This Guide offers applicants pertinent post-award information for all OVW Programs. This Guide is not a substitute for any of OVW’s program-specific solicitations or any of the applicable statutes, regulations, or policies that govern OVW’s programs. Applicants are responsible for reading each solicitation in its entirety and for following the instructions set forth in each solicitation.

OVW Grant Programs and Pertinent Information

The Office on Violence Against Women (OVW) expects to award funding under 23 grant programs, including the Technical Assistance Initiative. Four of these programs are formula programs, meaning the enacted legislation specifies how the funds are to be distributed. The remaining 19 programs are discretionary, meaning OVW has the responsibility to create the program parameters, and identify qualified applicants. It is anticipated that solicitations for Fiscal Year (FY) 2017 will be released on a rolling basis starting in December 2016.

Please refer to the current solicitations posted on OVW's website for the most up-to-date information on deadlines, project periods and budget caps.

Consolidated Grant Program to Address Children and Youth Experiencing Domestic and Sexual Assault and Engage Men and Boys as Allies  |  36 months | Up to $750,000 for Comprehensive projects. | Up to for $350,000 for Engaging Men projects.

Technical Assistance Initiative  |  For Targeted TA Projects: Up to 36 months | Up to $900,000\(^1\). | For Comprehensive TA Projects: Up to 60 months | Up to $1,000,000\(^2\) for the first three years of the 5 year award.

* Budget caps for each program are subject to FY 2017 congressional appropriations and availability of funds.

**Activities that may compromise victim safety**

OVW has found that certain activities may have the effect of jeopardizing victim safety, deterring or preventing physical or emotional healing for victims, or allowing offenders to escape responsibility for their actions. As such, the following are examples of activities that are prohibited with OVW grant funds.

1) Procedures or policies that exclude victims from receiving safe shelter, advocacy services, counseling, and other assistance based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or sex of their children.

If victim services are not available to all victims, then the program is compromising safety for those victims who are not eligible for services. Policies that do not directly exclude victims may still have the impact of excluding them. For example if a program uses criminal background checks as part of their screening process, it may deter victims with a criminal history from coming forward. Programs that require social security numbers or state issued identification, employment, or income may not be accessible to undocumented immigrant victims. In addition, all OVW grantees are subject to the nondiscrimination condition of 42 U.S.C. 13925(b) (13). For more information on this, see the OVW website at [https://www.justice.gov/ovw/grantees](https://www.justice.gov/ovw/grantees).

2) Procedures or policies that compromise the confidentiality of information and privacy of persons receiving OVW-funded services.

---

\(^1\) Funding levels under the Technical Assistance Initiative are provided with each purpose area.

\(^2\) OVW has the discretion to award cooperative agreements for greater or lesser amounts than requested and to negotiate the scope of work and budget with applicants prior to award of a grant.
Protection of personally identifying information is of critical importance to victims. VAWA recognized this with the inclusion of a provision requiring grantees and subgrantees to protect the confidentiality and privacy of persons receiving services. All grantees are required to sign a form (https://www.justice.gov/sites/default/files/ovw/pages/attachments/2015/01/20/confidentiality_acknowledgement_form_42015.pdf) acknowledging that they are aware of and will comply with the VAWA provision. Victim service providers should have policies and procedures regarding protection of victim information and the use of written, informed, time-limited releases for situations where victims wish to share information for a specific purpose.

3) Procedures or policies that impose requirements on victims in order to receive services (e.g. seek an order of protection, receive counseling, participate in couples counseling or mediation, report to law enforcement, seek civil or criminal remedies, etc.).

Victims are in the best position to know what services they would benefit from and what actions could increase or jeopardize their safety. Victim service providers should offer options to clients and information about possible remedies and available services, without making them mandatory.

4) Procedures or policies that fail to conduct safety planning with victims.

Safety planning helps victims consider the risk of future harm and steps that victims may take both to prevent harm and in response to an emergency. For examples and guidance on safety planning in domestic violence cases, please see http://www.thehotline.org/help/path-to-safety/ and for sexual assault cases, please see http://www.victimrights.org/sites/default/files/Safety%20Planning%20with%20Adult%20Sexual%20Assault%20Survivors%20A%20Guide%20for%20Advocates%20and%20Attorneys.pdf. Frequent and ongoing safety planning helps assess changes in circumstances and perception of risk.

5) Project design and budget that fail to account for the access needs of individuals with disabilities and individuals who have limited English proficiency or are Deaf or hard of hearing.

