ELDER JUSTICE NETWORK LOCATOR MAP

The Elder Justice Initiative (EJI) at the US Department of Justice has launched the **Elder Justice Network Locator Map**, a map of the nation's elder justice networks. Network is broadly defined as any team working elder abuse issues.

This "**Locator**" is designed to enable elder justice professionals to locate and collaborate with elder justice networks/teams across the nation.

Please note that for-profit organizations and dot coms cannot be included. Other rules may apply. Submission is not a guarantee of inclusion in the Locator.

THE NATIONAL ELDER ABUSE MDT PEER SUPPORT COMMUNITY

In collaboration with California District Attorneys Association (CDAA), the Elder Justice Initiative (EJI) has created a peer support community to aid elder justice multidisciplinary teams (MDTs) in communicating with and learning from one another. This community includes a traditional moderated listserv, a documents library for sharing relevant resources, and includes the ability for members to message each other. To join, email one of the moderators:
