despite the industrialized nature of the watershed, substantial wetland complexes remain present along the creeks.

D. The Maumee Remedial Action Plan identified the joint Duck and Otter Creeks watershed as a priority project in 1997. An extensive investigation of Duck and Otter Creeks’ sediment, stream conditions, and ecological conditions was subsequently conducted. The U.S. Environmental Protection Agency and certain private parties, including Settling Defendant, entered into a Project Agreement under the Great Lakes Legacy Act to conduct further

investigations and perform a sediment removal project (“Remedial Action Project”). The Remedial Action Project was completed in December 2021.

E. Pursuant to Executive Order 12580, 52 Fed. Reg. 2923 (Jan. 23, 1987), and the National Contingency Plan, 40 C.F.R. Part 300, DOI, through the United States Fish and Wildlife Service, has been delegated authority to act on behalf of the public as Federal Trustee for natural resources impacted by the release of hazardous substance and/or discharge of oil at or from the Site.

F. The Federal Trustee has been involved in various natural resource damage assessment (“NRD Assessment” or “NRDA”) activities relating to the Site in accordance with the regulations found at 43 C.F.R. Part 11, for the purpose of evaluating the injury, destruction, or loss of natural resources resulting from the release of hazardous substances or discharge of oil at the Site and developing a plan to restore, replace, rehabilitate, or acquire the equivalent of the injured natural resources and associated natural resource services. The Federal Trustee has incurred and will continue to incur assessment costs associated with NRDA activities relating to the Site.

G. The Federal Trustee has prepared a draft Restoration Plan describing how funds dedicated to natural resource restoration efforts under this Consent Decree will be used. As provided by 42 U.S.C. § 9611(i) and 43 C.F.R. § 11.93, the Plan identifies how funds will be used for restoration, rehabilitation, replacement, or acquisition of equivalent resources. The Federal Trustee has identified water quality and habitat improvement projects at Clark Island and the Delaware / Horseshoe Island Complex within the Maumee River as an appropriate use of these funds. The Federal Trustee anticipates publishing the draft Restoration Plan for public comment concurrent with the lodging of this Consent Decree.

H. By entry into this Consent Decree, Settling Defendant does not admit any liability to Plaintiff arising out of the transactions or occurrences alleged in the complaint.

I. The Parties to this Consent Decree recognize, and the Court by entering this Consent Decree finds, that this Consent Decree: (i) has been negotiated by the Parties at arm's length and in good faith; (ii) will avoid prolonged and complicated litigation among the Parties; (iii) will expedite natural resource protection and restoration actions; and (iv) is fair, reasonable, in the public interest, and consistent with the statutory purposes of CERCLA, the CWA, and OPA.

NOW, THEREFORE, with the consent of the Parties to this Decree, it is hereby ORDERED as follows:

## II. JURISDICTION

1. This Court has jurisdiction over the subject matter of this action pursuant to 28 U.S.C. §§ 1331 and 1345, CERCLA Sections 107 and 113(b), 42 U.S.C. §§ 9607 and 9613(b), CWA Section 311(n), 33 U.S.C. § 1321(n), and OPA Section 1017(b), 33 U.S.C. § 2717(b). The Court has personal jurisdiction over Settling Defendant. Venue lies in this District under CERCLA Section 113(b), OPA Section 1017(b), and 28 U.S.C. §§ 1391(b) and 1395(a), because the Site is located in this judicial district. This Court retains jurisdiction over the subject matter of this action and over the Parties for the purpose of resolving disputes arising under this Decree, entering orders modifying this Decree, or effectuating or enforcing compliance with this Decree. Solely for the purposes of this Consent Decree and the underlying complaint, Settling Defendant waives all objections and defenses it may have to jurisdiction of the Court or to venue in this District. Settling Defendant shall not challenge the terms of this Consent Decree or this Court's jurisdiction to enter and enforce this Consent Decree.

#### IX. COVENANTS NOT TO SUE BY PLAINTIFF

17. Subject to Section X (Reservations of Rights by Plaintiff), Plaintiff hereby covenants not to sue or to take administrative action against Settling Defendant to recover Covered Natural Resource Damages. This covenant (a) takes effect upon the Effective Date, (b) is conditioned upon the satisfactory performance by Settling Defendant of its obligations under this Consent Decree, (c) extends to the successors of Settling Defendant but only to the extent that the alleged liability of the successor is based solely on its status as a successor of Settling Defendant, and (d) does not extend to any other person.