Without attention to accessibility, victims with disabilities may be unable to utilize the available services. In addition, clear and unencumbered communication is essential for victims when accessing help and receiving services, especially for victims with limited English proficiency or who are Deaf or hard of hearing. Recipients of OVW funds must comply with applicable federal civil rights laws, which, among other things, prohibit discrimination on the basis of disability and national origin. This includes taking reasonable steps to ensure that persons with limited English proficiency (LEP) have meaningful access to recipients’ programs and activities and ensuring that these programs and activities are readily accessible to qualified individuals with disabilities. Grantees must allocate grant funds or other available resources to support activities that help to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services, language interpretation and translation services, or the purchase of adaptive equipment. For resources, please see www.LEP.gov or http://www.endabusepwd.org/.
OVW Grant Programs Application Information

Address to Request Application Package

During the solicitation open period, application packages are available on the Grants.gov website or at the OVW website. Applicants wishing to request a paper copy of the application materials should contact OVW at (202) 307-6026.

After the solicitation open period, solicitation data will remain available on the OVW website.

Unique Entity Identifier (DUNS Number) and System for Award Management (SAM)

Applicants for federal grants and cooperative agreements are required to have a Data Universal Number System (DUNS) Number to submit an application. A DUNS Number is a unique nine-character identification number provided by the commercial company Duns & Bradstreet (D&B). Once an applicant has completed the D&B registration, its DUNS Number should be available within two business days.

Federal guidelines require that applicant organizations must (1) be registered in SAM.gov prior to submitting an application; (2) provide a valid DUNS number in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application under consideration by a federal awarding agency. Also, federal agencies may not make an award to an applicant until that applicant has complied with all applicable DUNS and SAM requirements. If an applicant has not fully complied with the requirements by the time that OVW is ready to make an award, then OVW may make the determination that the applicant is not qualified to receive an award and use that determination as a basis for making the award to another applicant.

The SAM centralizes information about grant recipients and also provides a central location for grant recipients to change organizational information. Grants.gov uses SAM to establish roles and IDs for electronic grant applicants.

If the applying organization already has an Employer Identification Number (EIN), the SAM registration will take up to two weeks to process. If the applying organization does not have an EIN, then the applicant should allow two to five weeks for obtaining the information from IRS when requesting the EIN via phone, fax, mail or Internet. Follow the steps listed below to register in the SAM:

1. Obtain a DUNS number at the following website http://www.dnb.com/us/ or call (866) 705-5711.
2. Access the SAM online registration through the SAM homepage at https://www.sam.gov/ and follow the online instructions for new SAM users.

Complete and submit the online registration. If the applying organization already has the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of the business or organization. Once the SAM registration becomes active, the applicant will be able to return to Grants.gov and complete the registration. Please note that organizations must update or renew their SAM registration at least once a year to maintain an active registration.
Submission Requirements

Applications must be submitted electronically via Grants.gov or GMS. Applicants that are unable to submit electronically must follow the instructions outlined in the solicitation.

OVW Policy on Duplicate Applications

An applicant can only submit one application for the same project per program. If an applicant submits multiple versions of an application, OVW will review the most recent version submitted.

OVW Policy on Late Submissions

OVW offers several options for an applicant to provide advance notice to OVW if receipt of its application will be delayed due to a temporary lack of Internet access, unforeseeable technical issues, or geographic isolation. If an applicant does not provide advance notice to OVW about an issue that may cause a delay in the submission of its application, the application will not be considered for funding. If applicant follows the steps outlined in the solicitation, OVW will consider the applicant’s request for late submission. Extension of deadlines is not guaranteed and permission to submit a late application does not automatically result in an award. Late submission only allows an application to be considered for funding. If late submission is approved, the application will be reviewed for registration information and completeness and to ensure that the applicant meets the basic eligibility requirements (BMR) as defined in the solicitation. If the applicant meets BMR, the application will be subject to both peer review and programmatic review before any funding decision is made.

Failure to begin the registration or application submission process in sufficient time is not an acceptable reason for a late application submission. Applicants should register with SAM, Grants.gov, or GMS by the date outlined in the solicitation. To ensure a successful application submission, OVW strongly encourages applicants to submit their applications at least 48, but no less than 24, hours before the deadline.

Experiencing Unforeseeable Technical Issues

The applicant should begin the application submission process 48, but no less than 24, hours prior to the application deadline. This will allow sufficient time for the applicant to contact the appropriate individuals and take corrective action, as outlined in the solicitation, should unforeseeable technical issues arise. If technical difficulties are experienced at any point during the application process, the applicant must contact the Grants.gov Customer Support Hotline, or the GMS Support Line and OVW prior to the application deadline. Within 24 hours after the deadline, the applicant must again contact OVW to request permission to submit an application. At that time, the applicant will be required to email the complete grant application and DUNS number, and provide the tracking numbers from the Grants.gov Customer Support Hotline or the GMS Support Line and all relevant documentation pertaining to the technical issue and any attempts to resolve the issue. After OVW reviews all of the information submitted and verifies the technical issues were unforeseeable with the appropriate Customer Service Line, OVW will contact the applicant to either approve or deny the request to submit a late application. If the technical issues cannot be verified as unforeseeable, the application will be rejected as late.
To ensure a fair competition for limited discretionary funds, the following conditions are not valid reasons to permit late submissions: (1) failure to begin the registration process in sufficient time; (2) failure to register or update information on the SAM website; (3) failure to follow Grants.gov instructions as posted on its website; and (4) failure to follow all of the instructions in the OVW solicitation.

