ALSTOM NETWORK SCHWEIZ AG  
(formerly known as ALSTOM PROM AG)

18 U.S.C. § 371

**PLEA AGREEMENT**

The United States of America, by and through the Department of Justice, Criminal Division, Fraud Section, and the United States Attorney's Office for the District of Connecticut (collectively, the "Department of Justice" or the "Department"), and the Defendant, ALSTOM NETWORK SCHWEIZ AG, formerly known as ALSTOM PROM AG, (the "Defendant"), by and through its undersigned attorneys, and through its authorized representative, pursuant to authority granted by the Defendant's Board of Directors, hereby submit and enter into this plea agreement (the "Agreement"), pursuant to Rule 11(c)(1)(C) of the Federal Rules of Criminal Procedure. The terms and conditions of this Agreement are as follows:

**The Defendant's Agreement**

1. Pursuant to Fed. R. Crim. P. 11(c)(1)(C), the Defendant agrees to waive its right to grand jury indictment and its right to challenge venue in the District Court for the District of Connecticut, and to plead guilty to a one-count criminal information charging the Company with conspiracy to commit offenses against the United States in violation of Title 18, United States Code, Section 371, that is, to violate the anti-bribery provisions of the Foreign Corrupt Practices Act of 1977 ("FCPA"), as amended, Title 15, United States Code, Sections 78dd-2 and 78dd-3. The Defendant further agrees to persist in that plea through sentencing and, as set forth below, to

cooperate fully with the Department in its investigation into the conduct described in this Agreement and other conduct related to corrupt payments and related false books and records and failure to implement adequate internal accounting controls.

2. The Defendant understands that, to be guilty of these offenses, the following essential elements of the offense must be satisfied:

- a. An unlawful agreement between two or more individuals to violate the FCPA existed; specifically, to corruptly make use of the mails and means and instrumentalities of interstate commerce with a domestic concern, or to take any act while in the territory of the United States, in furtherance of an offer, payment, promise to pay, and authorization of the payment of any money, offer, gift, promise to give, and authorization of the giving of anything of value, to a foreign official, and to a person, while knowing that all or a portion of such money and thing of value would be and had been offered, given, and promised to a foreign official, for purposes of: (i) influencing acts and decisions of such foreign official in his or her official capacity; (ii) inducing such foreign official to do and omit to do acts in violation of the lawful duty of such official; (iii) securing an improper advantage; and (iv) inducing such foreign official to use his or her influence with a foreign government and agencies and instrumentalities thereof to affect and influence acts and decisions of such government and agencies and instrumentalities, in order to assist defendant and his co-conspirators in obtaining and retaining business for and with, and directing business to, their employer and others;

- b. The Defendant knowingly and willfully entered that conspiracy;
- c. One of the members of the conspiracy knowingly committed, in the District of Connecticut or elsewhere in the United States, at least one of the overt acts charged in the Information; and
- d. The overt acts were committed to further some objective of the conspiracy.

3. The Defendant understands and agrees that this Agreement is between the Department and the Defendant and does not bind any other division or section of the Department of Justice or any other federal, state, or local prosecuting, administrative, or regulatory authority. Nevertheless, the Department will bring this Agreement, the nature of the conduct, and the cooperation and remediation of the Defendant, its direct or indirect affiliates, subsidiaries, and joint ventures, to the attention of other prosecuting authorities or other agencies, as well as debarment authorities and Multilateral Development Banks (“MDBs”), if requested by the Defendant.

4. The Defendant agrees that this Agreement will be executed by an authorized corporate representative. The Defendant further agrees that a resolution duly adopted by the Defendant’s Board of Directors in the form attached to this Agreement as Exhibit 1, authorizes the Defendant to enter into this Agreement and take all necessary steps to effectuate this Agreement, and that the signatures on this Agreement by the Defendant and its counsel are authorized by the Defendant’s Board of Directors, on behalf of the Defendant.

5. The Defendant agrees that it has the full legal right, power, and authority to enter into and perform all of its obligations under this Agreement.

6. The Defendant agrees to abide by all terms and obligations of this Agreement as described herein, including, but not limited to, the following:

- a. to plead guilty as set forth in this Agreement;
- b. to abide by all sentencing stipulations contained in this Agreement;
- c. to appear, through its duly appointed representatives, as ordered for all court appearances, and obey any other ongoing court order in this matter, consistent with all applicable U.S. and foreign laws, procedures, and regulations;
- d. to commit no further crimes;
- e. to be truthful at all times with the Court;
- f. to pay the applicable fine and special assessment; and
- g. to fulfill the obligations described in Exhibit 3 and Exhibit 4.

7. Except as may otherwise be agreed by the parties hereto in connection with a particular transaction, the Defendant agrees that in the event the Defendant sells, merges, or transfers all or substantially all of its business operations as they exist as of the date of this Agreement, whether such sale(s) is/are structured as a stock or asset sale, merger, or transfer, the Defendant shall include in any contract for sale, merger, or transfer a provision fully binding the purchaser(s) or any successor(s) in interest thereto to the obligations described in this Agreement.

8. The Defendant shall cooperate fully with the Department in any and all matters relating to the conduct described in this Agreement and other conduct related to corrupt payments and related false books and records and failure to implement adequate internal accounting controls, subject to applicable law and regulations, until the date upon which all investigations and prosecutions arising out of such conduct are concluded. At the request of the Department, the Defendant shall also cooperate fully, subject to applicable law and regulations, with other domestic or foreign law enforcement and regulatory authorities and agencies, as well

as the Multilateral Development Banks (“MDBs”), in any investigation of the Defendant, its affiliates, or any of its present or former officers, directors, employees, agents, and consultants, or any other party, in any and all matters relating to the conduct described in this Agreement and other conduct related to corrupt payments and related false books and records and failure to implement adequate internal accounting controls. The Defendant agrees that its cooperation pursuant to this Paragraph shall include, but not be limited to, the following:

a. The Defendant shall truthfully disclose all factual information not protected by a valid claim of attorney-client privilege or work product doctrine with respect to its activities, those of its affiliates, and those of its present and former directors, officers, employees, agents, and consultants, including any evidence or allegations and internal or external investigations, about which the Defendant has any knowledge or about which the Department may inquire. This obligation of truthful disclosure includes, but is not limited to, the obligation of the Defendant to provide to the Department, upon request, any document, record or other tangible evidence about which the Department may inquire of the Defendant, consistent with applicable law and regulations.

b. Upon request of the Department, the Defendant shall designate knowledgeable employees, agents or attorneys to provide to the Office the information and materials described in Paragraph 8(a) above on behalf of the Defendant. It is further understood that the Defendant must at all times provide complete, truthful, and accurate information.

c. The Defendant shall use its best efforts, consistent with applicable law and regulations, to make available for interviews or testimony, as requested by the Department, present or former officers, directors, employees, agents and consultants of the Defendant. This obligation includes, but is not limited to, sworn testimony before a federal grand jury or in

federal trials, as well as interviews with domestic or foreign law enforcement and regulatory authorities. Cooperation under this Paragraph shall include identification of witnesses who, to the knowledge of the Defendant, may have material information regarding the matters under investigation.

d. With respect to any information, testimony, documents, records or other tangible evidence provided to the Department pursuant to this Agreement, the Defendant consents to any and all disclosures, subject to applicable law and regulations, to other governmental authorities, including United States authorities and those of a foreign government, as well as the MDBs, of such materials as the Department, in its sole discretion, shall deem appropriate.

9. In addition to the obligations in Paragraph 8, during the Term of the Agreement, should the Defendant learn of credible evidence or allegations of a violation of U.S. federal law, the Defendant shall promptly report such evidence or allegations to the Department.

10. The Defendant agrees to pay the Clerk of the Court for the United States District Court for the District of Connecticut the mandatory special assessment of \$400 per count within ten (10) business days from the date of sentencing.

#### **The United States' Agreement**

11. In exchange for the guilty plea of the Defendant and the complete fulfillment of all of its obligations under this Agreement, the Department agrees it will not file additional criminal charges against the Defendant or any of its direct or indirect affiliates, subsidiaries, or joint ventures relating to (a) any of the conduct described in Exhibit 2, or (b) information made known to the Department prior to the date of this Agreement, except for the charges specified in the plea agreement between the Department and Alstom S.A., the deferred prosecution

agreement between the Department and Alstom Power, Inc., and the deferred prosecution agreement between the Department and Alstom Grid, Inc. (formerly known as Alstom T&D, Inc.). This Paragraph does not provide any protection against prosecution for any crimes, including corrupt payments or related false books and records and failure to implement adequate internal accounting controls, made in the future by the Defendant or by any of its officers, directors, employees, agents or consultants, whether or not disclosed by the Defendant pursuant to the terms of this Agreement. This Agreement does not close or preclude the investigation or prosecution of any natural persons, including any officers, directors, employees, agents, or consultants of the Defendant or its direct or indirect affiliates, subsidiaries, or joint ventures, who may have been involved in any of the matters set forth in the Information, Exhibit 2, or in any other matters. The Defendant agrees that nothing in this Agreement is intended to release the Defendant from any and all of the Defendant's excise and income tax liabilities and reporting obligations for any and all income not properly reported and/or legally or illegally obtained or derived.

**Factual Basis**

12. The Defendant is pleading guilty because it is guilty of the charges contained in the Information. The Defendant admits, agrees, and stipulates that the factual allegations set forth in the Information and Exhibit 2 are true and correct, that it is responsible for the acts of its officers, directors, employees, and agents described in the Information and Exhibit 2, and that the Information and Exhibit 2 accurately reflect the Defendant's criminal conduct.