#### X. RESERVATION OF RIGHTS BY PLAINTIFF

18. General Reservations. The United States reserves, and this Consent Decree is without prejudice to, all rights against Settling Defendant and with respect to all matters not expressly included within Section IX (Covenant Not to Sue by Plaintiff), of this Consent Decree. Notwithstanding any other provisions of this Consent Decree, Plaintiff reserves all rights against Settling Defendant with respect to:

a. liability for failure by Settling Defendant to meet a requirement of this Consent Decree;

b. liability for injunctive relief or administrative order enforcement to require removal or remedial action under CERCLA Section 106, 42 U.S.C. § 9606, CWA Section 309(b), 33 U.S.C. § 1319(b), or any other applicable federal or state law;

c. liability for costs incurred or to be incurred by Plaintiff that are not within the definition of Covered Natural Resource Damages, including but not limited to (i) response costs incurred by Plaintiff under CERCLA or any other applicable federal or state law that authorizes removal or remedial actions relating to hazardous substance releases, and (ii) costs of any health assessment or health effects study under CERCLA Section 107(a)(4)(D), 42 U.S.C. § 9607(a)(4)(D);

d. liability for natural resource damages resulting from releases or threatened releases of hazardous substances, or discharges or threatened discharges of oil, that occur (i) outside the Site or (ii) after the Date of Lodging;

e. liability for civil penalties under the CWA or any other applicable federal or state law; and

f. criminal liability.

19. Additional Reservation Regarding Natural Resource Damages. Notwithstanding any other provision of this Consent Decree, Plaintiff reserves and this Consent Decree is without prejudice to the right to institute proceedings against Settling Defendant in this action or in a new action seeking recovery of Natural Resource Damages for injury to, destruction of, or loss of natural resources to the extent based upon:

(a) conditions unknown to the Federal Trustee as of the Date of Lodging that result in releases of hazardous substances or discharges of oil at the Site that cause or contribute to the injury, destruction, or loss of Natural Resources (“Unknown Conditions”); or

(b) information received by the Federal Trustee after the Date of Lodging that, together with any other relevant information, indicates that releases of hazardous substances or discharges of oil at the Site have resulted in injury, destruction, or loss of Natural Resources of a type unknown or a magnitude substantially greater than was known to Federal Trustee as of the Date of Lodging (“New Information”).

20. For purposes of Paragraph 19, the conditions known to the Federal Trustee as of the Date of Lodging include only those documented in (i) files in the possession or control of the Federal Trustee, and (ii) any administrative record established by EPA for a removal or remedial action selected prior to the Date of Lodging.

21. The re-exposure, resuspension, or migration of hazardous substances or oil known to be present and unconfined in the environment at the Site as of the Date of Lodging does not create a basis for action by the Federal Trustee under Paragraph 19 if the re-exposure, resuspension, or migration resulted solely from (i) natural causes or (ii) the non-negligent implementation of a removal or remedial action at the Site, after the Date of Lodging, under an order issued by or a consent decree with EPA.

#### XI. COVENANTS NOT TO SUE BY SETTLING DEFENDANT

22. Subject to the reservation in Paragraph 23, Settling Defendant covenants not to sue or otherwise assert any claim or cause of action against Plaintiff relating to Covered Natural Resource Damages, the assessment of natural resource injuries and damages, or any restoration action relating to the Site, including any such claim under CERCLA, the CWA, OPA, the United States Constitution, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, or common law.

23. Settling Defendant’s Reservations. If Plaintiff brings a cause of action or takes administrative action under the reservations in Paragraph 19 (Additional Reservation Regarding

Natural Resource Damages), Settling Defendant's covenant not to sue will not apply to claims by Settling Defendant that arise from the same damages that Plaintiff is seeking pursuant to the applicable reservation.

XII. EFFECT OF SETTLEMENT / CONTRIBUTION PROTECTION

24. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Each of the Parties expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto. Nothing in this Consent Decree diminishes the right of the United States or the States, pursuant to CERCLA Section 113(f)(2) and (3), 42 U.S.C. § 9613(f)(2)-(3), to pursue any such persons to obtain additional Natural Resource Damages, response costs, or response action and to enter into settlements that give rise to contribution protection pursuant to CERCLA Section 113(f)(2).

25. The Parties agree and by entering this Consent Decree the Court finds that: (a) the complaint filed by the United States in this action is a civil action within the meaning of CERCLA Section 113(f)(1), 42 U.S.C. § 9613(f)(1); (b) this Consent Decree constitutes a judicially-approved settlement under which Settling Defendant has, as of the Effective Date, resolved its liability to the United States within the meaning of CERCLA Sections 113(f)(2) and (f)(3)(B), 42 U.S.C. §§ 9613(f)(2) and 9613(f)(3)(B); and (c) Settling Defendant is entitled, as of the Effective Date, to protection from contribution actions or claims as provided by CERCLA Section 113(f)(2), 42 U.S.C. § 9613(f)(2), or as may be otherwise provided by law, for the "matters addressed" in this Consent Decree. The "matters addressed" in this Consent Decree are Covered Natural Resource Damages, provided, however, that if the United States exercises rights

under the reservations in Paragraph 19 (Additional Reservation Regarding Natural Resource Damages), the “matters addressed” in this Consent Decree will no longer include those Natural Resource Damages that are within the scope of the exercised reservation.

26. Settling Defendant shall, with respect to any suit or claim brought by it for matters related to this Consent Decree, notify the United States no later than 60 Days prior to the initiation of such suit or claim. Settling Defendant shall, with respect to any suit or claim brought against it for matters related to this Consent Decree, notify the United States in writing within 10 Days after service of the complaint or claim upon it. In addition, Settling Defendant shall notify the United States within 10 Days of service or receipt of any Motion for Summary Judgment and within 10 Days after receipt of any order from a court setting a case for trial, for matters related to this Consent Decree.