**Extraordinary Natural or Manmade Disasters**

In cases of extraordinary natural or manmade disasters, such as extreme weather emergencies or terrorist acts, applicants may request to submit applications up to seven calendar days late by sending an e-mail to the contact listed in the solicitation. The request should specify the nature of the disaster and how it affected the applicant’s ability to submit an application on time. OVW may request additional documentation from the applicant verifying the extraordinary natural or manmade disaster.

**Post-Award Requirements for all Federal Grant Recipients**

All OVW award recipients must comply with the following requirements:

**Funding Restrictions**

Federal assistance awards are governed by the provisions of 2 CFR Part 200. Additionally, OVW awards are covered by the DOJ Financial Guide. The DOJ Financial Guide includes information on allowable costs, methods of payment, audit requirements, accounting systems, and financial records. This document also outlines the successful administration of grant funds. OVW generally does not allow pre-award costs. Such costs require prior approval by OVW and will only be allowed in limited circumstances.

Any recipient of an award will be responsible for monitoring subgrants/contracts, including MOU partner activities, under the grant in accordance with all applicable statutes, regulations, guidelines, and the DOJ Financial Guide. Primary recipients will be responsible for oversight of subgrantee/partner spending and monitoring specific performance measures and outcomes attributable to the use of OVW funds.

**Food and Beverage/Costs for Refreshments and Meals**

Generally food and beverage costs are not allowable, and under no circumstances may OVW funding be used to supply food and/or beverages during refreshment breaks. OVW may approve the use of OVW funds to provide food and/or beverages for a meal at a meeting, conference, training, or other event, if one of the following applies:

1. The location of the event is not in close proximity to food establishments. It should be a priority to try to secure a location near reasonably priced and accessible commercial food establishments.
2. Not serving food will significantly lengthen the day or necessitate extending the meeting to achieve meeting outcomes.
3. A special presentation at a conference requires a plenary address where there is no other time for food to be obtained.
4. Other extenuating circumstances necessitate the provision of food.
For Grants: Justification for an exception listed above must be included in the budget narrative, and funds may only be used to purchase food and/or beverages for a meal at a meeting, conference, training, or other event if OVW approves the specific expenditures in advance.

For Cooperative Agreements: A budget clearance does not constitute prior approval of food and beverage costs. Recipients must seek approval of these costs through the conference approval process.

Budget Requirements
Applicants must submit reasonable budgets based on the resources needed to implement their projects in their specific geographic location. The budget should display a clear link between the specific project activities and the proposed budget items. Specifically, the budget should not contain any items that are not detailed in the project narrative. The budget narrative must support all costs included in the budget and explain how the costs of goods and services are determined and how they will fulfill the overall objective of the project.

In some circumstances, the budget and budget narrative will be reviewed separately from the proposed project narrative. Therefore, it is very important that the budget narrative be as comprehensive as possible and describe in a narrative format each line item requested in the budget.

Conference Planning and Expenditure Limitations
Applicants should be aware of all applicable laws, regulations, policies and guidance (including specific cost limits, prior approval and reporting requirements, where applicable) governing the use of federal funds for expenses related to conferences (which is defined to include meetings, retreats, seminars, symposiums, training and other similar events), including the provision of food and/or beverages at such events, and costs of attendance at such events. Information on pertinent laws, regulations, policies and guidance is available at http://www.justice.gov/ovw/grantees. Applicants should also be aware of the following specific restrictions on conference planning and expenditure limitations:

1. Cost of Logistical Conference Planning
2. Cost of Programmatic Conference Planning
3. Conference Space and Audio-Visual Equipment and Services
4. Prohibition on Trinkets at Conferences
5. Entertainment at Conferences
6. Food and Beverages at Conferences
7. Prior Approval Required Before Entering Into Contracts or Expending Funds for Conferences
8. Conference Reporting

Updated Department of Justice and OVW guidance on conference planning, minimization of costs, and conference cost reporting is accessible on the OVW website http://www.justice.gov/ovw/grantees. For additional information regarding food and beverage regulations, please refer to the DOJ Financial Guide.
Training and Technical Assistance
All applicants except those under formula programs to states and territories are required to allocate sufficient funds to support travel costs associated with technical assistance and capacity-building activities sponsored by OVW-designated technical assistance providers. Each solicitation will identify the amount that should be allocated for this cost. The required set-aside amount may be shared between the applicant and any partnering agency(ies), but the budget must reflect the costs in the appropriate categories. Therefore, an employee’s travel costs should be included in the “Travel” category, while travel costs for the project partner(s) must be included in the “Consultants/Contracts” category. Label both costs as “OVW Technical Assistance.” Include an estimated breakdown for these costs, including the number of trips, number of travelers, airfare or mileage, lodging, per diem, etc. (OVW technical assistance is provided free of charge to grantees, so applicants do not need to include registration fees). This amount should equal the full, required set-aside amount listed above.

