THE GRAND JURY CHARGES:

At all times relevant to this Superseding Indictment, unless otherwise
indicated:

I. The Defendants

1. LOW TAEK JHO, also known as "Jho Low," ("LOW" or "JHO LOW") was a Malaysian national who advised on the creation of Terengganu Investment Authority ("TIA"), the predecessor entity to 1Malaysia Development Berhad ("1MDB"), Malaysia's state-owned and state-controlled investment development company. LOW worked as an intermediary in relation to 1MDB and other foreign government officials on numerous financial transactions and projects involving The Goldman Sachs Group, Inc. ("Goldman Sachs Group") and its subsidiaries and affiliates, and others, though he did not hold a formal position at 1MDB nor was he ever employed by the Governments of Malaysia or Abu Dhabi.

2. NG CHONG HWA, also known as “Roger Ng,” (“NG” or “ROGER NG”) was a Malaysian national who was employed as a Managing Director by various subsidiaries of Goldman Sachs Group and acted as an agent and employee of Goldman Sachs Group from approximately 2005 to May 2014. NG also owned stock in Goldman Sachs Group. NG was thus an “employee,” “agent” and “stockholder” of an “issuer” within the meaning of the Foreign Corrupt Practices Act (“FCPA”), Title 15, United States Code, Section 78dd-1(a).

II. Relevant Entities and Individuals

A. The Goldman Sachs Group

3. Goldman Sachs Group was a global investment banking, securities and investment management firm incorporated in Delaware and headquartered in New York, New York. Goldman Sachs Group had a class of securities registered pursuant to Section 12 of the Securities and Exchange Act of 1934 (Title 15, United States Code, Section 78l) (the “Exchange Act”) and was required to file reports with the U.S. Securities and Exchange Commission under Section 15(d) of the Exchange Act (Title 15, United States Code, Section 78o(d)). As such, Goldman Sachs Group was an “issuer” within the meaning of the FCPA, Title 15, United States Code, Section 78dd-1(a). Goldman Sachs Group conducted its activities primarily through various subsidiaries and affiliates (collectively referred to herein as “Goldman”), including those that employed the defendant ROGER NG and some of his co-conspirators, including Co-Conspirator #1.¹

B. 1MDB and Other Relevant Entities

4. 1MDB was a strategic investment and development company wholly owned and controlled by the Government of Malaysia through its Ministry of Finance (“MOF”). It was formed in or around 2009, when the Malaysian government took federal control of TIA, which had previously been the sovereign wealth fund of the state of Terengganu in Malaysia. 1MDB was created to pursue investment and development projects for the economic benefit of Malaysia and its people, primarily relying on debt to fund these investments. 1MDB’s development projects were focused in the areas of energy, real estate, tourism and agribusiness. 1MDB was overseen by senior Malaysian government officials, was controlled by the Government of Malaysia and performed a government function on behalf of Malaysia. Malaysian Official #1, further described below, was a high-ranking official in the Malaysian government and the MOF with high-level authority to, among other things, approve and influence 1MDB business decisions. 1MDB was thus an “instrumentality” of a foreign government within the meaning of the FCPA, Title 15, United States Code, Sections 78dd-1(f)(1)(A) and 78dd-3(f)(2)(A).

Foreign Agency A was overseen by senior Abu Dhabi government officials, was controlled by the Government of Abu Dhabi, which appointed all the members of Foreign Agency A’s board of directors, and performed a government function on behalf of Abu Dhabi. Foreign Agency A was thus an

“instrumentality” of a foreign government within the meaning of the FCPA, Title 15, United States Code, Sections 78dd-1(f)(1)(A) and 78dd-3(f)(2)(A).

On or about May 24, 2012, a bank account in the name of Silken Waters / Victoria Square was opened at a bank in Singapore (the “Silken Waters / Victoria Square Account”), and the beneficial owner of the account was listed as a relative of the defendant ROGER NG.

8. Capital Place Holding Company (“Capital Place”) was a shell company incorporated in the British Virgin Islands that was owned by Co-Conspirator #1, defined below, and was controlled by both Co-Conspirator #1 and his close relative. Capital Place had a bank account at a bank in Hong Kong (the “Capital Place Account”).

