

daylight overdraft capital base for the U.S. branch and agency family (item 3), which is used to calculate the net debit cap; and the reporting FBO's total worldwide assets (item 4). The Reserve Banks use items 1 and 2 as supplemental information to clarify the data reported in item 3. Federal Reserve staff use the assets data reported in item 4 for analytical purposes.

Proposed revisions: The Board proposes to revise the instructions to remove references to an FBO's strength of support assessment (SOSA) ranking and its status as a financial holding company (FHC). These changes are related to the revisions to the PSR policy, which the Board implemented on April 1, 2019, and which will take effect on October 1, 2020. The SOSA ranking and FHC status are no longer used for determining an FBO's eligibility for a positive net debit cap, the size of its net debit cap, and its eligibility to request a streamlined procedure to obtain maximum daylight overdraft capacity. In addition, the Board proposes to revise the confidentiality section of the instructions to clarify how an FBO may request its information be treated as confidential, if the FBO believes the information submitted on its FR 2225 report is exempt from disclosure under the Freedom of Information Act, 5 U.S.C. 552(b). The Board also is changing language in the FR 2225 to clarify where the confidentiality instructions can be found, and updating the legal statutes listed on the face of the FR 2225.

Legal authorization and confidentiality: This information collection is authorized pursuant to section 7(a) of the International Banking Act, 12 U.S.C. 3105(a), which establishes reserve requirements for U.S. branches and agencies of foreign banks, and pursuant to section 13(14) of the Federal Reserve Act (FRA), 12 U.S.C. 347d, which provides that "each Federal Reserve bank may receive

deposits from, discount paper endorsed by, and make advances to any branch or agency of a foreign bank in the same manner and to the same extent that it may exercise such powers with respect to a member bank if such branch or agency is maintaining reserves with such Reserve bank pursuant to section 7 of the International Banking Act of 1978." In addition, sections 11(i), 16, and 19(f) of the FRA, 12 U.S.C. 248(i), 248–1, and 464, continue to provide authority for the collection of the FR 2225. The obligation to respond is required to obtain a benefit (*i.e.*, this information is required in order for an FBO to establish a non-zero net debit cap so that its U.S. branches or agencies may be eligible for intraday credit).

Consultation outside the agency: There has been no consultation outside the Federal Reserve System.

Board of Governors of the Federal Reserve System, June 23, 2020.

Michele Taylor Fennell,
Assistant Secretary of the Board.

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, HHS.

ACTION: Request for public comment.

SUMMARY: The Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services (HHS) seeks an update to the existing data collection for the Annual Survey of Refugees. The Annual Survey of Refugees is a yearly sample survey of

refugee households entering the U.S. in the previous five fiscal years. The requested update is based upon results of a multi-year effort in instrument redesign and field testing. ACF estimates the proposed changes will increase response burden from 30 to 48 minutes per respondent.

DATES: *Comments due within 30 days of publication.* OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

SUPPLEMENTARY INFORMATION:

Description: Data from the Annual Survey of Refugees are used to meet the Office of Refugee Resettlement's (ORR's) Congressional reporting requirements, as set forth in the Refugee Act of 1980 (Section 413(a) of the Immigration and Nationality Act). ORR makes survey findings available to the general public and uses findings for the purposes of program planning, policy-making, and budgeting. The requested update reflects changes to the survey instrument to: enhance ORR's understanding of refugees' resettlement experiences; streamline the collection of household-level information; and improve data reliability and validity.

Respondents: The Annual Survey of Refugees secures a nationally representative sample of refugee households arriving in the United States in the previous five fiscal years.