Please note these funds can only be used for OVW-designated technical assistance, unless otherwise approved by OVW. Any training and technical assistance funds not used by the end of the grant period may not be reprogrammed and must be returned to OVW. Travel funds should be used to support travel by all project partners including nonprofit, nongovernmental victim service providers. Funds may also be used by persons whose positions are not grant-funded as long as that person’s roles and responsibilities are linked to the project’s overall mission.

Program Assessments
Applicants may not use any OVW funds to conduct research. However, up to three percent of the budget may be allocated for the purpose of assessing the effectiveness of funded activities. For example, funds may be used to conduct pre- and post-testing of training recipients or for victim satisfaction surveys. In conducting such testing or surveys, grantees may not collect, analyze or disseminate any information that would disclose the identity of an individual.

Pre-Agreement Cost Approval
Please be aware that costs incurred prior to the start date of the award may not be charged to the project unless the recipient receives prior approval from OVW. Please see the DOJ Financial Guide for more information on pre-award costs.

Indirect Costs
Applicants that intend to charge indirect costs through the use of an indirect cost rate must have a federally-approved indirect cost rate agreement. The applicant should include a copy of a current, signed federally-approved indirect cost rate agreement in the application. This should be a separate attachment to the application in Grants.gov or GMS.

Non-federal entities that have never received a federally-approved indirect cost rate may elect to charge a de minimis rate of 10% of modified total direct costs which may be used indefinitely. This includes state and local governments that have never negotiated an indirect cost rate with the federal government and receive less than $35 million in direct federal funding per year. Tribes that have never negotiated an indirect cost rate with the federal government may also use the 10% de minimis rate.
Organizations that wish to negotiate an indirect cost rate may contact OVW’s Grants Financial Management Division at OVW.GFMD@usdoj.gov or 1-888-514-8556 for more information.

**Violence Against Women Act Non-Discrimination Provision**

The Violence Against Women Reauthorization Act of 2013 added a new civil rights provision that applies to all OVW grants. This provision prohibits OVW grantees from excluding, denying benefits to, or discriminating against any person on the basis of actual or perceived race, color, religion, national origin, sex, gender identity, sexual orientation, or disability in any program or activity funded in whole or in part by OVW. For more information on this prohibition, see [http://www.justice.gov/ovw/docs/faqs-ngc-vawa.pdf](http://www.justice.gov/ovw/docs/faqs-ngc-vawa.pdf).

**Civil Rights Compliance**

As a condition for receiving funding from OVW, recipients must comply with applicable federal civil rights laws, including Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Department of Justice (DOJ) regulation for the Equal Treatment of Faith-Based Organizations. Depending on the funding source, a recipient must also comply with the nondiscrimination provisions within the applicable program statutes, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (“the Omnibus Crime Control and Safe Streets Act”). Collectively, these federal laws prohibit a recipient of OVW funding from discriminating either in employment (subject to the exemption for certain faith-based organizations discussed below) or in the delivery of services or benefits on the basis of race, color, national origin, sex, religion, or disability. In addition, recipients of OVW funding may not discriminate on the basis of age in the delivery of services or benefits.

Compliance with Title VI of the Civil Rights Act of 1964, which prohibits recipients from discriminating on the basis of national origin in the delivery of services or benefits, entails taking reasonable steps to ensure that persons with limited English proficiency (LEP) have meaningful access to their programs and activities. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To assist recipients in meeting their obligation to serve LEP persons, the DOJ has published a guidance document, which is available at [https://www.lep.gov/guidance/guidance_DOJ_Guidance.html](https://www.lep.gov/guidance/guidance_DOJ_Guidance.html). Additional resources are available at [http://ojp.gov/about/ocr/lep.htm](http://ojp.gov/about/ocr/lep.htm). OVW strongly encourages applicants and recipients to develop a language access plan. Additionally, applicants must include within their program budgets the costs for providing interpretation and translation services to eligible LEP service populations or explain how language access will be provided if grant funds are not necessary for this purpose.

For technical assistance on complying with the civil rights laws linked to the receipt of federal financial assistance from OVW, please contact the:

Office of Justice Programs  
Office for Civil Rights  
810 7th Street NW  
Washington, DC 20531  
202-307-0690
Funding to Faith-Based Organizations

In 2002, President Bush issued Executive Order 13279, and in 2004, DOJ issued the regulation Equal Treatment for Faith-Based Organizations, 28 C.F.R. Part 38. In 2014, President Obama issued Executive Order 13559, Fundamental Principles and Policymaking Criteria for Partnerships With Faith-Based and Other Neighborhood Organizations, which extends protections to beneficiaries of funded programs. In April, 2016, the DOJ issued a Final Rule, which amended Part 38 and was effective May 4, 2016.