III. The Criminal Scheme

A. Overview

18. 1MDB was created to pursue investment and development projects for the economic benefit of Malaysia and its people. However, between approximately 2009 and 2014, billions of dollars were misappropriated and fraudulently diverted from 1MDB through various means, in part for the purpose of paying bribes to foreign officials. The defendants JHO LOW, ROGER NG, Co-Conspirator #1 and others conspired to launder the proceeds of that criminal conduct in and through the U.S. financial system. These laundered funds were used, in among other ways, to pay bribes to obtain and retain business for Goldman, and for the personal benefit of the co-conspirators and their relatives and

associates, including, among other things, for the purchase of luxury residential real estate in the United States and artwork from an auction house in New York, New York, and the funding of major Hollywood films.

19. The defendants JHO LOW and ROGER NG, while NG was acting within the scope of his employment as an employee and agent of Goldman Sachs Group, and as a stockholder thereof acting on behalf of Goldman Sachs Group, with the intent, at least in part, to benefit Goldman, together with others, conspired to obtain and retain business from 1MDB for Goldman through the promise and payment of bribes to government officials in Malaysia and Abu Dhabi. LOW, NG, Co-Conspirator #1 and others also conspired to launder funds embezzled from 1MDB, some of which were used to pay bribes to government officials in Malaysia and Abu Dhabi, through financial systems in the United States and elsewhere. As part of the scheme, LOW, NG, Co-Conspirator #1 and others used LOW's close personal relationships with government officials in Abu Dhabi and Malaysia, including LOW's relationship with Malaysian Official #1, to obtain and retain 1MDB business for Goldman through the promise and payment of bribes to these government officials.

20. In the course of the scheme, the defendants JHO LOW and ROGER NG, Co-Conspirator #1, Co-Conspirator #4 and others obtained and retained 1MDB business for Goldman, including three bond offerings that raised a total of approximately \$6.5 billion for 1MDB in 2012 and 2013. These three bond offerings and related transactions ultimately earned Goldman approximately \$600 million in fees and revenue and resulted in NG, Co-Conspirator #1, Co-Conspirator #4 and others receiving large bonuses from Goldman and enhancing their professional reputations at Goldman.

21. Although the stated purpose of the approximately \$6.5 billion raised by the three bond transactions was to support 1MDB projects for the benefit of the Malaysian people, more than \$2.7 billion was instead misappropriated by the defendants JHO LOW and ROGER NG and others and distributed, in part, as bribes and kickbacks to government officials in Malaysia and Abu Dhabi, including 1MDB Official #1, 1MDB Official #2, 1MDB Official #3, Malaysian Official #1 and Abu Dhabi Official #1 and their families, including Co-Conspirator #3, as well as to other co-conspirators, including NG, LOW, Co-Conspirator #1 and their families.

22. In order to get the deals, the defendant ROGER NG also conspired with other employees and agents of Goldman Sachs Group, including Co-Conspirator #1 and Co-Conspirator #4, to knowingly and willfully circumvent the internal accounting controls of Goldman Sachs Group in connection with the three 1MDB bond transactions and other 1MDB business. Goldman Sachs Group's internal accounting controls were overseen and enforced by Goldman Sachs Group's compliance function (the "Compliance Group") and part of its legal department, referred to internally as the "Business Intelligence Group" (the "Intelligence Group"). These groups worked in conjunction with, and as part of, various committees in reviewing transactions, including the three 1MDB bond deals, for approval. However, the business culture at Goldman, particularly in Southeast Asia, was highly focused on consummating deals, at times prioritizing this goal ahead of the proper operation of its compliance functions.

23. The defendant ROGER NG, Co-Conspirator #1, Co-Conspirator #4 and other employees and agents of Goldman Sachs Group knew that the defendant JHO LOW played a central role in the bond transactions, including by acting as an intermediary between

Goldman, 1MDB and other Malaysian and Abu Dhabi government officials. NG, Co-Conspirator #1, Co-Conspirator #4 and other employees and agents of Goldman Sachs Group also knew that bribes had been promised to these officials to secure 1MDB business for Goldman and that NG and Co-Conspirator #1 would themselves personally profit from the deals. NG, Co-Conspirator #1, Co-Conspirator #4 and other employees and agents of Goldman Sachs Group conspired to conceal that and other information from Goldman Sachs Group's Compliance Group and Intelligence Group to prevent those groups from attempting to stop Goldman from participating in the lucrative transactions. Based on, among other things, their experience at Goldman and in the region, the willingness of co-conspirators and colleagues to assist them, the high fees that the 1MDB deals would generate for Goldman if the deals were successful, and a system of internal accounting controls at Goldman Sachs Group that could be easily circumvented, NG, Co-Conspirator #1, Co-Conspirator #4 and others believed that they would have, and they in fact did have, repeated success in concealing LOW's involvement from, and pushing these deals through, Goldman Sachs Group's control functions to obtain very lucrative business for Goldman, themselves and others.