**The Defendant's Waiver of Rights, Including the Right to Appeal**

13. Federal Rule of Criminal Procedure 11(f) and Federal Rule of Evidence 410 limit the admissibility of statements made in the course of plea proceedings or plea discussions in both

civil and criminal proceedings, if the guilty plea is later withdrawn. The Defendant expressly warrants that it has discussed these rules with its counsel and understands them. Solely to the extent set forth below, the Defendant voluntarily waives and gives up the rights enumerated in Federal Rule of Criminal Procedure 11(f) and Federal Rule of Evidence 410. Specifically, the Defendant understands and agrees that any statements that it makes in the course of its guilty plea or in connection with the Agreement are admissible against it for any purpose in any U.S. federal criminal proceeding if, even though the Department has fulfilled all of its obligations under this Agreement and the Court has imposed the agreed-upon sentence, the Defendant nevertheless withdraws its guilty plea.

14. The Defendant is satisfied that the Defendant's attorneys have rendered effective assistance. The Defendant understands that by entering into this agreement, the Defendant surrenders certain rights as provided in this agreement. The Defendant understands that the rights of criminal defendants include the following:

- (a) the right to plead not guilty and to persist in that plea;
- (b) the right to a jury trial;
- (c) the right to be represented by counsel – and if necessary have the court appoint counsel – at trial and at every other stage of the proceedings;
- (d) the right at trial to confront and cross-examine adverse witnesses, to be protected from compelled self-incrimination, to testify and present evidence, and to compel the attendance of witnesses; and
- (e) pursuant to Title 18, United States Code, Section 3742, the right to appeal the sentence imposed.

Nonetheless, the Defendant knowingly waives the right to appeal or collaterally attack the conviction and any sentence within the statutory maximum described below (or the manner in which that sentence was determined) on the grounds set forth in Title 18, United States Code, Section 3742, or on any ground whatsoever except those specifically excluded in this Paragraph, in exchange for the concessions made by the United States in this plea agreement. This agreement does not affect the rights or obligations of the United States as set forth in Title 18, United States Code, Section 3742(b). The Defendant also knowingly waives the right to bring any collateral challenge challenging either the conviction, or the sentence imposed in this case. The Defendant hereby waives all rights, whether asserted directly or by a representative, to request or receive from any department or agency of the United States any records pertaining to the investigation or prosecution of this case, including without limitation any records that may be sought under the Freedom of Information Act, Title 5, United States Code, Section 552, or the Privacy Act, Title 5, United States Code, Section 552a. The Defendant waives all defenses based on the statute of limitations and venue with respect to any prosecution related to the conduct described in Exhibit 2 or the Information, including any prosecution that is not time-barred on the date that this Agreement is signed in the event that: (a) the conviction is later vacated for any reason; (b) the Defendant violates this Agreement; or (c) the plea is later withdrawn, provided such prosecution is brought within one year of any such vacation of conviction, violation of agreement, or withdrawal of plea plus the remaining time period of the statute of limitations as of the date that this Agreement is signed. The Department is free to take any position on appeal or any other post-judgment matter. The parties agree that any challenge to the Defendant's sentence that is not foreclosed by this Paragraph will be limited to that portion of the sentencing calculation that is inconsistent with (or not addressed by) this waiver. Nothing

in the foregoing waiver of appellate and collateral review rights shall preclude the Defendant from raising a claim of ineffective assistance of counsel in an appropriate forum.

**Penalty**

15. The statutory maximum sentence that the Court can impose for a violation of Title 18, United States Code, Section 371, is a fine of \$500,000 or twice the gross pecuniary gain or gross pecuniary loss resulting from the offense, whichever is greatest, Title 15, United States Code, Section 3571(c), (d); five years' probation, Title 18, United States Code, Section 3561(c)(1); and a mandatory special assessment of \$400 per count, Title 18, United States Code, Section 3013(a)(2)(B).

**Sentencing Recommendation**

16. The parties agree that any monetary penalty in this case will be paid pursuant to the plea agreement between the Department and Alstom S.A., the parent company of the Defendant, relating to the same underlying conduct described herein. Alstom S.A. has agreed to pay a fine of \$772,290,000. Thus, pursuant to Rule 11(c)(1)(C) of the Federal Rules of Criminal Procedure, the Department and the Defendant agree that the following represents the appropriate disposition of the case:

a. **Disposition.** Pursuant to Fed. R. Crim. P. 11(c)(1)(C), the United States and the Defendant agree that the appropriate disposition of this case is as set forth above, and agree to recommend jointly that the Court not impose a criminal fine on the Defendant, conditioned upon a criminal fine paid by Alstom S.A. in the amount of \$772,290,000.

b. Mandatory Special Assessment. The Defendant shall pay to the Clerk of the Court for the United States District Court for the District of Connecticut within ten (10) days of the time of sentencing the mandatory special assessment of \$400 per count.

17. This Agreement is presented to the Court pursuant to Fed. R. Crim. P. 11(c)(1)(C). The Defendant understands that, if the Court rejects this Agreement, the Court must: (a) inform the parties that the Court rejects the Agreement; (b) advise the Defendant's counsel that the Court is not required to follow the Agreement and afford the Defendant the opportunity to withdraw its plea; and (c) advise the Defendant that if the plea is not withdrawn, the Court may dispose of the case less favorably toward the Defendant than the Agreement contemplated. The Defendant further understands that if the Court refuses to accept any provision of this Agreement, neither party shall be bound by the provisions of the Agreement. Moreover, the parties agree that if the Court refuses to accept any provision of the plea agreement between the Department and Alstom S.A., neither party shall be bound by the provisions of this Agreement.

18. In the event the Court directs the preparation of a Pre-Sentence Investigation Report, the Department will fully inform the preparer of the Pre-Sentence Investigation Report and the Court of the facts and law related to the Defendant's case. At the time of the plea hearing, the parties will suggest mutually agreeable and convenient dates for the sentencing hearing with adequate time for (a) any objections to the Pre-Sentence Report, and (b) consideration by the Court of the Pre-Sentence Report and the parties' sentencing submissions.

#### Breach of Agreement

19. If the Department determines, in its sole discretion, that the Defendant has breached the Agreement by committing any federal felony subsequent to the date of this

Agreement, or has provided or provides deliberately false, incomplete, or misleading information in connection with this Agreement, or otherwise failing to meet its obligations under this Agreement, (a) the Department will be free from its obligations under the Agreement and may take whatever position it believes appropriate as to the sentence; (b) the Defendant will not have the right to withdraw the guilty plea; (c) the Defendant shall be fully subject to criminal prosecution for any other crimes that it has committed or might commit, if any, including perjury and obstruction of justice; and (d) the Department will be free to use against the Defendant, directly and indirectly, in any criminal or civil proceeding any of the information or materials provided by the Defendant or others prior or pursuant to this Agreement, including but not limited to Exhibit 2.

20. In the event that the Department believes that the Defendant has breached this Agreement, the Department agrees to provide the Defendant with written notice of such breach. The Defendant shall, within thirty (30) days of receipt of such notice, have the opportunity to respond to the Department in writing to explain the nature and circumstances of such breach, as well as the actions the Defendant has taken to address and remediate the situation. In the event of a breach of this Agreement by the Defendant, if the Department elects to pursue criminal charges, or any civil or administrative action that was not filed as a result of this Agreement, then:

a. The Defendant agrees that any applicable statute of limitations is tolled between the date of the Defendant's signing of this Agreement and the discovery by the Department of any breach by the Defendant plus one year; and

b. The Defendant gives up all defenses based on the statute of limitations (as described in Paragraphs 13 and 14), any claim of pre-indictment delay, or any speedy trial claim

with respect to any such prosecution or action, except to the extent that such defenses existed as of the date of the signing of this Agreement.

**Public Statements by the Defendant**

21. The Defendant expressly agrees that it shall not, through present or future attorneys, officers, directors, employees, agents or any other person authorized to speak for the Defendant make any public statement, in litigation or otherwise, contradicting the acceptance of responsibility by the Defendant set forth above or the facts described in the Information and Exhibit 2. Any such contradictory statement shall, subject to cure rights of the Defendant described below, constitute a breach of this Agreement, and the Defendant thereafter shall be subject to prosecution as set forth in Paragraphs 19-20 of this Agreement. The decision whether any public statement by any such person contradicting a fact contained in the Information or Exhibit 2 will be imputed to the Defendant for the purpose of determining whether it has breached this Agreement shall be at the sole discretion of the Department. If the Department determines that a public statement by any such person contradicts in whole or in part a statement contained in the Information or Exhibit 2, the Department shall so notify the Defendant, and the Defendant may avoid a breach of this Agreement by publicly repudiating such statement(s) within five (5) business days after notification. The Defendant shall be permitted to raise defenses and to assert affirmative claims in other proceedings relating to the matters set forth in the Information and Exhibit 2 provided that such defenses and claims do not contradict, in whole or in part, a statement contained in the Information or Exhibit 2. This Paragraph does not apply to any statement made by any present or former officer, director, employee, or agent of the Defendant in the course of any criminal, regulatory, or civil case initiated against such individual, unless such individual is speaking on behalf of the Defendant.

