Mr. Larry Johnson
Marine Shale Processors, Inc.
8146 One Calais Avenue - Suite 107
Baton Rouge, Louisiana

Dear Mr. Johnson:

Please amend the Materials Characterization Data Sheets with Marine Shale Processors code numbers EE 0006 and EE 0016 to include the proper manifest information.

The correct information for each of these waste streams is as follows:

US DOT Shipping Name	Waste Paint Related Material
US DOT Hazard Class	Flammable Liquid
NA Number	NA1263

If you should have any questions, please do not hesitate to contact me.

Sincerely,
ENVIRONMENTAL ENTERPRISES, INC.,

Warren G. Taylor

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threats to human health and the environment. OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.