B. The Defendant ROGER NG and Co-Conspirator #1 Began to Conspire to Circumvent Goldman Sachs Group's Internal Accounting Controls and Win Business for Goldman

24. Beginning in or around 2009, the defendant ROGER NG began to conspire with Co-Conspirator #1 and others to circumvent Goldman Sachs Group's internal accounting controls and win business for Goldman. At the time, NG and Co-Conspirator #1 were both employees and agents acting within the scope of their employment on behalf of Goldman Sachs Group, and NG as a stockholder thereof acting on behalf of Goldman Sachs

Group, with the intent, at least in part, to benefit Goldman, and they collaborated on the creation of, and potential fundraising for, TIA, while knowing that the defendant JHO LOW was an adviser for TIA. While working on this deal, NG and Co-Conspirator #1 selectively disclosed to other employees of Goldman that they were working with LOW as an intermediary to secure the deal, because they knew that disclosure more widely could have triggered steps to be taken by certain personnel within the Compliance Group and the Intelligence Group to investigate the business relationship with LOW and possibly jeopardize the deal.

25. During the course of the TIA transaction and afterwards, the defendants JHO LOW and ROGER NG conspired with Co-Conspirator #1 and others to develop business for Goldman, including with TIA's successor entity, 1MDB. Notwithstanding LOW's public denials about any involvement with 1MDB during this time, NG, Co-Conspirator #1 and other employees and agents of Goldman Sachs Group knew that LOW remained close to various 1MDB officials and government officials in Abu Dhabi and Malaysia, including Malaysian Official #1, and worked with LOW for that reason. During the course of his work with NG and Co-Conspirator #1, LOW also specifically requested that NG, Co-Conspirator #1 and others conceal his involvement in 1MDB and Goldman's business, and NG, Co-Conspirator #1 and others continued to conspire to conceal LOW's involvement in their efforts to obtain and retain 1MDB business for Goldman from the Compliance Group and the Intelligence Group.

26. Between in or around September 2009 and in or around March 2011, the defendant ROGER NG, Co-Conspirator #1 and others supported at least two attempts to make the defendant JHO LOW a formal client of Goldman. NG and Co-Conspirator #1

supported these efforts because, in part, they believed that LOW would work to deliver lucrative business deals, including from 1MDB, for the ultimate benefit of Goldman, NG, Co-Conspirator #1 and others. Ultimately, these attempts were unsuccessful because certain personnel at Goldman within the Compliance Group and the Intelligence Group refused to approve the business relationship between LOW and Goldman based, in part, on concerns that they had about the source of LOW's wealth. Personnel within the Compliance Group and the Intelligence Group communicated the rejection of LOW's application to Goldman to NG, Co-Conspirator #1 and others. Notwithstanding their knowledge about the concerns that had been raised by the Compliance Group and the Intelligence Group about LOW not being a suitable client for Goldman, NG and other employees and agents of Goldman Sachs Group, including Co-Conspirator #1, continued to conspire with LOW based upon their belief that LOW would help ensure that government officials within Malaysia, including at 1MDB, and within Abu Dhabi would deliver lucrative business deals to Goldman.

C. The Defendants JHO LOW and ROGER NG, Together with Others, Won Business for Goldman Through the Payment of Bribes and Kickbacks

27. From approximately 2012 through approximately 2014, the defendants JHO LOW and ROGER NG conspired with Co-Conspirator #1 and others with the intent, at least in part, to obtain and retain business from 1MDB for the benefit of Goldman through the promise and payment of bribes to government officials in Malaysia and Abu Dhabi using, in part, funds misappropriated and embezzled from the 1MDB bond transactions. During this time, and through the course of the scheme, LOW, NG, Co-Conspirator #1 and others laundered hundreds of millions of dollars in funds misappropriated and embezzled from 1MDB and used some of those funds to pay millions of dollars in bribes to government

officials to obtain 1MDB business for Goldman, in particular, three bond offering transactions underwritten by Goldman for 1MDB referred to as “Project Magnolia,” “Project Maximus” and “Project Catalyze.”