22. The Defendant agrees that if it or any of its direct or indirect subsidiaries or affiliates issues a press release or holds any press conference in connection with this Agreement, the Defendant shall first consult the Department to determine (a) whether the text of the release or proposed statements at the press conference are true and accurate with respect to matters between the Department and the Defendant; and (b) whether the Department has any objection to the release or statement.

**Complete Agreement**

23. This document states the full extent of the Agreement between the parties. There are no other promises or agreements, express or implied. Any modification of this Agreement shall be valid only if set forth in writing in a supplemental or revised plea agreement signed by all parties.

**EXHIBIT 2**

**STATEMENT OF FACTS**

The following Statement of Facts is incorporated by reference as part of the Plea Agreement between the United States Department of Justice, Criminal Division, Fraud Section and the United States Attorney's Office for the District of Connecticut (collectively, the "Department") and Alstom Network Schweiz AG, formerly Alstom Prom AG, ("Alstom PROM"), and the parties hereby agree and stipulate that the following information is true and accurate. Alstom PROM admits, accepts, and acknowledges that it is responsible for the acts of its officers, directors, employees, and agents as set forth below. Had this matter proceeded to trial, Alstom PROM acknowledges that the Department would have proven beyond a reasonable doubt, by admissible evidence, the facts alleged below and set forth in the criminal Information:

1. The Foreign Corrupt Practices Act of 1977, as amended, Title 15, United States Code, Sections 78dd-1, *et seq.* ("FCPA"), was enacted by Congress for the purpose of, among other things, making it unlawful for certain classes of persons and entities to act corruptly in furtherance of an offer, promise, authorization, or payment of money or anything of value to a foreign official for the purpose of assisting in obtaining or retaining business for, or directing business to, any person.

**Alstom and Other Relevant Entities and Individuals**

2. Alstom S.A. ("Alstom") was headquartered in France. Alstom was in the business of designing, constructing, and providing services related to power generation facilities, power grids, and rail transportation systems around the world. During the relevant period, Alstom had sales of approximately €21 billion annually and employed approximately 110,000 employees in over seventy countries. Shares of Alstom's stock were listed on the New York

Stock Exchange until August 2004. Accordingly, until August 2004, Alstom was an “issuer” as that term is used in the FCPA, Title 15, United States Code, Section 78dd-1(a). Alstom had direct and indirect subsidiaries in various countries around the world through which it bid on projects to secure contracts to perform power-related, grid-related, and transportation-related services, including for state-owned entities. Alstom’s subsidiaries worked exclusively on behalf of Alstom and for its benefit. Alstom maintained a department called International Network that supported its subsidiaries’ efforts to secure contracts around the world. International Network was organized by regions around the world. In certain instances, executives of International Network served as presidents of certain Alstom subsidiaries or businesses. Within Alstom’s power sector, the company also maintained a department called Global Power Sales (“GPS”), which performed functions similar to International Network, in that GPS assisted other Alstom entities or businesses in their efforts to secure contracts.

#### Overview of the Bribery Scheme

21. During the relevant time period, Alstom PROM conspired with others to provide millions of dollars in payments and other things of value to foreign officials in exchange for those officials’ assistance in obtaining or retaining business in connection with power projects in various countries around the world.

22. In a number of instances, Alstom PROM and its co-conspirators hired consultants to conceal and disguise the improper payments to foreign officials. Alstom PROM entered into consulting agreements with a number of the consultants and processed the payments for these

consultants, all on behalf of Alstom and its subsidiaries. The consultants were paid purportedly for performing legitimate services in connection with bidding on and executing various projects. In reality, Alstom PROM knew that the consultants were not performing legitimate services and that all or a portion of the payments were to be used to bribe foreign officials.

23. In other instances, Alstom PROM and its co-conspirators agreed to pay bribes directly to foreign officials by providing gifts and petty cash, by hiring their family members, and in one instance by paying over two million dollars to a charity associated with a foreign official, all in exchange for those officials' assistance in obtaining or retaining business in connection with projects for Alstom and its subsidiaries.

24. As described herein, Alstom PROM, together with its co-conspirators, paid approximately \$75 million in consultancy fees knowing that this money would be used, in whole or in part, to bribe or provide something of value to government officials to secure approximately \$4 billion in projects in multiple countries, with a gain to Alstom PROM and its co-conspirators of approximately \$296 million.

#### Indonesia

25. Beginning in or around 2002 and continuing to in or around 2009, Alstom PROM, Alstom, Alstom Power US, Alstom Indonesia, and other Alstom entities attempted to secure various power projects in Indonesia through Indonesia's state-owned and state-controlled electricity company, Perusahaan Listrik Negara ("PLN"). PLN was an "agency" and "instrumentality" of a foreign government, as those terms are used in the FCPA, Title 15, United States Code, Section 78dd-1(f)(1). One such project was the Tarahan Project, sometimes referred to simply as "Tarahan," a project to provide power-related services to the citizens of Indonesia at a value of approximately \$118 million. Another such project was the Muara Tawar

Block 5 Project, a project to expand the existing Muara Tawar power plant and provide additional power-related services to the citizens of Indonesia at a value of approximately \$260 million. In addition, Alstom subsidiaries bid on but were not awarded contracts related to other expansions of the Muara Tawar power plant. Collectively, these projects were sometimes referred to as “Muara Tawar” or “MT.”

26. In connection with these projects, Alstom PROM and its co-conspirators provided millions of dollars and other things of value to Indonesian officials in exchange for those officials’ assistance in securing the power projects for Alstom PROM, Alstom and its subsidiaries.

27. Specifically, Alstom and its subsidiaries retained consultants, including Consultant A and Consultant B, to assist them and their consortium partners in obtaining the contracts for the power projects in Indonesia. The primary purpose of these consultants was not to provide legitimate services to Alstom, its subsidiaries, and its consortium partners, but was instead to pay bribes to Indonesian officials who had the ability to influence the award of the contracts. This was known by Alstom PROM and its co-conspirators, including Hoskins, Pierucci, and Alstom Executives A and B.

28. Alstom PROM and its co-conspirators first retained Consultant A in connection with the Tarahan Project in or around late 2002. Consultant A was to receive a commission based on the overall value that each consortium member would receive from the Tarahan Project contract, from which Consultant A was expected to pay bribes to Indonesian officials, including a high-ranking member of Parliament (“Official 1”) and a high-level executive at PLN (“Official 2”). However, through the course of 2003, Alstom personnel came to the conclusion that Consultant A had not sufficiently assured key Indonesian officials at PLN, including members of

the evaluation team (“Official 3” and “Official 4”), that he would adequately pay them after the award of the contract.

29. Accordingly, in or around September or October 2003, Hoskins, Pierucci, Alstom Executive B, and Alstom Indonesia Executive informed Consultant A that Consultant A would be responsible only for paying bribes to Official 1 and that Alstom PROM and its co-conspirators would retain another consultant to pay bribes to PLN officials. Shortly thereafter, Alstom PROM and its co-conspirators sent Consultant A an amended consulting agreement, reducing the amount of Consultant A’s commission to reflect Consultant A’s reduced responsibilities and to cover the additional cost of retaining a new consultant. Alstom then retained Consultant B, through a consulting agreement with Alstom PROM, for the purpose of bribing PLN officials. Around the same time, Alstom and its subsidiaries also retained Consultant B, through a consulting agreement with Alstom PROM, to bribe PLN officials in connection with their efforts to secure a Muara Tawar Project contract.

30. Alstom PROM and its co-conspirators took a number of acts to carry out the scheme. For example, on or about August 8, 2002, an Alstom Indonesia employee sent an e-mail to Rothschild, to which he attached a document explaining, among other things, that Official 1 was a “[k]ey legislator” and “Vice chairman of [the] Parliament commission 8 dedicated for Power & Energy” who had “[e]asy direct access personally to PLN Board” and who could exert “direct influence to PLN ([Official 2] and [another official])” and “utiliz[e] his comission [sic] 8 forum to influence PLN Board” and Ministries.

31. On or about September 4, 2002, Alstom Indonesia Executive sent an e-mail to Rothschild, copying Pierucci, stating, “[W]e have met [Official 1] to confirm whether he is comfortable with your suggested approach on Representation issue (through [Consultant

A)]....Again, from my point of view whichever approach taken on the Representation issue, must assure the coverage of Palembang [the city in Indonesia where the evaluation committee was located]. You need to be confident that [Consultant A] could do this since he – being the one who can make the ‘commitment’ – will have to take over the lead role from us in Palembang.”

32. On or about December 3, 2002, Alstom Indonesia Executive sent an e-mail to Hoskins discussing a Muara Tawar Project, including whether to retain Consultant A in connection with the project, stating, “[Official 1] is a member of INDONESIA Parliament, precisely he is the Vice Chairman of Commission VIII, a commission in charge of handling Power issues....Besides his function in the Parliament, he has long well established relationship with [Official 2] (PLN President Director). As a Vice Chairman of Commission VIII he certainly have [sic] influence in PLN. He is not an agent but one of the players....[L]ooking in to [Consultant A’s] performance in Tarahan, we need to think twice prior taking him into consideration....As the [Tarahan] project proceed, it shown that [Consultant A] has been unable to fulfil [sic] his tasks and our expectation, he has no grip on PLN Tender team at all. Basically, his function is more or less similar to cashier which I feel we pay too much....As you know, I have set an appointment to meet [Official 2] tomorrow morning to find out who would be his recommended agent, the one that PLN can really feel comfortable with.”