27. Res Judicata and Other Defenses. In any subsequent administrative or judicial proceeding initiated against Settling Defendant by the United States for injunctive relief, recovery of response costs or Natural Resource Damages, or other appropriate relief relating to the Site, Settling Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, claim-splitting, or other defenses based upon any contention that the claims raised by the United States in the subsequent proceeding were or should have been brought in the instant case.

28. Nothing in this Consent Decree diminishes the right of the United States under CERCLA Section 113(f)(2) and (3), 42 U.S.C. § 4613(f)(2) and (3), to pursue any person not a party to this Consent Decree to obtain additional relief (including response action, response costs, and natural resource damages) and to enter into settlements that give rise to contribution protection pursuant to CERCLA Section 113(f)(2).

### XIII. RETENTION OF RECORDS

29. Retention of Records and Information. Settling Defendant shall retain, and instruct its contractors and agents to retain, the following documents and electronically stored data (“Records”) until 1 year after the Effective Date:

a. All records regarding Settling Defendant’s liability under CERCLA or the CWA regarding the Site; and

b. All records created or generated in accordance with this Consent Decree.

30. At the end of the Record Retention Period, Settling Defendant shall notify the Federal Trustee that it has 90 days to request the Settling Defendant’s Records subject to this Section. Settling Defendant shall retain and preserve its Records subject to this Section until 90 days after the Trustee’s receipt of the notice. These record retention requirements apply regardless of any corporate record retention policy.

31. Settling Defendant shall provide to Federal Trustee, upon request, copies of all Records and information required to be retained under this Section.

32. Privileged and Protected Claims.

a. Settling Defendant may assert that all or part of a record requested by Federal Trustee is privileged or protected as provided under federal law, in lieu of providing the record, provided that Settling Defendant complies with Paragraph 32.b., and except as provided in Paragraph 32.c.

b. If Settling Defendant asserts a claim of privilege or protection, it shall provide Federal Trustee with the following information regarding such record: its title; its date; the name, title, affiliation (e.g., company or firm), and address of the author, of each addressee, and of each recipient; a description of the record’s contents; and the privilege or protection asserted. If a claim of privilege or protection applies only to a portion of a

record, Settling Defendant shall provide the record to Federal Trustee in redacted form to mask the privileged or protected portion only. Settling Defendant shall retain all records that it claims to be privileged or protected until Federal Trustee has had a reasonable opportunity to dispute the privilege or protection claim and any such dispute has been resolved in Settling Defendant's favor.

c. Settling Defendant shall not make any claim of privilege or protection regarding: (1) any data regarding the Site, including all sampling, analytical, monitoring, hydrogeologic, scientific, chemical, radiological or engineering data, or the portion of any other record that evidences conditions at or around the Site; or (2) the portion of any record that Settling Defendant is required to create or generate in accordance with this Decree.

33. Business Confidential Claims. Settling Defendant may assert that all or part of a record provided to Federal Trustee under this Section is business confidential to the extent permitted by and in accordance with CERCLA Section 104(e)(7), 42 U.S.C. § 4604(e)(7), and 40 C.F.R. § 2.203(b). Settling Defendant shall segregate and clearly identify all records or parts thereof submitted under this Consent Decree for which Settling Defendant asserts business confidentiality claims, labeling each page or each electronic file "confidential business information" or "CBI." Records that Settling Defendant claims to be confidential business information will be afforded the protection specified in 40 C.F.R. part 2, Subpart B. If no claim of confidentiality accompanies records when they are submitted to Federal Trustee, or if Federal Trustee has notified Settling Defendant that the records are not confidential under the standards of CERCLA Section 104(e)(7), 42 U.S.C. § 4604(e)(7), or 40 C.F.R. part 2, subpart B, the public may be given access to such records without further notice to Settling Defendant.

34. Notwithstanding any provision of this Consent Decree, the Federal Trustee retains all of its information gathering and inspection authorities and rights, including enforcement actions related thereto, under CERCLA, RCRA, CWA, and any other applicable statutes or regulations.

#### XIV. NOTICES

35. All agreements, approvals, consents, deliverables, modifications, notices, notifications, objections, proposals, reports, waivers, and requests specified in this Consent Decree must be in writing unless otherwise specified. Whenever a notice is required to be given or a report or other document is required to be sent by one Party to another under this Consent Decree, it must be sent as specified below. All notices under this Section are effective upon receipt, unless otherwise specified. In the case of emailed notices, there is a rebuttable presumption that such notices are received on the same day that they are sent. Any Party may change the method, person, or address applicable to it by providing notice of such change to all Parties.

#### XVIII. LODGING AND OPPORTUNITY FOR PUBLIC COMMENT

41. This Consent Decree will be lodged with the Court for a period of at least 30 days for public notice and comment in accordance with CERCLA Section 122(d), 42 U.S.C. § 9622(d), and 28 C.F.R. § 50.7.
