2026-23394	02/03/2026	N/A	hello, I am requesting the below information in consideration of future litigation regarding defamation of my character committed by (b) (6), aka (b) (6). The defamation was first discovered through FOIA request # 2025-99698, which was filed after an offer for a position of Immigration Judge at the 290 Broadway court in New York was withdrawn due to claims made by (b) (6) during a supervisor interview. Success on the merits of future litigation against (b) (6) for defamation has a strong likelihood as (b) (6) interview given to EOIR in relation to Immigration Judge Announcement DE-12723203-25-HRD is contradicted by positive appraisal records and final reviews, award nominations, and cash bonuses, written and submitted by (b) (6), which contradict her statements made to EOIR. Proof of such is currently in EOIR's hiring records as I previously submitted performance appraisal records and final reviews written by Margo Strauss. These documents can be found in my hiring records for: A. Immigration Judge, Announcement IJ-11811029-23-VG B. Immigration Judge, Announcement IJ-12116877-23-VG I applied to each of the six below Immigration Judge job announcements. For each of the six below listed immigration judge job announcements I am requesting: 1) The interviews of all supervisors that were interviewed, spoken to, written to, or otherwise, in connection with each of my six applications. As well as the notes of the EOIR staff or contractors taken during each supervisor interview. The supervisors interviewed were, including, but not limited to: A. (b) (6) B. (b) (6) C. (b) (6) D. (b) (6) E. (b) (6) F. (b) (6) 2) All emails from EOIR personnel who were involved in the hiring process mentioning (b) (6), (b) (6), (b) (6), (b) (6), or similar. As well as all emails from EOIR personnel involved in the hiring process discussing negative factors raised by any of my current or former supervisors. 3) Additionally, I am requesting to be notified of whether (b) (6), or her husband (b) (6), applied to any of the below listed immigration judge job announcements for a position in any New York City or New Jersey immigration court.	-	-	-

2026-23923	02/05/2026	Star Tribune	This is a request for documents under the Freedom of Information Act, 5 U.S.C. § 552. I am requesting documents from the Minnesota Fort Snelling Immigration Court's "IJ Hearing Calendar," for all detention, amelioration of conditions, bond, and/or custody re-determination hearings ("Detention Hearings") held between December 1, 2025 and the date this request is filled. For each Detention Hearing, please provide the noncitizen name, the A# (or at least the last three digits), the hearing type, the previous activity ("prev adj code"), the two-digit code showing the person's nationality, any names identified as noncitizen representatives and the date of the hearing. All this information appears on the public dockets posted at the courthouse each morning, and, as a result, any claim of exemption from FOIA has been waived. See Dep't of Justice Guide to the Freedom of Information Act: Waiver & Discretionary Disclosure at 1 (citing Davis v. DOJ, 968 F.2d 1276, 1279 (D.C. Cir. 1992); accord ACLU v. Please provide the records in an electronic format. I would prefer if this can be provided as a .csv file, assuming these records are stored in some sort of database structure. I ask that my request receive expedited processing because I have a compelling need, working for an organization that is primarily engaged in disseminating information, and there is an urgent need to inform the public about immigration detention hearings happening in the Minnesota Immigration Court. 2026-24264	02/06/2026	Hoppock Law Firm, LLC	On February 4, 2026 a number of Somali noncitizens with both individual hearings and master calendar hearings all had their hearings cancelled, the IJ changed, and a new March 2026 hearing scheduled. As you know, if the government is assigning noncitizens to special dockets or procedures based solely on nationality, that raises serious Fifth Amendment concerns. The Due Process Clause incorporates equal protection principles, and immigration proceedings cannot impose disparate procedural treatment on a particular nationality without a legitimate, non-discriminatory justification. To understand the scope of the new Somali Docket program, we are filing this FOIA request, asking for the following: - Any policies, memoranda, directives, guidance, or instructions September November 2025 concerning: - Somali nationals in removal proceedings; - Docketing, reassignment, or scheduling of cases involving Somali nationals; - Creation or use of nationality-specific dockets; or - Transfer of cases involving Somali nationals between immigration courts. - Any briefing materials, talking points, or internal analyses prepared for: - The Director or Deputy Director of EOIR; - The Office of the Chief Immigration Judge; or - Any Assistant Chief Immigration Judge concerning Somali removal proceedings or docket management involving Somali nationals. - Email messages or written communications between EOIR to any Assistant Chief Immigration Judge since December 1, 2025 containing any of the following terms: "Somali," "Somalia," "Somali docket," To be clear, the request for email messages is intended to include the attachments to those emails as well as the complete threaded email, including responses and replies from others. - Any reports, spreadsheets, or statistical summaries showing: - Case reassignments by nationality; - Hearing cancellations involving Somali respondents or	-	-	-

2026-24605	02/10/2026	Haven Law Group, APC.	records requested Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I am requesting all records related to electronic filing activity on the EOIR Courts and Appeals System (ECAS) associated with the account of Daniel T. Huang, Esq. (Haven Law Group, APC), for September 6, 2024, in connection with the cases of (b) (6), A (b) (6), and (b) (6), A (b) (6). On September 6, 2024, counsel used ECAS to file a Notice of Appeal (Form EOIR-26), Entry of Appearance (Form EOIR-27), and the associated \$110.00 filing fee for the above-referenced respondents. The filing fee was processed, and the EOIR-27 forms were accepted by the system on that date. However, the Form EOIR-26 does not appear in the ECAS docket. ECAS Technical Support (Ticket No. INC0395082, response dated February 6, 2025) confirmed the fee and EOIR-27 filings but was unable to locate the appeal. On February 9, 2026, the Board of Immigration Appeals dismissed the appeal as untimely for lack of jurisdiction, concluding that the evidence was insufficient to establish a technical error in the ECAS system. The records I am requesting are not part of the standard Record of Proceedings. I am requesting the internal server-side records that ECAS generates automatically when a user interacts with the system. Specifically, I request the following categories of records for September 6, 2024, associated with my ECAS user account and the above A-numbers: 1. Session and authentication logs, including all login timestamps, session identifiers, session duration, and session termination records (whether by logout, timeout, or disconnection). 2. Navigation and page-access logs showing all pages accessed, forms opened, and filing workflows initiated within the ECAS interface during each session. 3. File upload records, including all upload attempts (whether completed, failed, interrupted, or timed out), the filenames and file types submitted, file sizes, upload start and completion timestamps, and any system-generated confirmation or rejection responses. 4. Transaction and payment processing logs for the \$110.00 filing fee, including the sequence of system actions preceding and following the payment, and any filing actions linked to or triggered by the payment transaction. 5. System error logs, exception logs, and timeout records associated with my account or with A-numbers (b) (6) and (b) (6), including any failed database writes, dropped connections, server errors, or incomplete transaction entries. 6. Audit trail records showing the chronological sequence in which the EOIR-27 forms and the filing fee were	-	-	-

2026-25521	02/13/2026	N/A	I am writing to request access to records under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Specifically, I am seeking the following information: All of the codes the Executive Office for Immigration Review uses in its data to categorize the various types of decisions that immigration judges make regarding requests for bond. I request each letter code and its definition. 2026-25562	02/13/2026	N/A	Pursuant to the Freedom of Information Act, I hereby request the following records: Summary of oral decisions of Immigration Judge John P. Burns Dated 04/30/2023 – 02/13/2026. The term "Summary of Oral Decisions" refers to the official opinions issued by the immigration court in the form of concise summaries, intended for the convenience of the parties involved. These summaries aim to capture the essential points of oral decisions made during specific proceedings. It's important to note that these summaries are not meant to replace the original oral decisions but rather to serve as supplementary aids for better comprehension. Regarding the specific request for "oral decision of immigration judge John Burns" with the IJ code "JHB," I understand that due to an ongoing backlog, locating Summaries of Decisions that have not yet been electronically filed could be challenging at this time. For this reason, I am requesting the production of all eROPs (electronically stored Summaries of Decisions) for the sake of efficiency. Furthermore, I request that if one aspect of this request will take significantly longer than the other, please release the documents as they become accessible. We would appreciate your assistance in randomly selecting 75 eROPs. We hold a specific interest in the respondent's country of origin, namely China, Mexico and Ecuador. Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. This includes, but is not limited to, records relied upon in reaching the following conclusions or statements made in the interim final rule: a.In the vast majority of cases, the Board of Immigration Appeals (BIA) affirms the IJ's underlying decision; b.Reply briefs rarely, if ever, positively contribute to the arguments at issue before the BIA; c.Additional resources and better management would not allow the BIA to meaningfully address the backlog of cases; d.Review and approval of transcripts is unnecessary because existing technology results in accurate translations, and review only catches minor typographical errors; e.Regulations allowing the Chief Appellate Immigration Judge to extend adjudication deadlines is exclusively or regularly used to delay cases at whim; f.Regulation allowing the Chief Appellate Immigration Judge to hold cases based on a pending, impactful action has rarely been used. 2.Aggregate data, from January 1, 2020 to present, on the following: a.The rate at which the BIA affirms the underlying immigration judge's decision on appeal; b.The rate at which the BIA reverses the underlying immigration judge's decision on appeal; c.The rate at which DHS appeals an immigration judge's decision to the BIA; d.The frequency with which errors are identified through transcript review under 8 CFR 1003.5(a); e.Rate of appeals deemed spurious or frivolous, and an explanation of how EOIR determines whether an appeal is spurious. 2026-26168	02/18/2026	Hoppock Law Firm, LLC	On February 4, 2026 there was reporting of a new operation within EOIR to take the cases of Somali nationals and move them to a new process. There are sincere concerns among stakeholders that targeting noncitizens of particular nationalities violates several provisions of the United States constitution. I previously filed a FOIA request asking for emails mentioning the word "Somali" - 22026-24264. However, there has been additional reporting that has revealed additional search terms, so I am filing a new FOIA. My intention is not to duplicate the previous FOIA. So for this request, I am asking for guidance or email messages to ACIJ's that use the words "Cache" or "Cached." The date range of the search should be from December 1, 2025 to present day. If it becomes necessary to limit this search to a certain number of ACIJ's, I only intend to request guidance issued to the ACIJ's who have been assigned the Somali docket cases (as far as we are aware that currently includes the Oakdale ACIJ, the Chicago ACIJ, the Fort Snelling ACIJ, and the Omaha ACIJ). We understand that the term "Cache" is being used to signify the placement of a case with a specific ACIJ so that it remains with that IJ even if a change of venue is granted. However, to date there has been no reporting of that term being used by EOIR in any manner related to case scheduling, so it is unclear whether we have the spelling correct or understood it in the right context. However, if there is a different spelling of that term, please note that our intention is to search for a limited set of guidance documents that relate to the notion of placing a removal case with a specific ACIJ such that even if venue change is granted, the ACIJ will remain with the case.