Under Part 38, the grantee, and any subgrantee, at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38, specifically including any applicable requirements regarding written notice to program beneficiaries and prospective program beneficiaries.

Among other things, 28 C.F.R. Part 38 includes rules that prohibit specific forms of discrimination on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to grantee and subgrantee organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to grantees and subgrantees that are faith-based or religious organizations.

The text of the regulation, now entitled "Partnerships with Faith-Based and Other Neighborhood Organizations," is available via the Electronic Code of Federal Regulations (currently accessible at http://www.ecfr.gov/cgi-bin/ECFR?page=browse), by browsing to Title 28-Judicial Administration, Chapter 1, Part 38, under e-CFR "current" data. For more information, please see https://ojp.gov/about/ocr/partnerships.htm.

Confidentiality and Privacy Protections

OVW grantees and their subgrantees are prohibited from disclosing personally identifying information collected in connection with services requested, utilized, or denied through the grantee and their subgrantee’s programs, to any third party or third-party database without informed, written, reasonably time-limited consent of the person, unless compelled by statutory or court mandate. Where there is a mandate to release information, grantees and subgrantees must make reasonable attempts to provide notice to victims affected by the disclosure of information. They must also take necessary steps to protect the privacy and safety of the persons affected by the release of the information. Regarding unemancipated minors or persons with disabilities lacking legal capacity to consent, a parent or guardian may consent to the disclosure; however, an abuser of a minor, person with disabilities, or the minor’s other parent is prohibited from giving consent to the disclosure. If a minor or a person with a legally appointed guardian is permitted by law to receive services without the parent’s or guardian’s consent, the minor or person with a guardian may release information without additional consent. Due to a requirement in VAWA 2013, grantees and subgrantees must document their compliance with the confidentiality and privacy provisions required under this section. In FY 2017, OVW applicants must acknowledge that they have received notice of this requirement to document compliance. The acknowledgement form is available on the OVW website at
In addition, grantees and subgrantees may share aggregate information regarding their services and demographics of victims for certain purposes if this information does not identify specific individuals or reveal personally identifying information. They may share such aggregate information with appropriate agencies to comply with federal, state, tribal, or territorial reporting, evaluation, and data collection requirements. For protection order purposes, they may also share court and law enforcement-generated information contained in secure, governmental registries. Moreover, they may share law enforcement-and prosecution-generated information necessary for law enforcement and prosecution purposes.

DOJ regulations (28 CFR Part 22) also require recipients of OVW funding to submit a Privacy Certificate as a condition of approval of any grant application or contract proposal that contains a research or statistical component under which "information identifiable to a private person" will be collected, analyzed, used, or disclosed. These regulations define a research or statistical project as "any program, project, or component thereof … whose purpose is to develop, measure, evaluate, or otherwise advance the state of knowledge in a particular area." 28 CFR Part 22.2(c).

**Research and Protection of Human Subjects**

It is important for applicants with OVW funding to be aware of DOJ guidance on research involving protection of human subjects so that they do not propose activities that encompass such research. The Department of Justice’s Office of Justice Programs (OJP) has developed a “decision tree” to assist applicants/grantees in determining whether an activity they plan to undertake with federal funds constitutes research involving human subjects. If research involving human subjects is involved, DOJ regulations as described below are applicable. OVW strongly encourages applicants to use this decision-tree to ensure that proposed activities can be supported with OVW funding. See also related “Confidentiality and Privacy Protections”.

DOJ regulations (28 CFR Part 46) protect the human subjects of federally-funded research. In brief, 28 CFR Part 46 requires that most research involving human subjects that is conducted or supported by a federal department or agency be reviewed and approved by an Institutional Review Board (IRB), in accordance with the regulations, before federal funds are expended for that research. As a rule, persons who participate in federally-funded research must provide their "informed consent" and must be permitted to terminate their participation at any time. For additional information on this topic, please see http://www.nij.gov/funding/humansubjects/pages/welcome.aspx.

Please note that “research” does not include program assessments conducted only for internal improvement purposes. If an OVW program solicitation asks for a more comprehensive program evaluation or other type of activity that constitutes research implicating human subject research and confidentiality/privacy protections, the solicitation will so state.
Anti-Lobbying Act

In 2002, the Anti-Lobbying Act (18 U.S.C. § 1913) was amended to expand significantly the restriction on use of appropriated funding for lobbying. This expansion also makes the anti-lobbying restrictions enforceable via large civil penalties, with civil fines between $10,000 and $100,000 per each individual occurrence of lobbying activity. The Violence Against Women Act definitions and grant conditions (42 U.S.C. 13925) explicitly provides that the prohibition in 18 U.S.C. § 1913 applies to funds appropriated for VAWA grant programs. It also provides that grantees and subgrantees may “collaborate with or provide information to federal, state, local, or tribal public officials or agencies to develop and implement policies and develop and promote state, local, or tribal legislation or model codes designed to reduce or eliminate domestic violence, dating violence, sexual assault, and stalking.” In addition, some programs contain purpose areas for developing and promoting legislation and policies that promote best practices for responding to domestic violence, dating violence, sexual assault, and stalking. Grantees should contact their grant managers with any questions regarding the allowability of specific activities. These restrictions are in addition to the anti-lobbying and lobbying disclosure restrictions imposed by 31 U.S.C. § 1352.

