

In 2019, Oman made a moderate advancement in efforts to eliminate the worst forms of child labor. The Ministry of Social Development issued regulations for determining whether a child is employed in a family business and for the medical examinations that a business must complete before employing a child. In addition, the National Committee for Combating Human Trafficking conducted two multi-day training programs on human trafficking for government officials and the Ministry of Manpower released a video in Arabic and English that clarified the rights and responsibilities of migrant workers. Although research is limited, there is evidence that children in Oman engage in child labor, including in fishing and selling items in kiosks. Government policies do not address all forms of child labor and the Ministry of Manpower is not represented on the National Committee on Implementing the United Nations Convention on the Rights of the Child. In addition, the government did not provide information on the amount of the labor inspectorate's funding, the number of inspectors, or training for inclusion in this report.

I. PREVALENCE AND SECTORAL DISTRIBUTION OF CHILD LABOR

Although research is limited, there is evidence that children in Oman engage in child labor, including in fishing and selling items in kiosks. (1-3) The law limits children's work to a family business. (4) Table I provides key indicators on children's work and education in Oman. Data on some of these indicators are not available from the sources used in this report.

Table I. Statistics on Children's Work and Education

Children	Age	Percent
Working (% and population)	5 to 14	Unavailable
Attending School (%)	5 to 14	Unavailable
Combining Work and School (%)	7 to 14	Unavailable
Primary Completion Rate (%)		100.4

Source for primary completion rate: Data from 2018, published by UNESCO Institute for Statistics, 2020. (5)

Source for all other data: Data were unavailable from ILO's analysis, 2020. (6)

Based on a review of available information, Table 2 provides an overview of children's work by sector and activity.

Table 2. Overview of Children's Work by Sector and Activity

Sector/Industry	Activity
Agriculture	Farming, activities unknown (1,3)
	Fishing, activities unknown (1-3)
Services	Selling food items in kiosks, including fish† and grilled meat† (1)

† Determined by national law or regulation as hazardous and, as such, relevant to Article 3(d) of ILO C. 182.

Limited evidence suggests that children with disabilities may face barriers to accessing education because some school buses are not wheelchair accessible. In addition, the government has not allocated resources to enable relevant ministries and schools to provide equal educational services to intellectually disabled students.(9,10)

III. ENFORCEMENT OF LAWS ON CHILD LABOR

The government has established institutional mechanisms for the enforcement of laws and regulations on child labor (Table 5). However, gaps exist within the authority of the Ministry of Manpower that may hinder adequate enforcement of their child labor laws.

Table 5. Agencies Responsible for Child Labor Law Enforcement

Organization/Agency	Role
Ministry of Manpower	Monitors and enforces child labor laws, conducts labor inspections, and shares information with the Royal Oman Police on labor and criminal law violations when penalties are pursued. (8)
Ministry of Social Development (MOSD)	Enforces the Child Law, including by receiving complaints and referring cases to the Royal Oman Police and the Office of the Public Prosecutor. (8)

Labor Law Enforcement

In 2019, labor law enforcement agencies in Oman took actions to combat child labor (Table 6). However, gaps exist within the authority of the Ministry of Manpower that may hinder adequate labor law enforcement, including penalty assessment authorization.

The Ministry of Manpower conducts yearly inspections of all private institutions and re-inspections of workplaces found to be in violation of labor laws. The Ministry of Manpower also conducts labor inspections following a complaint. (23) The Ministry of Manpower did not report an exact number of labor inspectors in 2019, but officials indicated it exceeds the ILO's recommended number of inspectors for the size of Oman's workforce. (3)

In 2019, the Ministry of Social Development (MOSD) issued implementing regulations for the Child's Law defining which family members count in determining whether a child's employment is in a family business. The regulations also stipulate intervals and certification requirements for medical examinations of employed children. (3)

The Ministry of Manpower and the MOSD can coordinate with the Royal Oman Police to shelter child victims and refer violators for criminal investigation. An official stated that the Ministry of Manpower can refer a case of child labor to the MOSD if the child is under the minimum age for work. (3)

MODERATE ADVANCEMENT

The government did not provide information for this report regarding the amount of the labor inspectorate's funding, the number of inspectors, or trainings provided. (4)

Criminal Law Enforcement

In 2019, the government's criminal law enforcement agencies appeared to function adequately in addressing child labor (Table 7).

Table 7. Criminal Law Enforcement Efforts Related to Child Labor

In 2019, the government held a 2-day seminar and a separate 2-day workshop on combating human trafficking for government officials. (3)

IV. COORDINATION OF GOVERNMENT EFFORTS ON CHILD LABOR

The government has established mechanisms to coordinate its efforts to address child labor (Table 8). However, gaps exist that hinder the effective coordination of efforts to address child labor, including the omission of the Ministry of Manpower from the National Committee on Implementing the UN CRC.

Table 8. Key Mechanisms to Coordinate Government Efforts on Child Labor

Coordinating Body	Role & Description
National Committee on Implementing the UN CRC	Led by the MOSD, oversees the implementation of the UN CRC, including its provisions related to child labor and its worst forms. There are subcommittees in all 11 governorates. (8) Other members include three other state agencies. The Ministry of Manpower is not represented. (8) In 2019, the Minister of Social Development met with the UNICEF Regional Director and delegation to discuss cooperation with UNICEF on implementation of the UN CRC. (25)
National Committee for Combating Human Trafficking	Oversees the National Plan for Combating Human Trafficking. Includes the Royal Oman Police and 10 other state agencies. (8) In 2019, held a seminar and a separate workshop on combating human trafficking. (3)

V. GOVERNMENT POLICIES ON CHILD LABOR

The government has established policies related to child labor (Table 9). However, policy gaps exist that hinder efforts to address child labor, including covering all worst forms of child labor.

Table 9. Key Policies Related to Child Labor

Policy	Description
National Plan for Combating Human Trafficking (2018–2020)†	Aims to raise awareness among migrant workers on their rights and responsibilities and to raise awareness on countering human trafficking through leaflets, posters, websites, and social media. Establishes a human trafficking task force, including representatives from the Ministry of Manpower, the Royal Oman Police, the MOSD, and other agencies, to follow up on cases of human trafficking. (26) Establishes specialized human trafficking units in the Court of Appeals in Muscat and in the above-mentioned ministries. Regulates domestic work and allows for inspection of homes upon receipt of complaints from domestic workers. Provides annual training to government agencies and private companies on countering human trafficking. (26) In March 2019, the Ministry of Manpower released a video in Arabic and English that clarified the rights and responsibilities of migrant workers. (24)

Although the Government of Oman has adopted the National Plan for Combating Human Trafficking, it does not have a comprehensive policy to address all forms of child labor, including in farming and fishing.

VI. SOCIAL PROGRAMS TO ADDRESS CHILD LABOR

In 2019, the government funded and participated in programs that include the goal of eliminating or preventing child labor, which cover the main sectors where child labor has been identified in the country (Table 10).

Program	Description
Social Security Cash Transfer Program†	Provides assistance to children in low-income families, including educational services. (20) Active in 2019. (25)

† Program is funded by the Government of Oman

VII. SUGGESTED GOVERNMENT ACTIONS TO ELIMINATE CHILD LABOR

Based on the reporting above, suggested actions are identified that would advance the elimination of child labor in Oman (Table 11).
