If instruction is needed on converting your data to UCR Summary Data style please view the FBI's UCR Handbook (https://ucr.fbi.gov/additional-ucr-publications/ucr_handbook.pdf/) for more information.

The FBI is retiring the current Summary Reporting System (SRS) and will transition to an all-National Incident-Based Reporting System (NIBRS) data collection system within the next 5 years. The transition to NIBRS will provide a more complete and accurate picture of crime at the national, state, and local level. Beginning in 2021, the FBI will no longer collect summary data and will only accept data in the NIBRS format and COPS Office awards will be based on submitted NIBRS data. Transitioning all law enforcement agencies to NIBRS is the first step in gathering more comprehensive crime data. The COPS Office encourages its award recipients to submit NIBRS data to the FBI Criminal Justice Information Services Division in a timely manner, thereby ensuring sufficient and complete crime and arrest data is available for consideration.