33. On or about December 3, 2002, Hoskins sent an e-mail to an executive at Alstom, stating, “Will call you after I get feedback from [Alstom Indonesia Executive] on his meeting tomorrow with [Official 2]. At this stage [Alstom Indonesia Executive] does not support appointment of [Consultant A] for MT [Muara Tawar] but believes [Official 1] to be an important part of the jigsaw.”

34. On or about January 3, 2003, Alstom Executive A sent an e-mail to Hoskins, copying another executive in Compliance at Alstom PROM, regarding the approval of the consultancy agreement with Consultant A, stating, “[Consultant A] sent me the completed ‘Agent Profile’ for his very small company in Baltimore, Maryland, with branch office in Washington....I understand, that the Tarahan job is boiler supply from the US to Indonesia. As I said before, it would make more sens[e] to have an agent in Indonesia, where [Consultant A’s] company has obviously an office. As you know, we do not like to have a US domiciliated company as a consultant, with payment in the US, and most probably in USD.”

35. On or about January 15, 2003, Hoskins responded to the e-mail referenced in Paragraph 34 above, stating, “I talked to [Alstom Indonesia Executive] and his financial controller [] on this subject to establish whether they could implement an agreement locally in Indonesia. They were uneasy about dealing with a local company but thought an arrangement with Singapore may work. [Alstom Indonesia Executive] is going to check with [Consultant A] to see if he has a company in Singapore.”

36. On or about June 5, 2003, Alstom Executive B sent an e-mail to an Alstom Indonesia employee regarding the Muara Tawar Projects and discussing various agents that Alstom could retain in connection with the project, stating, “[Consultant B] basically works for [Official 2].”

37. On or about August 12, 2003, Consultant A sent an e-mail to Pierucci about another upcoming power project with PLN, stating, “PLN people are upset with us that we told them we only need marginal support from them and now putting everything on them. They are comparing the success fee for Tarahan and [the upcoming project] and asking why they are so much different.”

38. On or about September 18, 2003, Alstom Indonesia Executive forwarded an e-mail to Hoskins describing a meeting between two Alstom employees and two PLN officials, including Official 4, regarding the Tarahan Project which stated, “PLN has expressed their concerns over our ‘agent’. They did not like the approach made by the agent. More importantly, they concern whether they can trust on the agent or not in regards to ‘rewards’ issue. They concern that if we have won the job, whether their rewards will still be satisfactory or this agent only give them pocket money and disappear. Nothing has been shown by the agent that the agent is willing to spend money.” (emphasis in original).

39. In or around late September 2003, Hoskins, Pierucci, Alstom Executive B, Alstom Indonesia Executive, and other Alstom employees told Consultant A at a meeting in Indonesia that: (i) they were going to retain another consultant to pay bribes to officials at PLN in connection with the Tarahan Project; (ii) Consultant A needed to pay bribes only to Official 1; and (iii) Consultant A’s commission, therefore, would be cut from three percent of the total value of the contract to one percent.

40. On or about March 3, 2004, Alstom Indonesia Executive sent an e-mail to Hoskins, which was eventually forwarded to an executive in Compliance at Alstom PROM, stating, “Last Monday we sent Tarahan CA [consultancy agreement] to [Consultant B], he immediately feel [sic] cornered after reading the ToP [terms of payment] which said ‘prorata’. When I talked to him on the phone I said that I will look at it and I thought it should not be that bad. I then looked into Tarahan ToP (see attached) and realise that the project payment is spread over 3.5 year! You would understand why he is worry [sic], he is willing to pre-finance his scope, fulfilling his commitment up-front (prior he get paid) to get the right ‘influence’, but

certainly not waiting 2 to 3 years to get paid while most of his scope is completed in the beginning.”

41. On or about March 30, 2004, Pomponi sent an e-mail to Hoskins, Pierucci, and Alstom Indonesia Executive, stating, “Approval...has finally been received this morning authorizing the requested Terms of Payment. Pls proceed with this ASAP to obtain the CA signing by [Consultant B] in order for [Consultant B’s] effectiveness to continue.”

42. On or about March 31, 2004, Alstom Indonesia Executive responded to the e-mail from Pomponi referenced in Paragraph 41 above, stating, “I will mentioned [sic] our position to [Official 2] and [Consultant B] this afternoon. Furthermore I would suggest you to contact [an Alstom employee in Compliance at Alstom PROM] with a request to make the necessary CA changes (ToP) and ask her to send me the revised CA asap. Once the revised agreement arrived I will obtain [Consultant B’s] signature. Mean while [sic] I will give [Official 2]/[Consultant B] my word.”

43. On or about April 5, 2004, Alstom Indonesia Executive sent an e-mail to Hoskins, copying Pierucci and Alstom Executive B, regarding the Tarahan Project and Muara Tawar Project, stating, “According to [Official 2] Alstom did not show enough its ‘commitment’ to PLN....[Official 2] also asked me whether for PLN Alstom could use one representative (agent), rather than 2 or 3. According to [Official 2] in [another project] [Consultant A] was involved. [Official 2] thought he made to Fred [Pierucci] and you clear [Consultant A] was not the right person.”

44. On or about July 12, 2005, an employee at Alstom Indonesia sent an e-mail to Alstom Executive B, Alstom Indonesia Executive, and another Alstom employee regarding the Muara Tawar Block 5 Project, stating, “We have built relationship [sic] with [Official 4]

since the Tarahan [] project. In this [Muara Tawar Project], we were among those who promoted [Official 4] so that he can become a member of the [Muara Tawar Project] procurement team....Looking at this fact, [Official 4] is of critical importance to us as our vehicle....[Official 4] must be ensured that his effort will be worth his while....We need to set up additional CA [consultancy agreement], separate from the basic CA currently in place, to cover [Official 4] and his people, as our ammunition to approach working level which is currently untouched by our agent.”

45. On or about September 22, 2006, Alstom Executive B sent an e-mail to another Alstom employee with the subject, “Tarahan – commitment fell thru the cracks,” stating, “One of the engineering chaps [Official 4] who had a lot of influence on the outcome of the Tarahan has not been fully compensated on the Tarahan project. Now he is involved in [the Muara Tawar Block 5 Project] and keeps reminding the boys that we owe him something. This issue needs to be sorted out ASAP to ensure proper support on [the Muara Tawar Block 5 Project]. According to [an executive at Alstom Indonesia], [Consultant B] has honored his pro rata portion of the commitment. The original (‘other’) Agent did not. I don’t know if the other guy has received any consulting fees. Would you be able to check that out with [Alstom] Prom? If not then we should block the payments until he takes care of the guy.”

46. Alstom PROM and its co-conspirators were ultimately awarded the Tarahan Project and Muara Tawar Block 5 Project contracts and made payments to the aforementioned consultants for the purpose of paying Indonesian government officials, including Official 1, Official 2, Official 3, and Official 4, in exchange for their assistance in securing the Tarahan Project and the Muara Tawar Block 5 Project for Alstom, its subsidiaries, and its consortium partners.

Saudi Arabia

47. In or around 2000, Alstom completed the acquisition of the worldwide power business of a separate international power company. Beginning in or around 1998, during the period prior to the acquisition, the separate power company began bidding on power projects in Saudi Arabia and was awarded one such contract. Beginning in or around 1999, during the period in which Alstom and the other power company operated as a joint venture, and continuing through 2000 after the acquisition of the separate power company was complete, Alstom, Alstom PROM and other Alstom entities continued bidding on other power projects in Saudi Arabia. The bids for the power projects in Saudi Arabia were with the Saudi Electric Company (“SEC”), Saudi Arabia’s state-owned and state-controlled electricity company, and its predecessor entities. The SEC, along with its predecessor entities, were “agencies” and “instrumentalities” of a foreign government, as those terms are used in the FCPA, Title 15, United States Code, Section 78dd-1(f)(1).

48. Projects in Saudi Arabia included different projects at a site known as Shoaiba. The Shoaiba Projects were a series of different projects that resulted in the construction of 14 different steam power generating units for the SEC. The Shoaiba Projects had several distinct stages and multiple phases within each stage. In total, the first two stages of the Shoaiba Projects involved the construction of an oil-fired power plant with 11 separate power generating units at a total value of approximately \$3 billion.

49. In connection with the first two of the Shoaiba Projects, Alstom PROM and its co-conspirators provided tens of millions of dollars in payments and other things of value to Saudi officials to obtain or retain business in connection with the projects. The arrangements for these consulting agreements originated with the separate international power company described

above. Subsequently, Alstom, Alstom PROM and other Alstom entities honored, continued, and in certain instances renewed these consulting arrangements knowing that at least some of them were for the purpose of providing money and other things of value to Saudi officials.

50. Specifically, Alstom PROM and its co-conspirators, including the predecessor entity described above, retained at least six consultants in connection with the first two of the Shoaiba Projects, including all six consultants on the first project. These six consultants included Consultant C and Consultant D, whose primary purpose was not to provide legitimate consulting services to Alstom and its subsidiaries but was instead to provide benefits to Saudi officials who had the ability to influence the award of the first two power projects to Alstom and its predecessors.

51. Internal company documents refer to the consultants in code, including names such as “Mr. Geneva” (Consultant C), “Mr. Paris” (Consultant D), “London,” “Quiet Man,” and “Old Friend.” Consultant C, or “Mr. Geneva,” was the brother of a high-level official at the SEC who had the ability to influence the award of the Shoaiba Projects (“Official 5”), which certain Alstom employees knew. Internal documents reflect that Mr. Geneva was paid approximately \$5 million, with no documentation of any legitimate services having been performed by Consultant C commensurate with a \$5 million fee and with no documentation of any technical or other expertise justifying such a fee.