In general, under the statutes above and as set out in the Cost Principles at 2 C.F.R. § 200.450, for most organizations, no federally appropriated funding made available under this grant program may be used, either directly or indirectly, to support the enactment, repeal, modification, or adoption of any law, regulation, or policy at any level of government without the express prior written approval of OVW. Any violation of this prohibition is subject to a minimum $10,000 fine for each occurrence. The recipient, or any subrecipient (“subgrantee”) may, however, use federal funds to collaborate with and provide information to federal, state, local, tribal and territorial public officials and agencies to develop and implement policies and develop and promote state, local, or tribal legislation or model codes designed to reduce or eliminate domestic violence, dating violence, sexual assault, and stalking (as those terms are defined in 42 U.S.C. 13925(a)) when such collaboration and provision of information is consistent with the activities otherwise authorized for the grant program.

Reporting Requirements

Federal grants are governed by the provisions of the Uniform Guidance (2 CFR 200), OMB circulars applicable to financial assistance and the DOJ Financial Guide, which includes information on allowable costs, methods of payment, audit requirements, accounting systems, and financial records.

For fiscal years beginning on or after December 26, 2014, any non-Federal entity that expends $750,000 or more during the non-Federal entity’s fiscal year in Federal awards must have a single or program-specific audit conducted for that year in accordance with the provisions of 2 CFR 200, Subpart F- Audit Requirements. This audit report must be submitted to the Federal Audit Clearinghouse within nine months after the close of the fiscal year during the term of the award.

OVW Reporting Requirements

Grantees must comply with the following OVW reporting requirements:

OVW grantees are required to file a Federal Financial Report (FFR) quarterly via the FFR module in the web-based Grants Management System (GMS). OVW grantees are required to designate and approve at least one Financial Point of Contact (FPOC) in GMS before they can file the FFR. An FPOC must be registered and approved by the Grant Point of Contact through GMS at https://grants.ojp.usdoj.gov/.

The FFR is used to track actual expenditures and unliquidated obligations and is due no later than 30 days after the calendar quarter ends. The final FFR is due 90 days after the grant end date. Grantees are encouraged to submit the FFR as soon as the quarter ends to avoid delays in processing and access to grant funds.

The schedule for submitting Federal Financial Reports is as follows:

<table>
<thead>
<tr>
<th>Reporting quarter:</th>
<th>Due no later than:</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1–March 31</td>
<td>April 30</td>
</tr>
<tr>
<td>April 1–June 30</td>
<td>July 30</td>
</tr>
<tr>
<td>July 1–September 30</td>
<td>October 30</td>
</tr>
<tr>
<td>October 1–December 31</td>
<td>January 30</td>
</tr>
</tbody>
</table>

2. Progress Reports

Under the Government Performance and Results Act (GRPA) and Violence Against Women Act (VAWA) of 2000, grantees are required to collect and maintain data that measure the effectiveness of their grant-funded activities.

Each grant program’s progress reporting form reflects the different statutorily authorized activities that grantees perform, and collects uniform information on victims served, demographics, and common activities that occur across grant programs. These progress report forms provide OVW with comprehensive data regarding grantee activities and are used for Congressional reporting, OVW’s outreach strategy, and other performance-related data reporting.

OVW grantees are required to submit semi-annual or annual progress reports through the Grants Management System (GMS). If selected for funding, the applicant will have a special condition on their award requiring the submission of these progress reports. For information on progress reporting and sample reporting forms, please visit the VAWA Measuring Effectiveness Initiative website: http://muskie.usm.maine.edu/vawamei/index.htm.

If either a Federal Financial Report or Progress Report is late, GMS will automatically place a hold on grant funds. GMS will generate a GAN informing the grant recipients that the funds have been placed on hold. Once the delinquent report has been submitted, GMS will automatically generate a GAN releasing the hold. Delinquent reports may affect future awards and may lead to suspension/and or termination of the award.
National Environmental Policy Act

All OVW awards are subject to the National Environmental Policy Act (NEPA) and other related Federal laws, if applicable. 42 U.S.C. § 4321 et seq. DOJ has established procedures to implement NEPA. See 28 CFR Part 61. The regulations state that "all federal agencies are required to give appropriate consideration to the environmental effects of their proposed actions in their decision-making and to prepare detailed environmental statements on . . . major federal actions significantly affecting the quality of the human environment." 28 CFR section 61.2. Under the regulations, DOJ, among other things, is required to "consider from the earliest possible point in the process all relevant environmental documents in evaluating proposals for Department action." 28 CFR Section 61.6.

