[1] Asylum decisions on affirmative and defensive applications issues in completed removal, deportation, exclusion, and asylum only proceedings or in proceedings that have been administratively closed. Initial case completions only.
[2] EOIR determined that creation of a "not adjudicated" code for applications would result in a more accurate description and render the "other" code unnecessary. In May 2019, EOIR deactivated the "other" code for applications.
[3] Administrative closure decisions for cases that have not been placed back on the docket. Redocketing occurs following an immigration judge's grant of a party's motion to recalendar.