52. Consultant D, or “Mr. Paris,” was a close relative of another high-level official at the SEC who had the ability to influence the award of the Shoaiba Projects (“Official 6”), which certain Alstom employees knew. Internal documents reflect that Mr. Paris was paid at least \$4 million, with no documentation of any legitimate services having been performed by Consultant

D commensurate with a \$4 million fee and with no documentation of any technical or other expertise justifying such a fee.

53. Consultant E, known as “London,” received at least \$30 million in fees in connection with multiple consultancy agreements for the first two Shoaiba Projects. Alstom PROM and its co-conspirators did not require of Consultant E documentation of what he actually did to justify these sums of money, and what little documentation exists in Alstom’s files for Consultant E’s services was created after the fact and with the assistance of Alstom employees.

54. In Saudi Arabia, Alstom hired two consultants at virtually the same time to perform the same ostensible services on the same project. These consultants included Consultant E and Consultant F, referred to as “OF” or “Old Friend.” The agreements, executed on or about May 1, 2002 and October 1, 2002, respectively, both cover ostensible services such as “establishing contacts,” “arranging appointments,” “coordinating customer visits,” and “making contacts at all necessary levels.” As noted above, Alstom paid Consultant E at least \$30 million in total fees, and paid Consultant F (“OF”) at least \$10 million in total fees, with no documentation of any legitimate services having been performed by these consultants commensurate with their fees.

55. In addition to paying consultants as a means of bribing key decision makers at the SEC, Alstom PROM and its co-conspirators paid \$2.2 million to a U.S.-based Islamic education foundation associated with Official 6. The payments were made in three installments, and internal records at Alstom reflect that these payments were included as expenses related to two of the Shoaiba Projects, rather than as a separate and independent charitable contribution.

56. Alstom PROM and its co-conspirators took a number of acts to carry out the scheme. For example, Alstom’s lead subsidiary for the Shoaiba Projects tracked the consultant

expenses incurred, including those described above, and allocated to each of the internal Alstom consortium members a percentage share of such expenses. On or about January 29, 2002, June 5, 2003, October 7, 2003, and March 15, 2004, Alstom's lead subsidiary for the Shoaiba Projects sent written invoices to Alstom Power US for its percentage share of these consultant expenses.

57. In or around January 2000, employees of Alstom and its joint venture partner circulated an action plan for bidding on a particular phase of the Shoaiba Projects, which plan included a section entitled "Client History & Perception: Build the Relationship." One column listed key officials at the SEC and a corresponding column provided "Most Important Concerns" as related to the designated officials. One of the key officials listed in the plan was Official 6, whose close relative was Consultant C, otherwise known as "Mr. Paris." According to the plan, Official 6 was believed to have "70%" of the decision-making responsibility for SEC matters, including the award of a contract being bid on by Alstom. As the most important concerns related to Official 6, the plan stated, "Honest reputation. Son has been known to deal."

58. On or about September 29, 2000, an employee of Alstom's lead subsidiary sent an e-mail to an Alstom Power US employee, among others, discussing payments to a previously retained consultant whose services had already been rendered, stating, "probably you need to create an agreement for your auditors as done before?? If you need support from our side, let me know."

59. On or about June 4, 2002, an Alstom employee sent an e-mail to a sales manager at Alstom Power US and several other Alstom employees, stating, "Without entering into more details, we have concluded a principle agreement with the second network so called 'OF' [Old Friend] for [Shoaiba] Stage II Bid. We have agreed with him to try through his 'system' the 41

wish-item of the feedback that was only partially successful via the network #1. Please note that both networks believe to be the only one working for this issue.”

60. In addition, on or about August 21, 2003, an employee of Alstom’s lead subsidiary working on the Shoaiba Projects sent an e-mail to an Alstom Power US sales manager, stating, “Could you manage to give us some advice regarding any need to add costs for items such as...Employment of Owner’s relatives...Owner’s travels, for witnessing tests or for ‘other’ purposes...?” The Alstom Power US sales manager forwarded this e-mail to another Alstom Power US employee and a project manager for Alstom Power US, who responded, “This is a significant cost which must be considered in the estimate. Current royal decrees (laws) on the subject of Saudization in the Kingdom require that a minimum of 10% of a companies [sic] employees (companies with 10 or more employees) must b[e] Saudi on construction projects like Shoaiba....‘Saudization’ of course the hammer used by our client to hire Saudis many of whom are strongly recommended by our client, i.e., friends and family. Minimum costs for these guys would be about 10,000 SAR per month including salary, housing, and other living expenses at site...All-in costs can be as high as \$100,000/year depending on the individual’s ‘qualifications’ such as the Consortium’s current Site Security Manager....The other problem is that these guys are difficult to lay-off even while ALSTOM’s staff is demobilized at the end of the job! Zero productivity may be assumed for any Saudi hire. Make a budget provision!”

61. On or about December 10, 2003, an Alstom employee sent an e-mail to an employee of Alstom Power US and several other Alstom employees working on the Shoaiba Projects regarding a certificate from SEC that was required for Alstom to get paid by the customer for its work on Stage I, Phase 2 of the Shoaiba Projects, stating, “The importance of timely issue of the [certificate] is, as far as AP [Alstom Power] is concerned, of top priority.

Hence, I will support financially, in very confidential bases [sic], those who are supporting me respectively us by removing the unreasonable pre-conditions. Taking into consideration that nobody has requested any thing from but is solely my idea and intention on behalf of the Consortium. I will even not mention the Names (Only [two SEC officials] are informed while [another SEC official] will be informed from me confidentially on the telephone). The total amount of support is Euro 20,000 (50% in Saudi Riyals and 50% in Euro). It is very important that no Site Manager or any body else than the above addresses are supposed to be informed about this. It is very Confidential...I need your O.K. for the sharing. My LN [Lotus Notes e-mail] will be deleted after submission to you.”

62. On or about December 10, 2003, one of the Alstom employees who received the e-mail described in Paragraph 61 above responded, “We agree!” That same day, another Alstom employee responded, “We confirm our agreement.”

63. In sum, Alstom PROM and its co-conspirators were awarded the Shoaiba Projects and paid bribes to to Saudi government officials, including Official 5 and Official 6, to obtain or retain business in connection with certain of the projects.

#### Egypt – Power Projects

64. Beginning in or around 2002 and continuing to in or around 2011, Alstom, Alstom PROM and several other Alstom entities began bidding on various power projects with the Egyptian Electricity Holding Company (“EEHC”), the state-owned and state-controlled electricity company in Egypt. EEHC was an “agency” and “instrumentality” of a foreign government, as those terms are used in the FCPA, Title 15, United States Code, Section 78dd-1(f)(1). EEHC engaged the services of global power companies to build power stations in Egypt, usually through competitive bids. One such project was the Nubarria power station, with a value

of approximately \$70 million. Another such project was the El Tebbin power station, with a value of approximately \$60 million.

65. However, EEHC was not itself responsible for conducting the bidding on these and other projects, and instead relied on Power Generation Engineering & Service Co. (“PGESCO”), which was controlled by and acted on behalf of EEHC. PGESCO worked “for or on behalf of” EEHC, within the meaning of the FCPA, Title 15, United States Code, Section 78dd-1(f)(1).

66. In connection with these projects in Egypt, Alstom, Alstom PROM and several other Alstom entities paid millions of dollars to consultants to pass on to Egyptian officials to obtain or retain business in connection with power projects for Alstom and its subsidiaries.

67. Specifically, in connection with the bidding on these power projects, Alstom and its subsidiaries retained Consultant G through a consulting agreement with Alstom PROM. Consultant G’s primary purpose was not to provide legitimate consulting services to Alstom and its subsidiaries but was instead to make payments to Egyptian officials, including Asem Elgawhary who oversaw the bidding process and who has been charged separately, for the purpose of influencing the award of the contracts.

68. Alstom deviated from its normal policy of paying consultants on a pro-rata basis (corresponding to each payment that Alstom received from the customer) to change the terms of payment for Consultant G so that he received a large payment up front, which provided cash to bribe Egyptian officials, including Elgawhary, for the purpose of securing an improper advantage for Alstom and its subsidiaries in connection with the bidding and awarding of power contracts.

69. Alstom PROM and its co-conspirators were ultimately awarded projects in Egypt, including Nubaria and El Tebbin, and made payments to Consultant G for the purpose of paying Egyptian government officials in exchange for their assistance in awarding projects.

70. Alstom PROM and its co-conspirators took a number of acts to carry out the scheme. For example, on or about July 23, 2003, an Alstom employee sent an e-mail to an Alstom employee in Egypt requesting that the terms of payment for Consultant G be revised to Alstom's standard pro rata payments. In the e-mail, the employee wrote, "[Alstom's office in Paris] would like to see standard terms of payment, i.e. pro rata with the contract, instead of the one as in the keys. Is that a problem with [Consultant G]?"

71. On or about July 27, 2003, the Alstom employee in Egypt replied, "I called [Consultant G] and he does have a problem due to the coverage required etc. ... You know what I mean ..." (Ellipses in original).

72. On or about October 27, 2003, an Alstom employee sent an e-mail to a number of employees stating that he had spoken to Consultant G regarding a new power project in Egypt and that the terms of payment would be the same as with the Nubaria project – "i.e. 50% on down payment, remaining progress."