OVW has responsibility to ensure compliance with NEPA and 28 CFR Part 61, including Appendix D (included in Part 61 - Office of Justice Assistance, Research, and Statistics Procedures Relating to the Implementation of the National Environmental Policy Act). For many projects that are funded by OVW, NEPA may have no applicability. However, if OVW funds will be used, for example, to pay for renovation projects or new construction, programs involving the use of chemicals, or any other activity, including research and technology development, that may have an effect on the environment, at a minimum, the funding recipient must provide a full description of proposed project activities to OVW. Prior to allowing a recipient to spend OVW funds for such a project, OVW must make a finding that the project does not significantly affect the human environment and that further environmental assessment is not necessary.

DOJ Information Technology Standards

As appropriate, all equipment and software developed under awards that result from OVW funding must be compliant with DOJ information technology interface standards, including the National Criminal Intelligence Sharing Plan at [https://it.ojp.gov/documents/National_Criminal_Intelligence_Sharing_Plan.pdf](https://it.ojp.gov/documents/National_Criminal_Intelligence_Sharing_Plan.pdf), the Global Justice XML Data Model at [http://it.ojp.gov/jxdm/](http://it.ojp.gov/jxdm/), and the Law Enforcement Information Sharing Plan. A list of additional standards can be found at the OJP Standards Clearinghouse at [http://it.ojp.gov/default.aspx?area=implementationAssistance&page=1017](http://it.ojp.gov/default.aspx?area=implementationAssistance&page=1017).

Non-Supplanting of State and Local Funds

Grantees must use federal funds to supplement existing funds for program activities and may not replace (supplant) nonfederal funds that they have appropriated for the same purpose.

Potential supplanting will be the subject of monitoring and an audit. Violations can result in a range of penalties, including suspension of current and future OVW funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

Criminal Penalty for False Statements

False statements or claims made in connection with OVW grants may result in fines, imprisonment, and debarment from participating in federal grants or contracts, and/or other remedy available by law.
Reporting Fraud, Waste, Error, and Abuse

The Office of the Inspector General (OIG) conducts independent investigations, audits, inspections, and special reviews of U.S. Department of Justice personnel and programs to detect and deter waste, fraud, abuse, and misconduct, and to promote integrity, economy, efficiency, and effectiveness in U.S. Department of Justice operations. Grantees should report potential fraud, waste, abuse, or misconduct to the U.S. Department of Justice, Office of the Inspector General (OIG) by contacting:

Office of the Inspector General
U.S. Department of Justice Fraud Detection Office
Attn: Grantee Reporting
1300 North 17th Street
Suite 3200
Arlington, VA 22209
Email: oig.hotline@usdoj.gov
Hotline: (contact information in English and Spanish): (800) 869-4499
Or Hotline fax: (202) 305-8447
Hotline: (contact information in English and Spanish): (800) 869-4499
Or Hotline fax: (202) 616-9881

Additional information is available from the DOJ OIG website at www.justice.gov/oig.

Suspension or Termination of Funding

OVW may suspend funding in whole or in part, terminate funding, or impose other sanctions on a recipient for the following reasons:

1. Failing to comply substantially with the requirements or statutory objectives of the appropriate Act, program guidelines issued thereunder, or other provisions of federal law.
2. Failing to make satisfactory progress toward the goals, objectives, or strategies set forth in the application.
3. Failing to adhere to the requirements in the agreement, standard conditions, or special conditions.
4. Proposing or implementing substantial plan changes to the extent that, if originally submitted, the application would not have been selected for funding.
5. Failing to submit reports.
6. Filing a false certification in the application or other report or document.

Before imposing sanctions, OVW will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Hearing and appeal procedures will follow those in DOJ regulations in 28 CFR Part 18.
Rights in Intellectual Property

DOJ reserves certain rights with respect to data, patentable inventions, works subject to copyright, and other intellectual property associated with an award of federal funds. See 2 CFR 200.315 and 37 CFR Part 401.

Federal Funding Accountability and Transparency Act of 2006 (FFATA)

Applicants receiving an OVW award should be aware of the requirements of the Federal Funding Accountability and Transparency Act of 2006 (FFATA), which calls for the establishment of a single searchable website http://www.USASpending.gov that is accessible by the public and includes the following information for each Federal award:

1. The name of the entity receiving the award;
2. The amount of the award;
3. Information on the award including the transaction type, funding agency, the North American Industry Classification System code or Catalog of Federal Domestic Assistance number (where applicable), program source, and an award title descriptive of the purpose of each funding action;
4. The location of the entity receiving the award and primary location of performance under the award, including the city, state, congressional district, and country;
5. A unique identifier of the entity receiving the award and of the parent entity of the recipient, should the entity be owned by another entity; and
6. Any other relevant information specified by OMB.