PROJECT MAGNOLIA

28. On or about January 23, 2012, the defendant JHO LOW sent an email to the defendant ROGER NG, Co-Conspirator #1 and a high-ranking 1MDB official to introduce NG and Co-Conspirator #1 to the high-ranking 1MDB official for purposes of discussing the purchase of an asset by 1MDB. In the email, LOW stated, “[p]lease exclude me from the e-mail list going forward.”

29. In or around early 2012, the defendants JHO LOW and ROGER NG met in Malaysia with Co-Conspirator #1, 1MDB Official #1, 1MDB Official #3 and others. The purpose of the meeting was to discuss 1MDB’s proposed purchase of a Malaysian energy company (“Malaysian Energy Company A”), and Goldman’s ability to assist in obtaining financing for the purchase, among other things. During that meeting, NG, Co-Conspirator #1 and others discussed with LOW, among other things, the type of guarantee that 1MDB needed to obtain to make the bond issuance acceptable to Goldman and ultimately agreed on the suitability of a guarantee from Foreign Agency A. NG, Co-Conspirator #1 and others understood that LOW was acting as an intermediary between 1MDB, Malaysian Official #1 and other government officials from Abu Dhabi.

30. In or around late February 2012, the defendants JHO LOW and ROGER NG, Co-Conspirator #1, 1MDB Official #3 and others met in London to discuss the proposed financing. During this meeting, LOW explained that to obtain the necessary support for the financing and the guarantee from Foreign Agency A discussed at the prior meeting with NG,

Co-Conspirator #1 and others, they would have to pay bribes to government officials in Malaysia and Abu Dhabi, including to Malaysian Official #1 and a high-ranking Abu Dhabi government official, to gain their approval for portions of the transaction. After the meeting, it was understood that Goldman would be engaged by 1MDB to act as an adviser and arrange the purchase and financing of Malaysian Energy Company A.

31. Following the February 2012 meeting, the defendant ROGER NG told Co-Conspirator #4 about the plan to pay bribes to government officials in Malaysia and Abu Dhabi. NG understood and agreed with Co-Conspirator #1, Co-Conspirator #4 and other employees and agents of Goldman Sachs Group not to disclose this information to personnel within the Compliance Group, the Intelligence Group or the committees within Goldman that would review this proposed bond issuance and other 1MDB transactions.

32. In or around March 2012, 1MDB selected Goldman to be the sole bookrunner and arranger for the \$1.75 billion bond deal, guaranteed by Foreign Agency A, and designed, in part, to pay for the acquisition of Malaysian Energy Company A. This transaction was referred to internally at Goldman as "Project Magnolia."

33. Following Goldman's formal engagement to work on Project Magnolia, the defendant ROGER NG continued to conspire with Co-Conspirator #1, Co-Conspirator #4 and others, including other employees and agents of Goldman Sachs Group, to work with the defendant JHO LOW on the transaction.

34. In or around early March 2012, the defendants JHO LOW and ROGER NG, Co-Conspirator #1, various 1MDB officials and others traveled to Abu Dhabi for meetings with officials of Foreign Agency A and Foreign Investment Firm A to discuss the guarantee for Project Magnolia. Throughout that time, NG knew that LOW arranged the

meetings with the officials of Foreign Agency A and Foreign Investment Firm A, and that some of these officials, among others, would be paid bribes by LOW, or at his direction, to influence the approval of the guarantee.

35. During this same time, in an effort to win and retain the bond deal to finance the purchase of Malaysian Energy Company A, the defendant JHO LOW also enlisted the assistance of various 1MDB officials with the promise of remuneration. For example, on or about March 8, 2012, 1MDB Official #1 and LOW discussed 1MDB's acquisition of Malaysian Energy Company A via an online chat, during which chat LOW stated he would "[g]ive [1MDB Official #1] big present" when the transaction was done. In the same chat, LOW further instructed 1MDB Official #1 to delete at least one email and other documents he had sent to 1MDB Official #1, and stated "delete from email and destroy once done." Additionally, LOW informed Co-Conspirator #1 that 1MDB Official #3 was being paid a bribe for her assistance in obtaining and retaining the bond deal.