73. On or about April 19, 2006, Consultant G sent an e-mail to several Alstom employees requesting payment on an invoice for the Nubaria project. One of the Alstom employees forwarded the e-mail to another Alstom employee responsible for releasing consultancy payments, stating, "FYI, any update on the agent payment?? Perhaps, this is why our payment from [EEHC] is delayed?"

74. From 2004 to 2011, Alstom transferred approximately €5 million to Consultant G's bank account in Germany in connection with the Nubaria project, the El Tebbin project, and

others, and Consultant G then transferred more than \$3 million to bank accounts for the benefit of Elgawhary and another EEHC official.

75. For example, on or about April 30, 2004, Alstom transferred approximately €467,134 to Consultant G's bank account in Germany, and then on or about May 3, 2004, Consultant G transferred approximately \$140,000 to Elgawhary's bank account at Credit Suisse in Switzerland, and on or about June 22, 2004, Consultant G transferred an additional \$60,000 to a bank account in Maryland that was owned by Elgawhary and the son-in-law of a high-level official at EEHC.

76. Similarly, on or about May 3, 2007, Alstom transferred approximately €1.1 million to Consultant G's bank account in Germany, and then on or about May 4, 2007, Consultant G then transferred approximately €300,000 to Elgawhary's bank account at Credit Suisse in Switzerland.

#### The Bahamas

77. Beginning in or around 1999 and continuing to in or around 2004, Alstom, Alstom PROM and several other Alstom entities began bidding on power projects with the Bahamas Electricity Corporation ("BEC"), the state-owned and state-controlled power company in the Bahamas. BEC was an "agency" and "instrumentality" of a foreign government, as those terms are used in the FCPA, Title 15, United States Code, Section 78dd-1(f)(1).

78. Alstom PROM and its co-conspirators made payments to Bahamian officials to obtain or retain business in connection with the power projects for Alstom and its subsidiaries.

79. Specifically, in connection with the bidding on the power projects, Alstom, through a consulting agreement with Alstom PROM, retained Consultant H who, as certain Alstom employees knew, was a close personal friend of "Official 7" a board member of BEC.

Consultant H's primary purpose was not to provide legitimate consulting services to Alstom and its subsidiaries but was instead to pay bribes to Official 7 who had the ability to influence the award of the power contracts. Consultant H was a U.S. citizen, was based in the United States, and maintained a bank account in the United States.

80. Consultant H had no knowledge about, or experience in, the power industry. Rather, Consultant H sold furniture and leather products, and exported chemical products and spare parts. Alstom provided Consultant H with the information to include on the invoices he submitted for payment so that there would be appear to be sufficient documentation of purported services rendered to justify payment.

81. Alstom PROM and its co-conspirators were ultimately awarded the power projects by BEC. Alstom made payments to Consultant H for the purpose of paying Official 7 in exchange for his assistance in awarding the projects to Alstom and its subsidiaries.

82. Alstom PROM and its co-conspirators took a number of acts to carry out the scheme. For example, on or about April 25, 2000, Consultant H sent a letter to an employee of an Alstom subsidiary, stating, "Please let me know as soon as possible when you are coming so I can set up a meeting with [Official 7] and I [sic]....If you have figured out what to say on the invoice fax it to me so that I can have the invoice prepared when you arrive."

83. On or about June 9, 2000, Consultant H issued a check to Official 7 in the amount of \$74,229, which was half of the amount that Alstom, through Alstom PROM, paid Consultant H two weeks earlier in connection with a power project with BEC. The check stated in the "For" line: "Commission."

84. On or about June 27, 2000, Consultant H sent an e-mail to an employee of an Alstom subsidiary regarding a consultancy agreement for a new project at BEC, stating, "As per

our conversation of last week you stated I should be receiving the final contract in Miami by today, as of yet it has not yet arrived.”

85. On or about July 4, 2000, Consultant H sent an e-mail to an employee of an Alstom subsidiary, stating, “Tender is Opening on Thursday, [Official 7] has been appointed to oversee the opening of the tender by the chairman of the board...Also [Official 7] is trying to Speak With The Ministry who is in charge of Immigration. We also have all our people in place that we discussed. However I still have no contract. [Official 7] told me that we are not going to move forward until we have this contract. You must understand [sic] we are ready to go and have done all the set up work to get what you need. But we will not go any further until we have this contract.”

86. On or about July 5, 2000, the Alstom subsidiary employee sent an e-mail to Consultant H in response to the e-mail referenced in Paragraph 85 above, stating, “I have been discussing with the persons involved in this matter and I can confirm that they have accepted the terms and amount agreed with you verbally in Miami. All the documents will be sent directly to your office in Miami during next week.”

87. On or about July 11, 2000, an employee in Compliance at Alstom sent to Consultant H, copying Alstom Executive A, a draft consultancy agreement for the project with BEC. The agreement included a provision 7.2 that required the consultant to warrant that he “shall not directly or indirectly divert or pay any amounts to any person, including but not limited to government officials, employees or agents, or use any amounts due hereunder in a manner which may constitute an unlawful or improper payment under any applicable law.” It also contained a provision 10.4 and a provision 10.5 that the agreement would be null and void if

the agreement was found to be contrary to the laws of any country or the representations and warranties set forth in the agreement.

88. On or about July 12, 2000, Consultant H sent an e-mail to an employee of an Alstom subsidiary with the subject, "Contract Amendments," stating, "7.2 [prohibiting unlawful payments] How can I sign this?...10.4 & 10.5 [rendering the contract null and void in the event of unlawful activity] Due to the nature of how we need to secure what is need [sic], these articles can not be in the contract."

89. On or about July 14, 2000, Consultant H sent an e-mail to an employee of an Alstom subsidiary, stating, "Please advise progress of amendments to contract....Also [Official 7] would like your word on the other 1/2% we have discussed."

90. On or about July 21, 2000, the Alstom subsidiary employee sent an e-mail to Consultant H in response to the e-mail referenced in Paragraph 89 above, attaching a revised consultancy agreement and stating that they could not delete the provisions regarding unlawful payments.

91. On or about July 24, 2000, an employee in Compliance at Alstom sent to Consultant H, copying Alstom Executive A, the finalized consultancy agreement for the project with BEC.

92. On or about February 8, 2001, Consultant H sent an e-mail to an Alstom employee regarding delays in the award of the contract, stating, "I have [Official 7] going down to BEC Talk with [a high-level official] to try to get a feel for what's going on."

93. On or about March 1, 2001, an Alstom employee sent a fax to Consultant H, stating, "As per my news, Letter of Acceptance was agreed upon yesterday."

94. On or about March 20, 2001, Consultant H sent an e-mail to an Alstom employee, stating, "I received a suggested copy of how to invoice your company. However there is a notation on it that said I should make a notation of what we did with dates etc....Because of the sensitive nature of what we did to help get this contract, I'm not to [sic] happy about spelling out what we did. [Two Alstom employees] and as well as yourself, know exactly what we did. So please advice [sic] me on this. We have bent over backwards to all the new technicalities dealing with Alstom Power....Now I have to take on the expence [sic] and the tax problems our company will have to deal with because of needing to open a Bank account outside the country. So please help me out with this and let me know how to do the invoice so we get paid."

95. On or about May 15, 2001, shortly after receiving payment from Alstom, through Alstom PROM, Consultant H issued a check in the amount of approximately \$56,000 to Official 7, with the "For" line stating, "Consulting Fee For Alstom Power Contract."

96. On or about September 24, 2001, shortly after receiving payment from Alstom, through Alstom PROM, Consultant H issued a check in the amount of approximately \$42,000 to Official 7, with the "For" line stating, "Commission Alstom Power."

97. On or about February 19, 2002, shortly after receiving payment from Alstom, through Alstom PROM, Consultant H issued a check in the amount of approximately \$42,000 to Official 7.

98. On or about July 8, 2002, shortly after receiving payment from Alstom, through Alstom PROM, Consultant H issued a check in the amount of approximately \$40,000 to Official 7, with the "For" line stating, "Contract."

99. On or about February 12, 2003, shortly after receiving payment from Alstom, through Alstom PROM, Consultant H issued a check in the amount of approximately \$27,000 to Official 7, with the "For" line stating, "Commission Alstom Power."

100. In total, Alstom, through Alstom PROM, paid Consultant H approximately \$650,000 in six installments, and Consultant H, in turn, issued six checks to Official 7 for roughly half of that amount in exchange for Official 7's assistance in securing power projects for Alstom and its subsidiaries.

*Periodic Risk-Based Review*

5. The Company will develop these compliance policies and procedures on the basis of a periodic risk assessment addressing the individual circumstances of the Company, in particular the foreign bribery risks facing the Company, including, but not limited to, its geographical organization, interactions with various types and levels of government officials, industrial sectors of operation, involvement in joint venture arrangements, importance of licenses and permits in the Company's operations, degree of governmental oversight and inspection, and volume and importance of goods and personnel clearing through customs and immigration.

6. The Company shall review its anti-corruption compliance policies and procedures no less than annually and update them as appropriate to ensure their continued effectiveness, taking into account relevant developments in the field and evolving international and industry standards.

*Proper Oversight and Independence*

7. The Company will assign responsibility to one or more senior corporate executives of the Company for the implementation and oversight of the Company's anti-corruption compliance code, policies, and procedures. Such corporate official(s) shall have the authority to report directly to independent monitoring bodies, including internal audit, the Company's Board of Directors, or any appropriate committee of the Board of Directors, and shall have an adequate level of autonomy from management as well as sufficient resources and authority to maintain such autonomy.