DOJ awarding agencies will be responsible for collecting grantee information and providing it to the public website, using data provided by grantees through the Grants Management System. Additional information regarding these requirements will be provided when available. For more information, visit the USASpending.gov website.

Applicants should note that all recipients of awards of $25,000 or more consistent with FFATA, will be required to report award information on any first-tier subawards totaling $25,000 or more, and, in certain cases, to report information on the names and total compensation of the five most highly compensated executives of the recipient and first-tier subrecipients. If applicable, the FFATA Subaward Reporting System (FSRS), accessible via the Internet at www.fsrs.gov, is the reporting tool recipients will use to capture and report subaward information and any executive compensation data required by FFATA. The subaward information entered in FSRS will then be displayed on www.USASpending.gov associated with the prime award, furthering federal spending transparency.

Each applicant entity must ensure that it has the necessary processes and systems in place to comply with the applicable reporting requirements should it receive funding.

For additional information regarding the executive compensation and subaward reporting requirements, please see Vol. 75, No. 177 (September 14, 2010) of the Federal Register, www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf.
Federal Award Performance and Integrity Information System (FAPIIS) Requirements

Recipients that have a total value of current active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies that exceeds $10,000,000 for any period of time during the period of performance of their OVW award must maintain the currency of information about civil, criminal, or administrative proceedings reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)).

FAPIIS reporting requires recipients to comply with any and all applicable requirements regarding reporting of information on civil, criminal, and administrative proceedings connected with (or connected to the performance of) either this OVW award or any other grant, cooperative agreement, or procurement contract from the federal government. Under certain circumstances, recipients of OVW awards are required to report information about such proceedings, through SAM to the designated federal integrity and performance system FAPIIS. The details of the recipient obligations regarding this requirement can be viewed on the OVW website at [www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf](http://www.gpo.gov/fdsys/pkg/FR-2010-09-14/pdf/2010-22705.pdf). OVW includes a special condition regarding this requirement on all awards where the cumulative amount of the award will exceed $500,000.

Awards in Excess of $5,000,000 – Federal Taxes Certification Requirement

A prospective recipient of an award in excess of $5,000,000 may be required to submit a detailed certification concerning filing of federal tax returns, criminal convictions under the Internal Revenue Code, and unpaid federal tax assessments.

Prohibited conduct by recipient and subrecipients related to trafficking in persons

During the period of time that the award is in effect, any recipient or subrecipient ("subgrantee") that is a private entity, and the employees of any recipient or subrecipient that is a private entity, may not engage in--

a. Severe forms of trafficking in persons as defined in 22 U.S.C. § 7102(9);
b. Procurement of a commercial sex act;
c. Use of forced labor in the performance of the award or any subaward ("subgrant") under the award;
d. Acts that directly support or advance trafficking in persons, including acts such as:
   (i) Denying an employee access to the employee's own identity or immigration documents (including by destroying or confiscating such documents);
   (ii) Without legally-sufficient justification as determined by OVW/DOJ, failing to provide (or pay for) return transportation to an employee to the country from which the employee was recruited (if other than the United States), if the employee requests such return transportation upon the end of employment;
   (iii) Using materially false or fraudulent pretenses, representations, or promises regarding the employment to solicit a person for employment, or in an offer of employment;
(iv) Charging recruited employees unreasonable placement or recruitment fees, such as fees equal to or greater than the employee’s monthly salary, or recruitment fees that violate the laws of the country from which an employee is recruited; or (v) Providing or arranging housing that fails to meet the host country (e.g., the United States) housing and safety standards.

**Computer network requirement**

Grantees must agree that - (a) No award funds may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, and (b) Nothing in subsection (a) limits the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

**Whistleblower Protections for Employees of OVW Recipients**

Recipients of OVW grants and cooperative agreements must comply with, and are subject to, all applicable provisions of 41 U.S.C. 4712, including all applicable provisions that prohibit, under specified circumstances, discrimination against an employee of an OVW recipient by the OVW recipient as reprisal for the employee’s disclosure of information related to gross mismanagement of a federal grant, a gross waste of federal funds, an abuse of authority relating to a federal grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal grant.

Recipients of OVW grants and cooperative agreements should inform their employees, in writing (and in the predominant native language of the workforce), of employee rights and remedies under 41 U.S.C. 4712.

**General Appropriations Law Restrictions**

The federal appropriations statutes that provide (among many other things) the funds that OVW awards in its grants and cooperative agreements include various restrictions on how the federal appropriated funds may be used. These restrictions, which often appear in sets of "General Provisions," typically do not relate to a particular program, or even to a particular agency such as OVW. Rather, they are wide-ranging, "cross-cutting" restrictions. For more information on the specific restrictions applicable to OVW grants, please see www.justice.gov/OVW/grantees.