36. The defendants JHO LOW and ROGER NG, Co-Conspirator #1 and others also knew that LOW intended to pay and cause to be paid bribes to foreign officials in Malaysia and Abu Dhabi to influence those officials to obtain the necessary approvals and any additional assistance to execute Project Magnolia for Goldman.

37. On or about May 20, 2012, Co-Conspirator #1 sent an email asking his close relative for the account details for the Capital Place Account. Co-Conspirator #1 wrote, "[b]est if they are US\$ accounts. We should also tell the bank that we will receive a transfer."

38. On or about May 21, 2012, the bond deal known as Project Magnolia closed, earning significant fees for Goldman, and resulting in large year-end bonuses paid by

Goldman to the defendant ROGER NG, Co-Conspirator #1, Co-Conspirator #4 and other employees and agents of Goldman Sachs Group who participated in obtaining and structuring the bond deal. NG and other employees and agents of Goldman Sachs Group intentionally structured Project Magnolia, and future transactions, as bond deals rather than other forms of financing because doing so generated much higher revenues and fees for Goldman, improved the bank's reputational standing in both the Southeast Asia region and globally and provided NG and other bankers with increased remuneration and professional prestige, even though the bond financing was more expensive for 1MDB.

39. Goldman transferred part of the proceeds of the Project Magnolia bond offering via wire to 1MDB's wholly-owned subsidiary from a place within the United States to and through a place outside of the United States, including through the Eastern District of New York.

40. On or about May 22, 2012, approximately \$577 million of the bond proceeds were transferred from the account of 1MDB's wholly-owned subsidiary to an account at Foreign Financial Institution A in the name of a company incorporated in the British Virgin Islands with a name similar to Foreign Investment Firm A (the "Shell Company Account #1"), but which was not in fact associated with Foreign Investment Firm A. Although the signatories on the Shell Company Account #1 were Abu Dhabi Official #1 and Co-Conspirator #2, the defendant JHO LOW and another co-conspirator controlled the Shell Company Account #1.

41. On or about May 25, 2012, approximately \$295 million was transferred via wire from the Shell Company Account #1 to an account at a foreign bank in the name of

a shell company beneficially owned and controlled by the defendant JHO LOW and a co-conspirator (the “Shell Company Account #2”).

42. Within three months of the closing of Project Magnolia, millions of dollars of bond proceeds that had been transferred to the Shell Company Account #2 were transferred into the Capital Place Account, and these funds were transferred via wire to and from the United States. Approximately \$24 million of these funds were subsequently transferred to the Silken Waters / Victoria Square Account.

43. Within one month of the closing of Project Magnolia, approximately \$133 million of the bond proceeds that had been funneled into the Shell Company Account #1 was then transferred to an account at Foreign Financial Institution A opened in the name of a company incorporated in the British Virgin Islands and beneficially owned and controlled by Co-Conspirator #3, a close relative of Malaysian Official #1 (the “Shell Company Account #3”). Between on or about June 20, 2012 and November 20, 2012, 11 wires totaling approximately \$60 million were transferred from the Shell Company Account #3 to an account at U.S. Financial Institution #1 in Los Angeles, California (the “Holding Account #1”). The Holding Account #1 was owned and controlled by U.S. Motion Picture Company #1, a U.S. legal entity owned in part by Co-Conspirator #3 whose funds, among other things, were used to assist in the production of the film “The Wolf of Wall Street.”

PROJECT MAXIMUS

44. In or about May 2012, the defendants JHO LOW and ROGER NG, Co-Conspirator #1 and others began to plan a second bond transaction, known internally at Goldman as “Project Maximus,” which was designed, in part, to raise capital for 1MDB to purchase a second Malaysian power generation company. LOW, NG, Co-Conspirator #1 and

others knew that LOW and others would and did pay bribes to influence Malaysian and Abu Dhabi officials to obtain the necessary approvals to execute the bond offering. 1MDB also awarded this bond offering, which was structured similarly to the first bond issuance, but with an indirect guarantee from Foreign Agency A to Goldman.

45. As with Project Magnolia, while the defendant ROGER NG, Co-Conspirator #1, Co-Conspirator #4 and other employees and agents of Goldman Sachs Group continued to work with the defendant JHO LOW to acquire this business for Goldman and to execute the second bond issuance, they concealed LOW's involvement in the transaction from the Compliance Group and the Intelligence Group at Goldman for the same reasons that they concealed his involvement with Project Magnolia.

46. The defendants JHO LOW and ROGER NG, Co-Conspirator #1 and others knew that a large portion of the proceeds of Project Maximus would be illegally diverted to themselves and others, including foreign government officials, through shell companies beneficially owned and controlled by themselves and others. NG knew at the time that Malaysian Official #1, Abu Dhabi government officials and 1MDB officials, among others, would receive money from the proceeds of Project Maximus that passed through bank accounts of various shell companies beneficially owned and controlled by LOW and others, including Co-Conspirator #1 and his close relative, to influence those officials to execute the bond with Goldman. In fact, NG provided direction to Co-Conspirator #1's close relative regarding the transfer of some of these funds. Abu Dhabi Official #1 and Co-Conspirator #3, among others, received some of the funds traceable to the Project Maximus bond issuance.

47. Project Maximus closed on or about October 17, 2012, raising approximately \$1.75 billion for a 1MDB wholly-owned subsidiary, and resulting in substantial revenues and other fees for Goldman. Goldman transferred part of the proceeds of Project Maximus via wire to the subsidiary of 1MDB from a place within the United States to and through a place outside of the United States, including through the Eastern District of New York. Thereafter, some of the proceeds from the bond offering were diverted and transferred via wire to a place in the United States from and through a place outside of the United States, and from a place in the United States to and through a place outside of the United States, including through the Eastern District of New York.

48. On or about October 19, 2012, two days after Project Maximus closed, approximately \$790 million of the proceeds of the bond was transferred to and through a series of shell company accounts beneficially owned and controlled by the defendant JHO LOW and a co-conspirator. Some of these funds were later transferred to the Capital Place Account and the accounts of Malaysian and Abu Dhabi officials, including various 1MDB officials.

49. Within one week of Project Maximus closing, approximately \$60 million of the bond proceeds was transferred to the Shell Company Account #3. On or about November 14, 2012, an additional approximately \$45 million of bond proceeds was transferred to the Shell Company Account #3. Within approximately one day of the November 14, 2012 transfer, approximately \$35.8 million was transferred from the Shell Company Account #3 to an account owned and controlled by U.S. Law Firm #1 based in New York, New York (the "U.S. Law Firm Account #1"). Nearly all of these funds were then transferred approximately four days later to an account owned and controlled by U.S.

Law Firm #2 based in New York, New York (the “U.S. Law Firm Account #2”). These funds were used by Co-Conspirator #3 to acquire a condominium in New York, New York that was beneficially owned by the defendant JHO LOW.

50. Between on or about May 29, 2012 and November 30, 2012, the defendant JHO LOW and others also caused the transfers via wire of approximately \$472,750,000 traceable to the Project Magnolia and Project Maximus bond proceeds from the Shell Company Account #2 to an account at Foreign Financial Institution B in the name of a company beneficially owned by Abu Dhabi Official #1 (the “Shell Company Account #4”).

51. Between on or about May 29, 2012 and December 3, 2012, the defendant JHO LOW and others also transferred via wire approximately \$55 million traceable to the Project Magnolia and Project Maximus bond proceeds from Shell Company Account #2 to the account of a company at Foreign Financial Institution C beneficially owned and controlled by Co-Conspirator #2 and a close relative of Co-Conspirator #2 (the “Shell Company Account #5”).

52. The defendant ROGER NG knew that some of the bond proceeds from Project Maximus were transferred by the defendant JHO LOW or at his request to Capital Place Account in furtherance of the scheme. Thereafter, LOW, Co-Conspirator #1 and others caused some of these funds to be transferred to the accounts of 1MDB officials or relatives of such officials, or to the accounts of shell companies beneficially owned and controlled by 1MDB officials, including 1MDB Official #1 and 1MDB Official #2, in exchange for their assistance in obtaining and retaining business for Goldman.

PROJECT CATALYZE

53. In or about November 2012, despite having raised over \$3 billion in the prior 11 months, 1MDB sought to raise an additional \$3 billion through a third bond issuance known internally at Goldman as “Project Catalyze.” This bond issuance was purportedly designed to fund 1MDB’s portion of a joint venture with Foreign Investment Firm A. Goldman was engaged on the project in or around early 2013 and again secured substantial revenues and fees from the deal.