*Training and Guidance*

8. The Company will implement mechanisms designed to ensure that its anti-corruption compliance code, policies, and procedures are effectively communicated to all directors, officers, employees, and, where necessary and appropriate, agents and business partners. These mechanisms shall include: (a) periodic training for all directors and officers, all employees in positions of leadership or trust, positions that require such training (e.g., internal audit, sales, legal, compliance, finance), or positions that otherwise pose a corruption risk to the Company, and, where necessary and appropriate, agents and business partners; and (b) corresponding certifications by all such directors, officers, employees, agents, and business partners, certifying compliance with the training requirements.

9. 11. The Company will maintain, or where necessary establish, an effective and reliable process with sufficient resources for responding to, investigating, and documenting allegations of violations of the anti-corruption laws or the Company's anti-corruption compliance code, policies, and procedures.

### REPORTING REQUIREMENTS

Alstom Network Schweiz AG, formerly Alstom Prom AG, (the “Company”) agrees that it will report to the Department periodically, at no less than twelve-month intervals during a three-year term, regarding remediation and implementation of the compliance program and internal controls, policies, and procedures described in Exhibit 3, so long as the Company satisfies the monitoring requirements contained in the Negotiated Resolution Agreement between the Company and the World Bank Group, effective February 21, 2012 (the “World Bank Resolution”). Such monitoring requirements will be considered satisfied if the World Bank’s Integrity Compliance Office concludes that Alstom has implemented a Corporate Compliance Program that complies with the World Bank’s integrity compliance policies and practices, particularly those reflected in the World Bank’s Integrity Compliance Guidelines. In the event that the Integrity Compliance Office does not certify that the Company has satisfied the monitoring requirements contained in the World Bank Resolution, the Company shall be required to retain an Independent Compliance Monitor, as described more fully below.

#### Self Reporting

1. Should the Company discover credible evidence, not already reported to the Department, that possible corrupt payments or possible corrupt transfers of property or interests may have been offered, promised, paid, or authorized by any Company entity or person, or any entity or person working directly for the Company (including its affiliates and any agent), or that related false books and records have been maintained, the Company shall promptly report such conduct to the Department. If in the Company’s judgment such a report to the Department would be inconsistent with French law, such as the French Law No. 68-678 of July 26, 1968, as

amended by Law No. 80-538 of July 16, 1980 (the “Blocking Statute”), or other law, the Company shall report such improper activity in writing to any French Authority identified by the Department (the “French Authority”), which may then transmit such information in accordance with French law to the Department. If the Company does report improper activity to the French Authority, the Company shall inform the Department that it intends to do so prior to such report and specify to whom within the French Authority it is reporting the activity.

2. During this three-year period, the Company shall: (1) conduct an initial review and submit an initial report, and (2) conduct and prepare at least two (2) follow-up reviews and reports, as described below:

a. The Company shall provide these reports to its Board of Directors and contemporaneously transmit copies to the French Authority. The French Authority may then transmit such information in accordance with French law to the Department.

b. By no later than one (1) year from the date this Agreement is executed, the Company shall submit to the Department a written report setting forth a complete description of its remediation efforts to date, its proposals reasonably designed to improve the Company’s internal controls, policies, and procedures for ensuring compliance with the FCPA and other applicable anti-corruption laws, and the proposed scope of the subsequent reviews. The Company may extend the time period for issuance of the report with prior written approval of the Department.

c. The Company shall undertake at least two (2) follow-up reviews, incorporating the Department’s views on the Company’s prior reviews and reports, to further monitor and assess whether the Company’s policies and procedures are reasonably designed to detect and prevent violations of the FCPA and other applicable anti-corruption laws.

d. The first follow-up review and report shall be completed by no later than one (1) year after the initial review. The second follow-up review and report shall be completed by no later than one (1) year after the completion of the preceding follow-up review. The final follow-up review and report shall be completed and delivered to the Department no later than thirty (30) days before the end of the Term.

e. The reports will likely include proprietary, financial, confidential, and competitive business information. Moreover, public disclosure of the reports could discourage cooperation, impede pending or potential government investigations and thus undermine the objectives of the reporting requirement. For these reasons, among others, the reports and the contents thereof are intended to remain and shall remain non-public, except as otherwise agreed to by the parties in writing, or except to the extent that the Department determines in its sole discretion that disclosure would be in furtherance of the Department's discharge of its duties and responsibilities or is otherwise required by law.

f. The Company may extend the time period for submission of any of the follow-up reports with prior written approval of the Department.

**Independent Compliance Monitor**

3. In the event that the Company does not satisfy the monitoring requirements of the World Bank Resolution as described in Paragraph 1 above, the Company agrees to retain an independent compliance monitor (the "Monitor") who is a French national for the term specified in Paragraph 5. The Company agrees to retain the Monitor promptly after the Department's selection pursuant to Paragraph 4 below. The Monitor's duties and authority, and the obligations of the Company with respect to the Monitor and the Department, are set forth in Paragraphs 6-29 below. After consultation with the Department, the Company will propose to the Department a

pool of three (3) qualified candidates to serve as the Monitor within thirty (30) calendar days of a determination by the Integrity Compliance Office that the Company did not satisfy the monitoring requirements contained in the World Bank Resolution. If the Department determines, in its sole discretion, that any of the candidates are not, in fact, qualified to serve as the Monitor, or if the Department, in its sole discretion, is not satisfied with the candidates proposed, the Department reserves the right to seek additional nominations from the Company. The Monitor candidates or their team members shall have, at a minimum, the following qualifications:

- a. demonstrated expertise with respect to the FCPA, the anti-corruption provisions of French law, and other applicable anti-corruption laws, including experience counseling on FCPA issues;
- b. experience designing and/or reviewing corporate compliance policies, procedures and internal controls, including FCPA and anti-corruption policies, procedures and internal controls;
- c. the ability to access and deploy resources as necessary to discharge the Monitor's duties as described in this Exhibit, which is incorporated into the Agreement; and
- d. sufficient independence from the Company to ensure effective and impartial performance of the Monitor's duties as described in this Exhibit.

4. The Department retains the right, in its sole discretion, to choose the Monitor from among the candidates proposed by the Company, though the Company may express its preference(s) among the candidates. In the event the Department rejects all proposed Monitors, the Company shall propose an additional three candidates within thirty (30) calendar days after

receiving notice of the rejection. This process shall continue until a Monitor acceptable to both parties is chosen. The Department and the Company will use their best efforts to complete the selection process within sixty (60) calendar days of a determination by the Integrity Compliance Office that the Company did not satisfy the monitoring requirements contained in the World Bank Resolution. If the Monitor resigns or is otherwise unable to fulfill his or her obligations as set out herein and in this Exhibit, the Company shall within thirty (30) calendar days recommend a pool of three qualified Monitor candidates from which the Department will choose a replacement.

5. The Monitor's term shall be three (3) years from the date on which the Monitor is retained by the Company, subject to extension or early termination as described more fully below. The Monitor's powers, duties, and responsibilities, as well as additional circumstances that may support an extension of the Monitor's term, are set forth below. The Company agrees that it will not employ or be affiliated with the Monitor for a period of not less than one (1) year from the date on which the Monitor's term expires. Nor will the Company discuss with the Monitor the possibility of further employment or affiliation during the Monitor's term.

*Monitor's Mandate*

6. The Monitor's primary responsibility is to assess and monitor the Company's compliance with the terms of the Agreement, including the Corporate Compliance Program in Exhibit 3, so as to specifically address and reduce the risk of any recurrence of the Company's misconduct. During the Term of the Monitorship, the Monitor will evaluate, in the manner set forth below, the effectiveness of the internal accounting controls, record-keeping, and financial reporting policies and procedures of the Company as they relate to the Company's current and ongoing compliance with the FCPA, the anti-corruption provisions of French law, and other

applicable anti-corruption laws (collectively, the “anti-corruption laws”) and take such reasonable steps as, in his or her view, may be necessary to fulfill the foregoing mandate (the “Mandate”). This Mandate shall include an assessment of the Board of Directors’ and senior management’s commitment to, and effective implementation of, the corporate compliance program described in Exhibit 3 of the Agreement.

*Company’s Obligations*

7. The Company shall cooperate fully with the Monitor, and the Monitor shall have the authority to take such reasonable steps as, in his or her view, may be necessary to be fully informed about the Company’s compliance program in accordance with the principles set forth herein and applicable law, including applicable data protection and labor laws and regulations, such as, among others, the Blocking Statute. To that end, the Company shall: facilitate the Monitor’s access to the Company’s documents and resources; not limit such access, except as provided in Paragraphs 9-10; and provide guidance on applicable local law (such as relevant data protection and labor laws). The Company shall provide the Monitor with access to all information, documents, records, facilities, and employees, as reasonably requested by the Monitor, that fall within the scope of the Mandate of the Monitor under the Agreement. The Company shall use its best efforts to provide the Monitor with access to the Company’s former employees and its third-party vendors, agents, and consultants.

8. Any disclosure by the Company to the Monitor concerning corrupt payments, false books and records, and internal accounting control failures shall not relieve the Company of any otherwise applicable obligation to truthfully disclose such matters to the Department, pursuant to the Agreement.

*Withholding Access*

9. The parties agree that no attorney-client relationship shall be formed between the Company and the Monitor. In the event that the Company seeks to withhold from the Monitor access to information, documents, records, facilities, or current or former employees of the Company that may be subject to a claim of attorney-client privilege or to the attorney work-product doctrine, or where the Company reasonably believes production would otherwise be inconsistent with applicable law, the Company shall work cooperatively with the Monitor to resolve the matter to the satisfaction of the Monitor.

