[REDACTED] the two re-stamped versions are attached. I'll call [REDACTED] chambers and set a time for me to bring over the thumb drive containing the supplemental 3500 production (with the correct 3521-003 and 3521-004 included). Thanks!

Thanks so much for flagging, [REDACTED] I just re-stamped the materials as 3521-003 and 3521-004, saved [here](#). I've loaded the two files to the thumb drive for [REDACTED] that contains the supplemental 3500 production and swapped out the incorrect versions. If that sounds good to go, I can bring it over to chambers later this morning.

Since I'm joining this production a bit late, do these two re-stamped files need to be sent out anywhere else? Thanks!

[REDACTED]

The index listed this correctly as 3521-003 and 3521-004, but we produced as 3521-004 and 3521-005 (I think). When you have a chance, can you please confirm? If so, I think let's reproduce as 3521-003 and 3521-004, but let me know if you think that will be more confusing/make more work.

Thanks,
[REDACTED]

Counsel –

We were not provided [REDACTED] 3521-003 material.

Can you please confirm whether that was intentional, and if not, provide it?

Thank you,

Laura
