

of Food and Drugs and redelegated to the Center for Veterinary Medicine, 21 CFR part 522 is amended as follows:

**PART 522—IMPLANTATION OR INJECTABLE DOSAGE FORM NEW ANIMAL DRUGS**

1. The authority citation for 21 CFR part 522 continues to read as follows:

**Authority:** 21 U.S.C. 360b.

(b) *Sponsor.* See No. 000061 in § 510.600(c) of this chapter for use as in paragraphs (c)(1) and (c)(2) of this section. See No. 000074 in § 510.600(c) of this chapter for use as in paragraph (c)(1) of this section.

(c) \* \* \*

(2) *Cats.* (i) The drug is indicated for use as an anesthetic as follows: As a single injection to provide general anesthesia for short procedures, for induction and maintenance of general anesthesia using incremental doses to effect, and for induction of general anesthesia where maintenance is provided by inhalant anesthetics.

(ii) The drug is administered by intravenous injection as follows: For induction of general anesthesia without the use of preanesthetics the dosage is 8.0 to 13.2 milligrams per kilogram (3.6 to 6.0 milligrams per pound). For the maintenance of general anesthesia without the use of preanesthetics the dosage is 1.1 to 4.4 milligrams per kilogram (0.5 to 2.0 milligrams per pound). The use of preanesthetic medication reduces propofol dose requirements.

(iii) Adequate data concerning safe use of propofol in pregnant and breeding cats have not been obtained. Doses may need adjustment for geriatric or debilitated patients. Federal law restricts this drug to use by or on the order of a licensed veterinarian.

**DEPARTMENT OF STATE**

**22 CFR Part 41**

[Public Notice 2992]

**Bureau of Consular Affairs; Documentation of Nonimmigrants Under the Immigration and Nationality Act, as Amended; Photograph Requirement**

**AGENCY:** Bureau of Consular Affairs, DOS.

**ACTION:** Final rule.

**SUMMARY:** The Department has replaced the Burroughs visa with a machine-readable visa (MRV). Since the MRV displays a digitized photo of the visa recipient, the Department is amending the nonimmigrant visa regulations to require all applicants for nonimmigrant visas to present photographs. The regulations are also amended to allow photographs of persons wearing head coverings, provided that enough of the face is uncovered so as to establish identity.

**EFFECTIVE DATE:** March 19, 1999.

**FOR FURTHER INFORMATION CONTACT:** Pam Chavez, Legislation and Regulations Division, Visa Services, Bureau of Consular Affairs, Department of State, 202-663-1206.

**SUPPLEMENTARY INFORMATION:** Effective April 1, 1994, the Department instructed all Foreign Service posts to cease issuing Burroughs visas, which were stamps placed in the passport. Foreign Service posts worldwide now issue only machine-readable visas (MRVs), a more technologically advanced and secure type of visa with a digitized photo of the applicant. The MRV is also inserted in the passport. The Department has, therefore, amended the regulations at 22 CFR 41.105(a)(3) to eliminate the waiver of photographs authorized in paragraphs (i), (ii) and (iii).

**Final Rule**

This rule is being promulgated as a final rule pursuant to the "good cause" provision of 5 U.S.C., sec. 553(b). Notice and comment serve no purpose in light of the fact that visas can no longer be issued without a photograph. This rule is not expected to have a significant impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. It is not a major rule. This rule imposes no reporting or recordkeeping action from the public requiring the approval of the Office of Management and Budget under the Paperwork Reduction Act. This rule complies with requirements of E.O. 12988.

**List of Subjects in 22 CFR Part 41**

Aliens, Nonimmigrants, Passport and visas.

In view of the foregoing 22 CFR part 41 is amended as follows:

**PART 41—[AMENDED]**

1. The authority citation for part 41 continues to read as follows:

**Authority:** 8 U.S.C. 1104.

2. Revise paragraph (a)(3) of § 41.105 and remove the undesignated paragraph following it to read as follows:

**§ 41.105 Supporting documents and fingerprinting.**

(a) \* \* \*

(3) *Photographs required.* Every applicant for a nonimmigrant visa must furnish a photograph in such numbers as the consular officer may require. Photographs must be a reasonable likeness, 1½ by 1½ inches in size, unmounted, and showing a full, front-face view of the applicant against a light background. At the discretion of the consular officer, head coverings may be permitted provided they do not interfere with the full, front-face view of the applicant. The applicant must sign (full name) on the reverse side of the photographs. The consular officer may use a previously submitted photograph, if he is satisfied that it bears a reasonable likeness to the applicant.

Dated: March 11, 1999.