10. If the matter cannot be resolved, at the request of the Monitor, the Company shall promptly provide written notice to the Monitor and to the French Authority. The French Authority may then transmit such information in accordance with French Law to the Department. Such notice shall include a general description of the nature of the information, documents, records, facilities or current or former employees that are being withheld, as well as the legal basis for withholding access. The Department may then consider whether to make a further request for access to such information, documents, records, facilities, or employees to be provided by the Company to the French Authority.

*Monitor's Coordination with the  
Company and Review Methodology*

11. In carrying out the Mandate, to the extent appropriate under the circumstances, the Monitor should coordinate with Company personnel, including in-house counsel, compliance personnel, and internal auditors, on an ongoing basis. The Monitor may rely on the product of the Company's processes, such as the results of studies, reviews, sampling and testing methodologies, audits, and analyses conducted by or on behalf of the Company, as well as the Company's internal resources (e.g., legal, compliance, and internal audit), which can assist the

Monitor in carrying out the Mandate through increased efficiency and Company-specific expertise, provided that the Monitor has confidence in the quality of those resources.

12. The Monitor's reviews should use a risk-based approach, and thus, the Monitor is not expected to conduct a comprehensive review of all business lines, all business activities, or all markets. In carrying out the Mandate, the Monitor should consider, for instance, risks presented by: (a) the countries and industries in which the Company operates; (b) current and future business opportunities and transactions; (c) current and potential business partners, including third parties and joint ventures, and the business rationale for such relationships; (d) the Company's gifts, travel, and entertainment interactions with foreign officials; and (e) the Company's involvement with foreign officials, including the amount of foreign government regulation and oversight of the Company, such as licensing and permitting, and the Company's exposure to customs and immigration issues in conducting its business affairs.

13. In undertaking the reviews to carry out the Mandate, the Monitor shall formulate conclusions based on, among other things: (a) inspection of relevant documents, including the Company's current anti-corruption policies and procedures; (b) on-site observation of selected systems and procedures of the Company at sample sites, including internal accounting controls, record-keeping, and internal audit procedures; (c) meetings with, and interviews of, relevant current and, where appropriate, former directors, officers, employees, business partners, agents, and other persons at mutually convenient times and places; and (d) analyses, studies, and testing of the Company's compliance program.

*Monitor's Written Work Plans*

14. To carry out the Mandate, during the Term of the Monitorship, the Monitor shall conduct an initial review and prepare an initial report, followed by at least two follow-up reviews

and reports as described in Paragraphs 20-23 below. With respect to the initial report, after consultation with the Company, the Monitor shall prepare the first written work plan that shall be submitted no fewer than thirty (30) calendar days after being retained to the Company and the French Authority. The French Authority may then transmit such information in accordance with French Law to the Department. The Company and the Department shall have no more than thirty (30) calendar days after receipt of the written work plan to provide comment to the Monitor about the work plan. With respect to each follow-up report, after consultation with the Company, the Monitor shall prepare a written work plan that shall be submitted to the Company and the French Authority at least thirty (30) calendar days prior to commencing a review. The French Authority may then transmit such information in accordance with French Law to the Department. The Company and the Department shall have no more than thirty (30) calendar days after receipt of the work plan to provide comment to the Monitor about the work plan. Any disputes between the Company and the Monitor with respect to any written work plan shall be decided by the Department in its sole discretion.

15. All written work plans shall identify with reasonable specificity the activities the Monitor plans to undertake in execution of the Mandate, including a written request for documents. The Monitor's work plan for the initial review shall include such steps as are reasonably necessary to conduct an effective initial review in accordance with the Mandate, including by developing an understanding, to the extent the Monitor deems appropriate, of the facts and circumstances surrounding any violations that may have occurred before the date of the Agreement. In developing such understanding the Monitor is to rely to the extent possible on available information and documents provided by the Company. It is not intended that the

Monitor will conduct his or her own inquiry into the historical events that gave rise to the Agreement.

*Initial Review*

16. The initial review shall commence no later than one hundred twenty (120) calendar days from the date of the engagement of the Monitor (unless otherwise agreed by the Company, the Monitor, and the Department). The Monitor shall issue a written report within one hundred twenty (120) calendar days of commencing the initial review, setting forth the Monitor's assessment and, if necessary, making recommendations reasonably designed to improve the effectiveness of the Company's program for ensuring compliance with the anti-corruption laws. The Monitor should consult with the Company concerning his or her findings and recommendations on an ongoing basis and should consider the Company's comments and input to the extent the Monitor deems appropriate. The Monitor may also choose to share a draft of his or her reports with the Company prior to finalizing them. The Monitor's reports need not recite or describe comprehensively the Company's history or compliance policies, procedures and practices, but rather may focus on those areas with respect to which the Monitor wishes to make recommendations, if any, for improvement or which the Monitor otherwise concludes merit particular attention. The Monitor shall provide the report to the Board of Directors of the Company and contemporaneously transmit copies to the French Authority. The French Authority may then transmit such information in accordance with French law to the Department. After consultation with the Company, the Monitor may extend the time period for issuance of the initial report for a brief period of time with prior written approval of the Department.

17. Within one hundred and twenty (120) calendar days after receiving the Monitor's initial report, the Company shall adopt and implement all recommendations in the report, unless,

within sixty (60) calendar days of receiving the report, the Company notifies in writing the Monitor and the Department of any recommendations that the Company considers unduly burdensome, inconsistent with applicable law or regulation, impractical, excessively expensive, or otherwise inadvisable. With respect to any such recommendation, the Company need not adopt that recommendation within the one hundred and twenty (120) days of receiving the report but shall propose in writing to the Monitor and the Department an alternative policy, procedure or system designed to achieve the same objective or purpose. As to any recommendation on which the Company and the Monitor do not agree, such parties shall attempt in good faith to reach an agreement within forty-five (45) calendar days after the Company serves the written notice.

18. In the event the Company and the Monitor are unable to agree on an acceptable alternative proposal, the Company shall promptly consult with the Department. The Department may consider the Monitor's recommendation and the Company's reasons for not adopting the recommendation in determining whether the Company has fully complied with its obligations under the Agreement. Pending such determination, the Company shall not be required to implement any contested recommendation(s).

19. With respect to any recommendation that the Monitor determines cannot reasonably be implemented within one hundred and twenty (120) calendar days after receiving the report, the Monitor may extend the time period for implementation with prior written approval of the Department.

*Follow-Up Reviews*

20. A follow-up review shall commence no later than one hundred-twenty (120) calendar days after the issuance of the initial report (unless otherwise agreed by the Company,

the Monitor and the Department). The Monitor shall issue a written follow-up report within ninety (90) calendar days of commencing the follow-up review, setting forth the Monitor's assessment and, if necessary, making recommendations in the same fashion as set forth in Paragraph 16 with respect to the initial review. After consultation with the Company, the Monitor may extend the time period for issuance of the follow-up report for a brief period of time with prior written approval of the Department.

21. Within ninety (90) calendar days after receiving the Monitor's follow-up report, the Company shall adopt and implement all recommendations in the report, unless, within thirty (30) calendar days after receiving the report, the Company notifies in writing the Monitor and the Department concerning any recommendations that the Company considers unduly burdensome, inconsistent with applicable law or regulation, impractical, excessively expensive, or otherwise inadvisable. With respect to any such recommendation, the Company need not adopt that recommendation within the ninety (90) calendar days of receiving the report but shall propose in writing to the Monitor and the Department an alternative policy, procedure, or system designed to achieve the same objective or purpose. As to any recommendation on which the Company and the Monitor do not agree, such parties shall attempt in good faith to reach an agreement within thirty (30) calendar days after the Company serves the written notice.

22. In the event the Company and the Monitor are unable to agree on an acceptable alternative proposal, the Company shall promptly consult with the Department. The Department may consider the Monitor's recommendation and the Company's reasons for not adopting the recommendation in determining whether the Company has fully complied with its obligations under the Agreement. Pending such determination, the Company shall not be required to implement any contested recommendation(s). With respect to any recommendation that the

Monitor determines cannot reasonably be implemented within ninety (90) calendar days after receiving the report, the Monitor may extend the time period for implementation with prior written approval of the Department.

23. The Monitor shall undertake a second follow-up review pursuant to the same procedures described in Paragraphs 20-22. Following the second follow-up review, the Monitor shall certify whether the Company's compliance program, including its policies and procedures, is reasonably designed and implemented to prevent and detect violations of the anti-corruption laws. The final follow-up review and report shall be completed and delivered to the Department no later than thirty (30) days before the end of the Term.

*Monitor's Discovery of Misconduct*

24. Should the Monitor, during the course of his or her engagement, discover that:
- possible corrupt payments (or transfers of property or interests) may have been offered, promised, made, or authorized by any entity or person within the Company or any entity or person working, directly or indirectly, for or on behalf of the Company; or
  - false books and records may have been maintained by the Company either (a) after the date on which this Agreement was signed or (b) that have not been adequately dealt with by the Company (collectively "improper activities"), the Monitor shall promptly report such improper activities to the Company's General Counsel, Chief Compliance Officer, and/or Audit Committee for further action. If the Monitor believes that any improper activities may constitute a violation of law, the Monitor also shall report such improper activities to the Department. If in the Monitor's judgment such a report to the Department would be inconsistent