54. As they had with the two prior 1MDB bond issuances, the defendant ROGER NG, Co-Conspirator #1 and other employees and agents of Goldman Sachs Group continued to work with the defendant JHO LOW as an intermediary between Goldman, 1MDB officials, Malaysian Official #1 and other foreign government officials, and they continued to conceal this fact from the Compliance Group, the Intelligence Group and committees at Goldman Sachs Group. Further, although required by internal policies of Goldman Sachs Group, the defendant ROGER NG failed to disclose that he and Co-Conspirator #1 had received a portion of the funds diverted from the prior bond transactions through LOW and that LOW, NG, Co-Conspirator #1 and others had caused bribes and kickbacks to be paid to 1MDB officials and others who were involved in the transactions.

55. The Project Catalyze bond issued on or about March 19, 2013. By or at the direction of the defendant JHO LOW, some of the approximately \$3 billion raised by this bond issuance was transferred to and through a series of transactions to the Capital Place Account. These misappropriated and embezzled funds were transferred via wire to a place in the United States from and through a place outside of the United States, and from a place in the United States to and through a place outside of the United States. Some of these funds

were further transferred via wire to accounts in the name of entities beneficially owned and controlled by 1MDB officials, including 1MDB Official #2 and 1MDB Official #3. In or about September 2013, more than \$4 million of these funds were also transferred via wire from the Capital Place Account to the Silken Waters / Victoria Square Account. At or around the same time, approximately \$6.5 million was transferred from an account in the name of Co-Conspirator #1's close relative to the Silken Waters / Victoria Square Account.

56. Within seven days of Project Catalyze closing, the defendant JHO LOW and other co-conspirators caused the transfers via wire of approximately \$1.2 billion in funds traceable to Project Catalyze to a bank account at Foreign Financial Institution D in the name of another shell company (the "Shell Company Account #6"). Within two months of the closing of Project Catalyze, LOW caused a client account to be opened in the name of that shell company ("Shell Company #6") at Art Auction House #1, an auctioneer of high-end artworks based in New York, New York. In approximately May 2013, at auctions held at Art Auction House #1 in New York, New York, LOW acquired five works of art for approximately \$58.3 million in the name of Shell Company #6. The following month, LOW caused approximately \$58.3 million in funds traceable to Project Catalyze to be transferred from the Shell Company Account #6 to Art Auction House #1 to purchase the artworks. Between on or about July 3, 2013 and September 9, 2013, additional funds traceable to Project Catalyze totaling approximately \$79 million were transferred from the Shell Company Account #6 to Art Auction House #1 to acquire additional artworks.

57. Following the closing of Project Catalyze, the defendant ROGER NG, Co-Conspirator #1 and Goldman sought to obtain and worked to execute several additional transactions with 1MDB, particularly focusing on a proposed initial public offering ("IPO") of

1MDB's energy assets ("1MDB Energy"). Throughout the time period of these additional transactions, the defendant JHO LOW and others, including Co-Conspirator #1, continued to pay bribes and kickbacks to certain Malaysian and 1MDB officials and others, including from the proceeds of the Project Catalyze bond and other 1MDB transactions, to influence those officials to award a role for Goldman in the IPO.

58. On or about June 2, 2014, Co-Conspirator #1 and the defendant JHO LOW discussed, via electronic chat, efforts to win a position for Goldman in the 1MDB Energy IPO, including the need to "suck up to" 1MDB Official #2 and to send "cakes," referring to bribes, to "madam boss." In prior email correspondence, the defendant ROGER NG, LOW and Co-Conspirator #1 referred to the wife of Malaysian Official #1 as "the Madam." LOW asked Co-Conspirator #1 if he could transfer money from an account for a shell company LOW controlled directly into the account of another company incorporated in the British Virgin Islands and beneficially owned and controlled by Co-Conspirator #1 and his close relative (the "Management Company #1 Account") so that Co-Conspirator #1 could "settle madam cakes 2."

59. The defendant ROGER NG continued his personal relationship with Co-Conspirator #1 after NG's departure from Goldman, and continued to work with Co-Conspirator #1 on other business ventures.
